

WOLFEN™

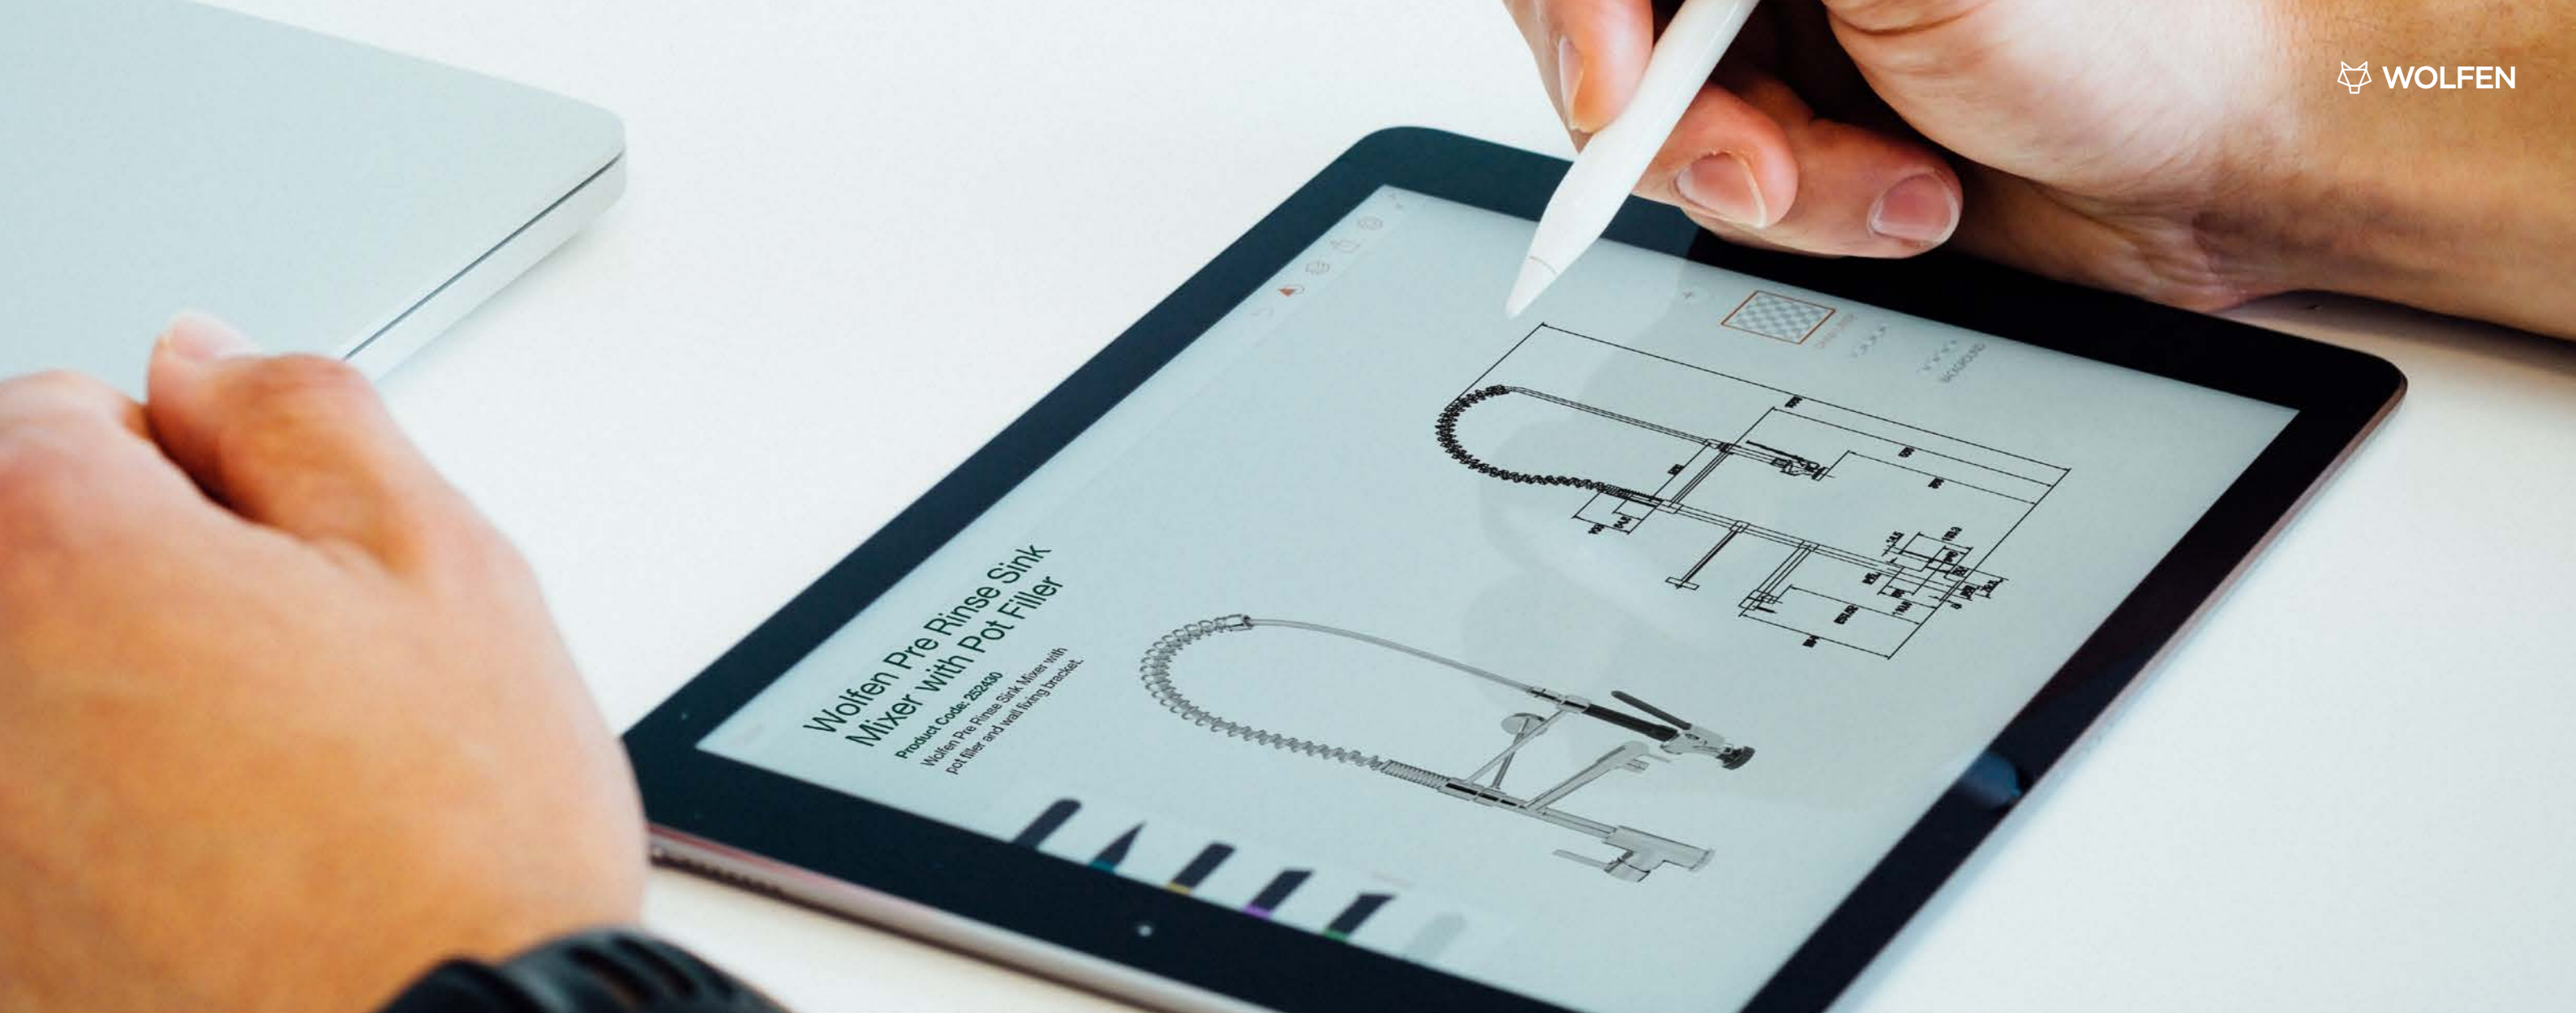

**High Performance
Commercial Solutions**

Product Guide

Stainless Steel Tapware	6	Toilet Suites	80
Wolfen S/S Basin Mixers	8	Close Coupled Back to Wall Ambulant Toilet Suite	82
Wolfen S/S Shower Mixer	10	Ambulant Back to Wall Toilet Pan	84
Wolfen S/S Sink Mixers	12	Ambulant Plastic Link Toilet Suite	86
Electronic and Sensor Operated Tapware	14	Care Plastic Link Toilet Suite	88
Sensor Operated Gooseneck Tap with LED Option	16	Care Plastic Link Toilet Suite with Backrest	90
Sensor Operated Gooseneck with 6V Battery Power	18	Close Coupled Back to Wall 800 Toilet Suite	92
Electronic Foot Pedal Operated Tap	20	Close Coupled Back to Wall 800 Toilet Suite with Backrest	94
Wall Mounted Outlet with Plate and Wave-On Sensor	22	Back to Wall Inwall 800 Toilet Suite	96
Hob Mounted Sensor Tap with Internal Solenoid	24	Back to Wall Inwall 800 Toilet Pan with Backrest	98
Timed Flow Tapware	26	Basins	100
Timed Flow Pillar Tap	28	400 Wall Basin	102
Timed Flow Bib Tap 65mm	30	500 Wall Basin	104
Timed Flow Bib Tap 95mm	32	600 Wall Basin	106
Timed Flow Lever Bib Tap 65mm and 95mm	34	Wall Basin with Right Hand Shelf	108
Timed Flow Basin Tap	36	Wall Basin with Left Hand Shelf	110
Timed Flow Lever Basin Tap	38	Hand Basins	112
Timed Flow Mixer Tap	40	Slimline Hand Basin	114
Bubblers	42	Sinks	116
122° Wall Bubbler	44	Cleaner's Sink with Grate	118
90° Wall Bubbler	46	Wolfen Bucket Trap Sink Waste	120
