CLEANING RECOMMENDATIONS

Any bathroom product should not be cleaned with abrasive materials eg. steel wool/scourers. Do not use any corrosive or abrasive cleaning agents containing acids or scouring agents. Bleaches can also discolour products and therefore should not be used. Damage caused by any improper treatment is not covered by the product warranty - refer to Warranty Conditions on the next page.

Disclaimer: Products in this specification manual must by regulation be installed by licensed and registered trade people. The manufacturer/distributor reserves the right to vary specifications or delete models from their range without prior notification. Dimensions and set-outs listed are correct at time of publication however the manufacturer/distributor takes no responsibility for printing errors.

LURE FREESTANDING OVAL BATH

INSTALLATION INFORMATION

Note: Assemble bath on a mat to protect against damage to bath surface.

This product requires a two person lift.

This installation guide does not include details of waste connection; final decision about installation of waste connection should be taken by a suitably qualified person.

1. Ensure legs are adjusted in line with the base of the bath.

2. Check that bath sits flat; if required adjust legs to compensate for floor level.

3. Ensure waste connection is set in position. Placing the bath in position, pencil the outline. Connect waste and test for any leakages and drainage.

4. Using the appropriate silicone for the surface type, apply a thick bead of silicone within the bath outline.

5. Set bath in final position and leave to set for at least 24 hours.

Note:

- Suggested skirted bath installation method (other methods may be adopted pending the type of installation).
- Smart pan adaptor will allow for a range of 200mm flexible area of installation.