Hob Bubbler	48	Accessories	122
Remote Button Bubbler	50	Slimline Hand Dryer	124
Sensor Drinking Fountain	52	Paper Towel Dispenser	126
Sensor Drinking Fountain and Glass Filler	54	Jumbo Toilet Paper Dispenser	128
Foot And Knee Operated Tapware	56	Soap Dispenser	130
Foot Operated Pedal Valve	58	Sensor Soap Dispenser	132
Knee Operated Valve	60	Toilet Roll Holders	134
Foot Operated Kit with Outlet	62	Utility Shelf	136
Knee Operated Kit with Outlet	64	Robe Hook	138
Food Preparation Tapware	66	Wall Mounted Support Arms	140
Compact Pre Rinse Sink Mixer with Pot Filler	68	Folding Shower Seat 600mm	142
Compact Pre Rinse Sink Mixer with Pot Filler Stainless Steel	70	Folding Shower Seat 960mm	144
Pre Rinse Sink Mixer with Pot Filler	72	Safety Equipment	146
Pre Rinse Sink Mixer with Pot Filler Stainless Steel	74	Freestanding Safety Shower with Eye Wash	148
Trigger Spray Assembly with Stop Tap	76	Freestanding Safety Shower with Eye Wash and Pedal	150
Slophopper Assembly with Wall Bracket	78	Freestanding Safety Shower	152
		Ceiling Mounted Safety Drench Shower	154
		Wall Mounted Safety Drench Shower	156
		Free Standing Eye Wash	158
		Free Standing Eye Wash with Foot Pedal	160
		Wall Mounted Eye Wash	162

Engineered for the most demanding commercial applications, Wolfen products are made to perform - all day, everyday. Our innovative range is designed around the needs of users operating in specific environments, including Hospitals & Health Care, Education, Hospitality, Public Spaces and Sports & Leisure venues.

Our meticulous manufacturing approach ensures that all our solutions work as good as they look. Combining strength, precision and reliability, Wolfen delivers total peace of mind. That's the Wolfen difference.

When we set out to create a Wolfen product, it starts with a commitment to finding the most durable and functional materials available. We then combine these with leading technologies from all over the world. Every element is seamlessly integrated to perform in the environment it will operate in. Wolfen understands the unique challenges of each industry segment and we create solutions with an absolute commitment to quality and long-life performance.

Designed to perform, built to last.

Wolfen products have been designed to perform at the very highest of standards through innovative and robust functionality. Combining attention to detail with superior materials, Wolfen has engineered a range of products that are reliable, functional and intelligent.

The best in our industry, for your industry

Wolfen offers innovative solutions for a wide array of commercial and industrial applications spanning health care, disability, councils, aged care, public recreation, sporting facilities and education institutions as well as commercial food premises and hospitality. These industries require the reliability, durability and simplicity that is inherent in all Wolfen products.

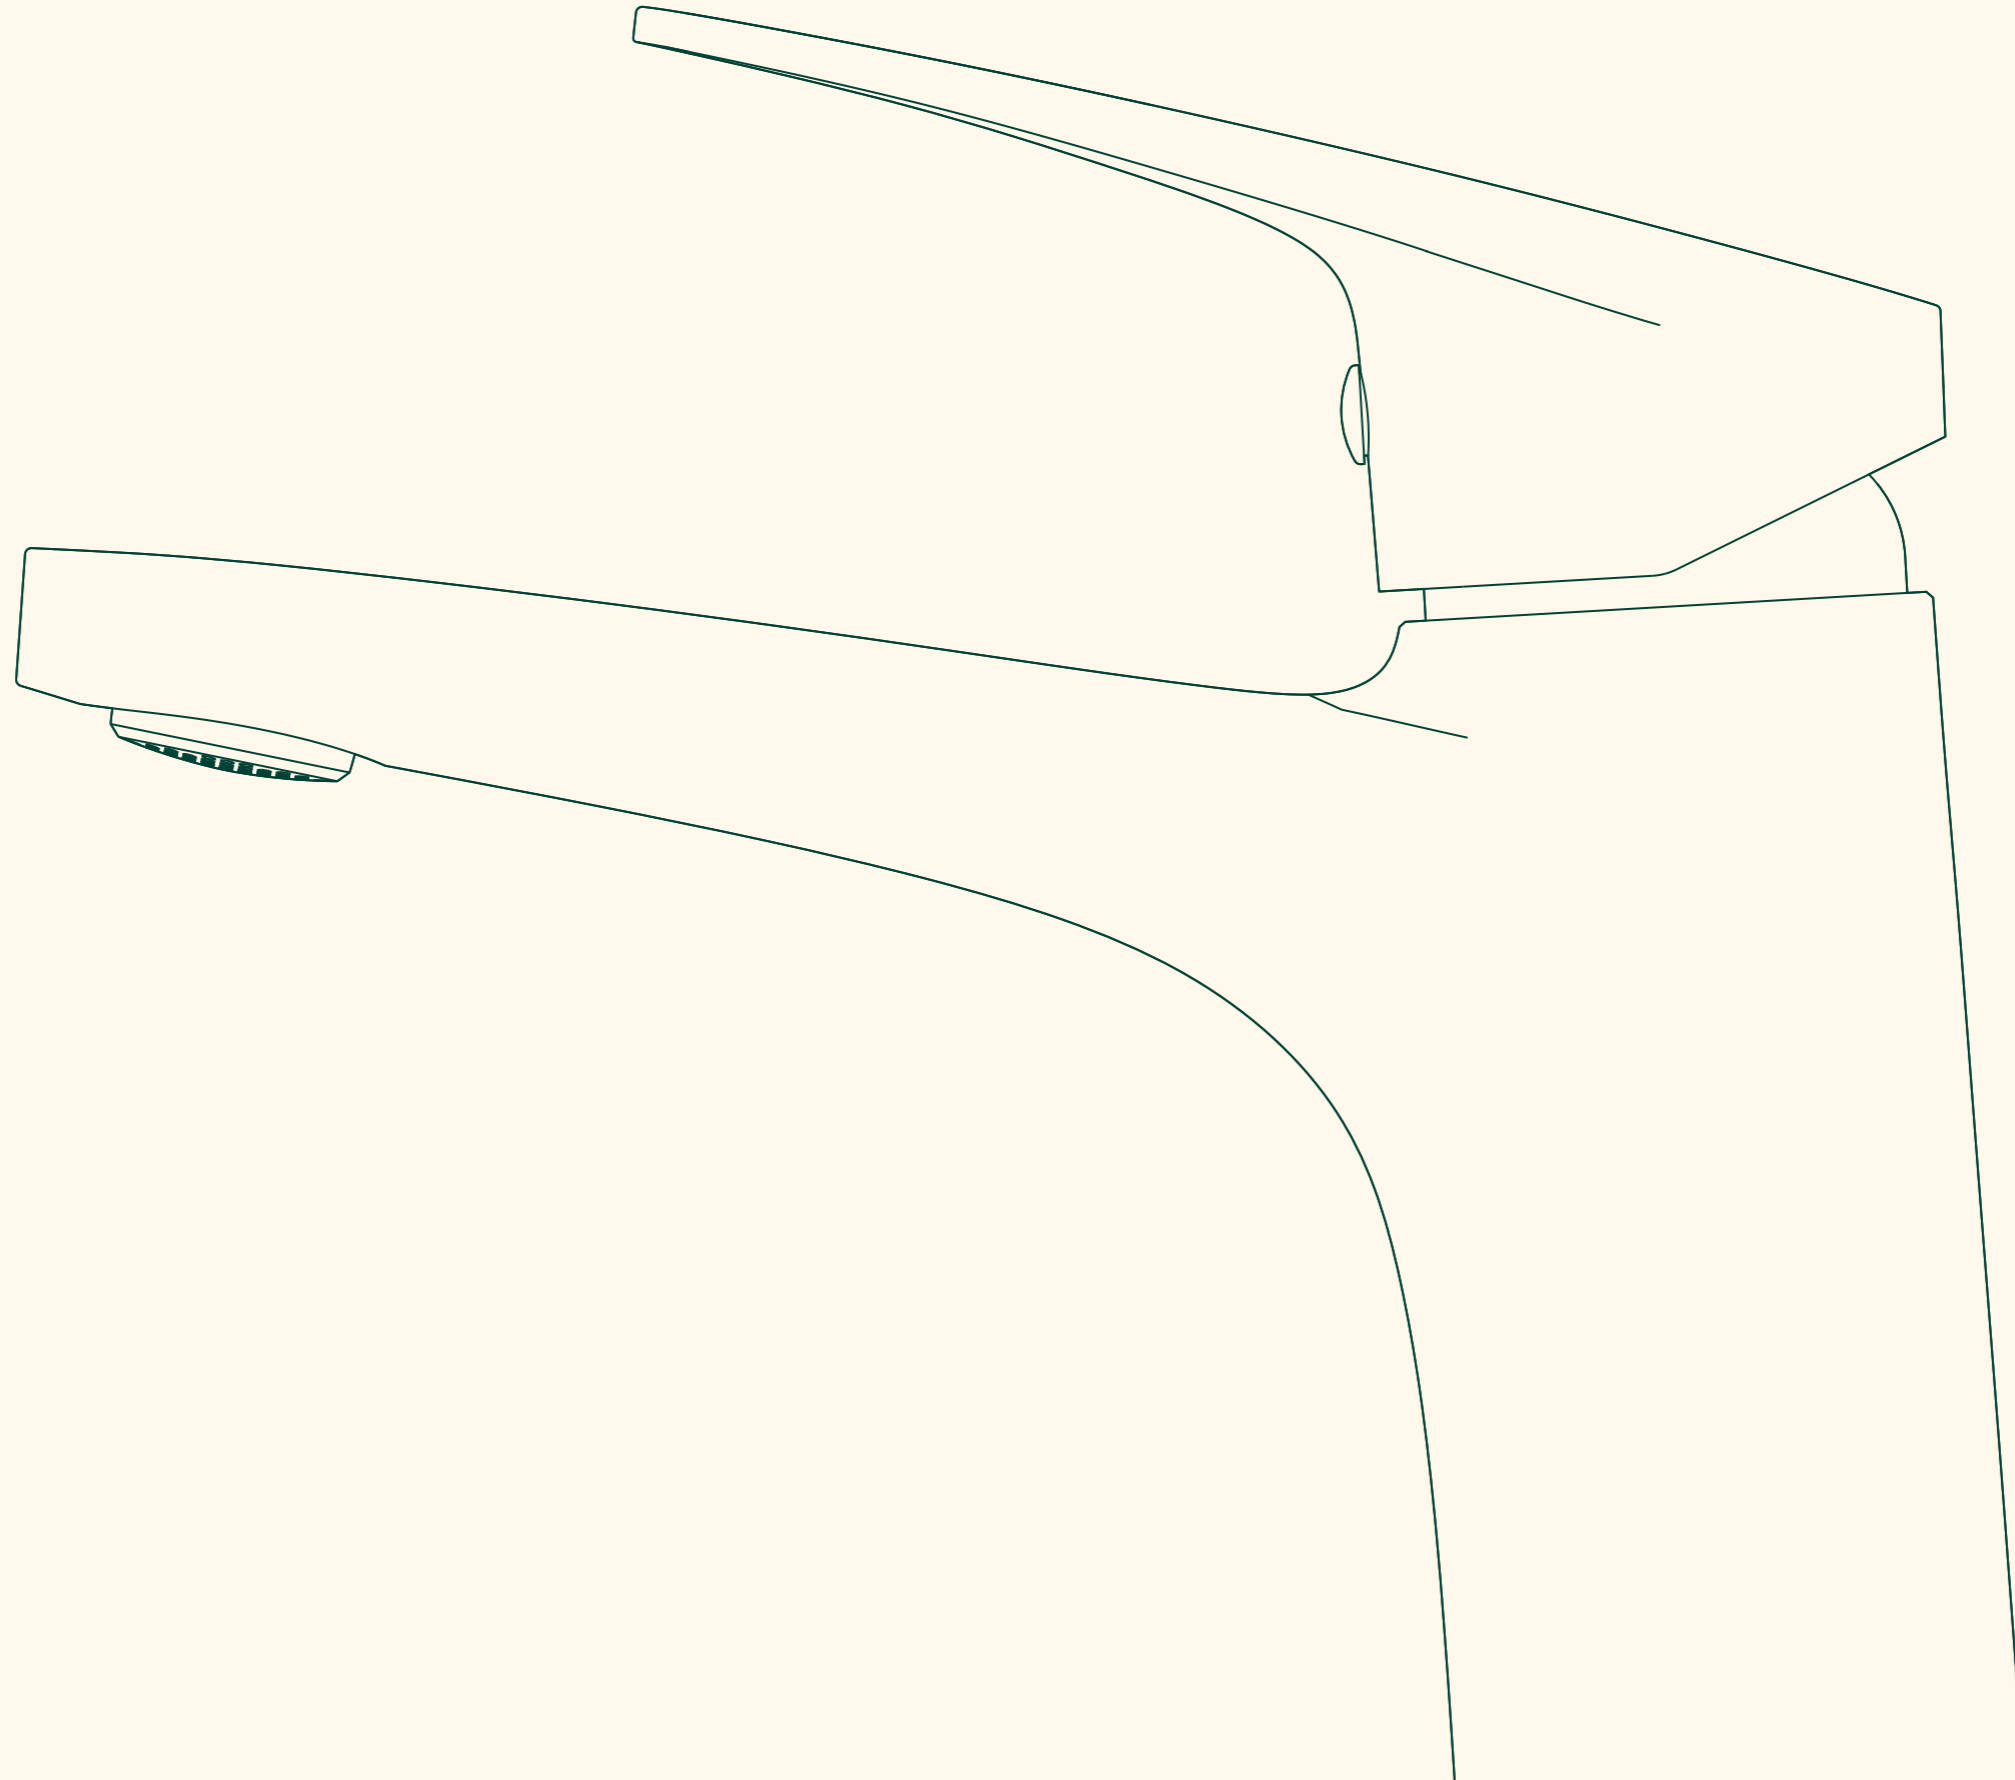

Confidently backed, readily supplied

Wolfen offers industry leading warranties throughout the entire range, giving you confidence that our products are truly built to last. Backed by the Reece network, Wolfen products are available from any branch as either a stock item or ordered in from a national network of distribution centres.

Stainless Steel Tapware

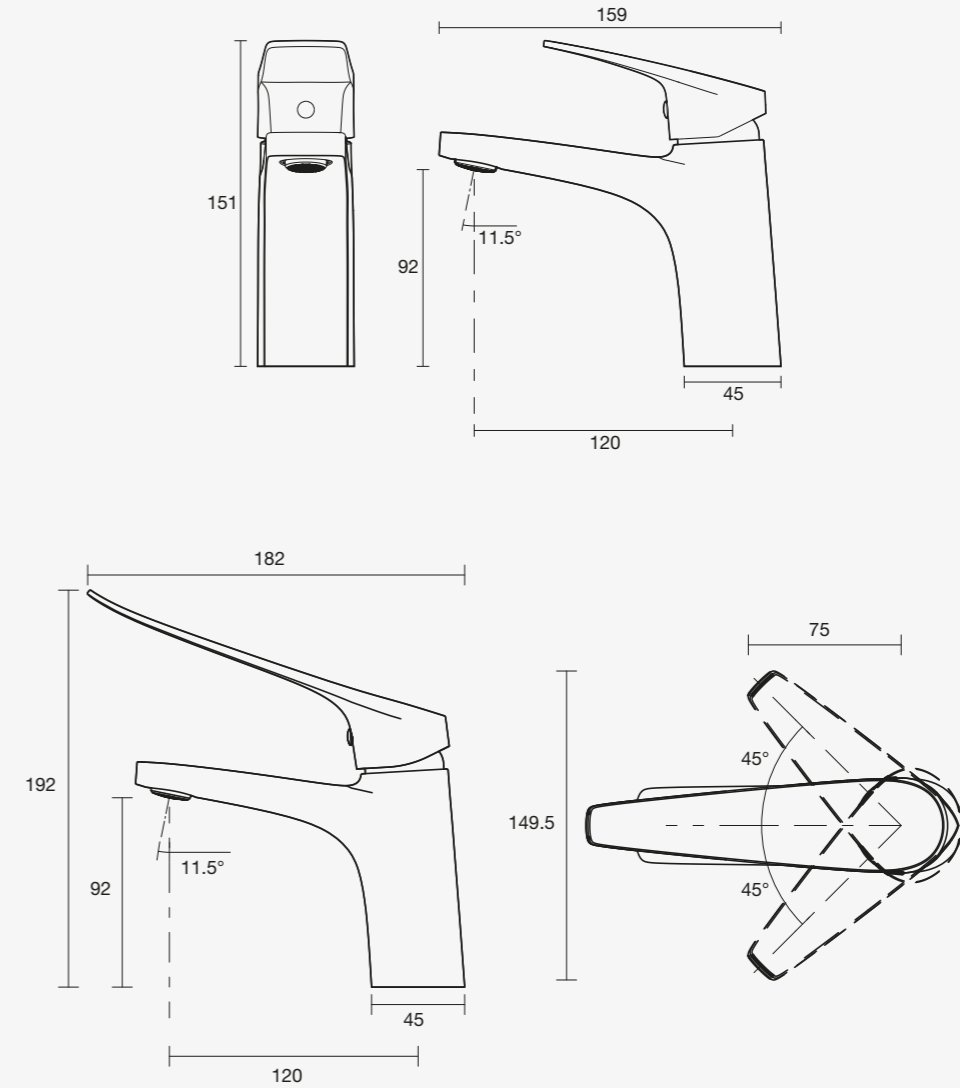

Engineered for long-lasting performance in demanding commercial spaces, Wolfen's Stainless Steel tapware range combines sleek stainless-steel design with dependable, everyday ease of use.

Wolfen S/S Basin Mixers

Product Code: 2218299
Wolfen S/S Basin Mixer

Product Code: 2218302
Wolfen S/S Basin Mixer Ext Lever 170mm

Commercial Applications

Commercial Kitchens

Education

Hospital and Health Care

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

304 Grade Stainless Steel

Corrosion resistance for durability

Anti-vandal features

Vandal proof aerator

Usage features

Red and blue coloured temperature indicators

Installation and servicing

Can be installed to meet AS1428 and NDIS compliance

Retrofittable

Technical Information

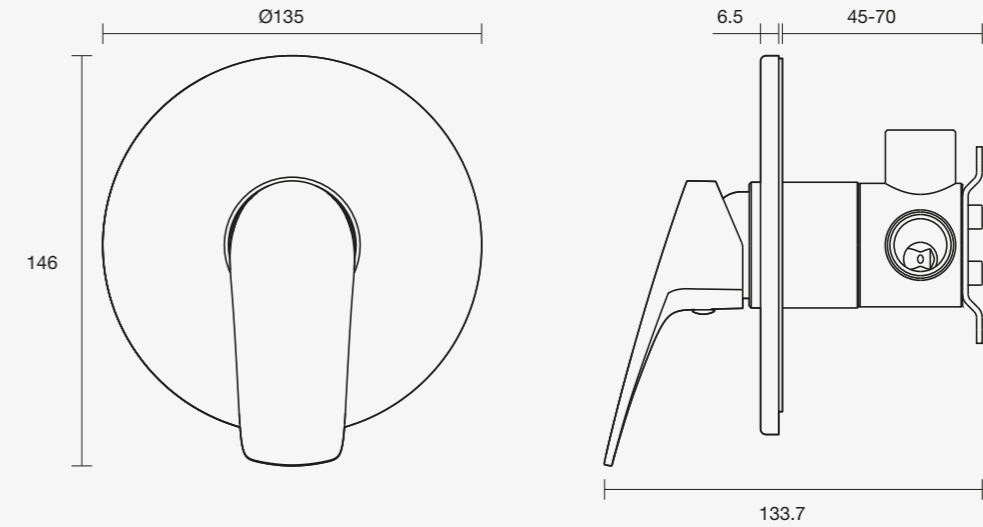

Colour	Stainless Steel
Finish	Brushed
Material	304 Stainless Steel
Cartridge Type	Ceramic Disc Cartridge
Min Continuous Working Pressure	150kPa
Max Continuous Working Pressure	500kPa
Min Continuous Working Temperature	5 Deg C
Max Continuous Working Temperature	65 Deg C
Reach	120mm
Clearance	92mm
Water Consumption	5.2L/Min
Product Warranty	25 years

Suitable for high pressure applications (minimum 150 kPa)

Wolfen S/S Shower Mixer

Product Code: 2218301
Wolfen S/S Shower Mixer

Commercial Applications

Commercial Kitchens

Education

Hospital and Health Care

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

304 Grade Stainless Steel

Corrosion resistance for durability

Usage features

Red and blue coloured temperature indicators

Installation and servicing

Can be installed to meet AS1428 and NDIS compliance

Retrofittable

Technical Information

Colour	Stainless Steel
Finish	Brushed
Material	304 Stainless Steel
Cartridge Type	Ceramic Disc Cartridge
Product Warranty	25 years

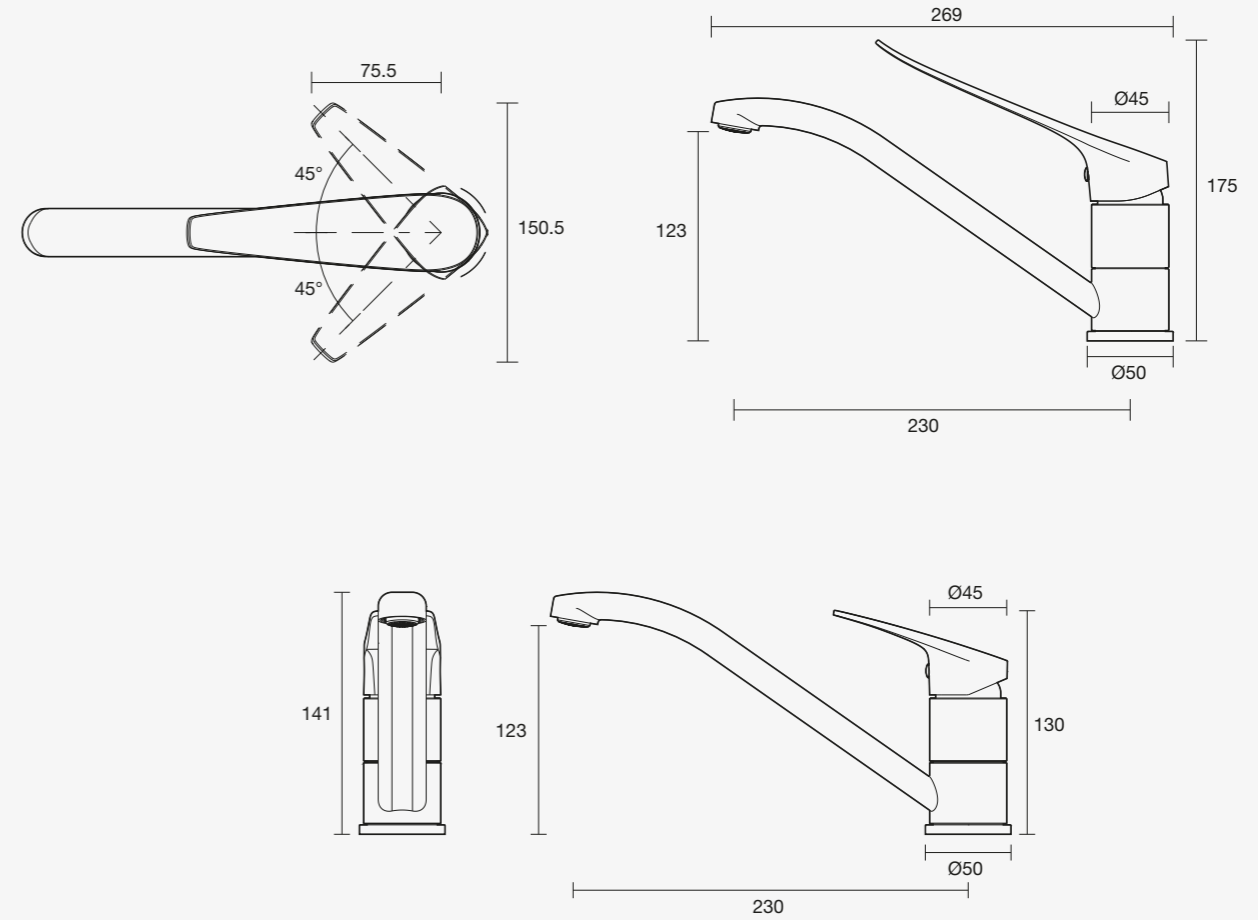

Suitable for high pressure applications (minimum 150 kPa)

Wolfen S/S Sink Mixers

Product Code: 2218300
Wolfen S/S Sink Mixer

Product Code: 2218303
Wolfen S/S Sink MIX Ext Lever 170mm

Commercial Applications

Commercial Kitchens

Education

Hospital and Health Care

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

304 Grade Stainless Steel

Corrosion resistance for durability

Usage features

Red and blue coloured temperature indicators

Installation and servicing

Can be installed to meet AS1428 and NDIS compliance

Retrofittable

Technical Information

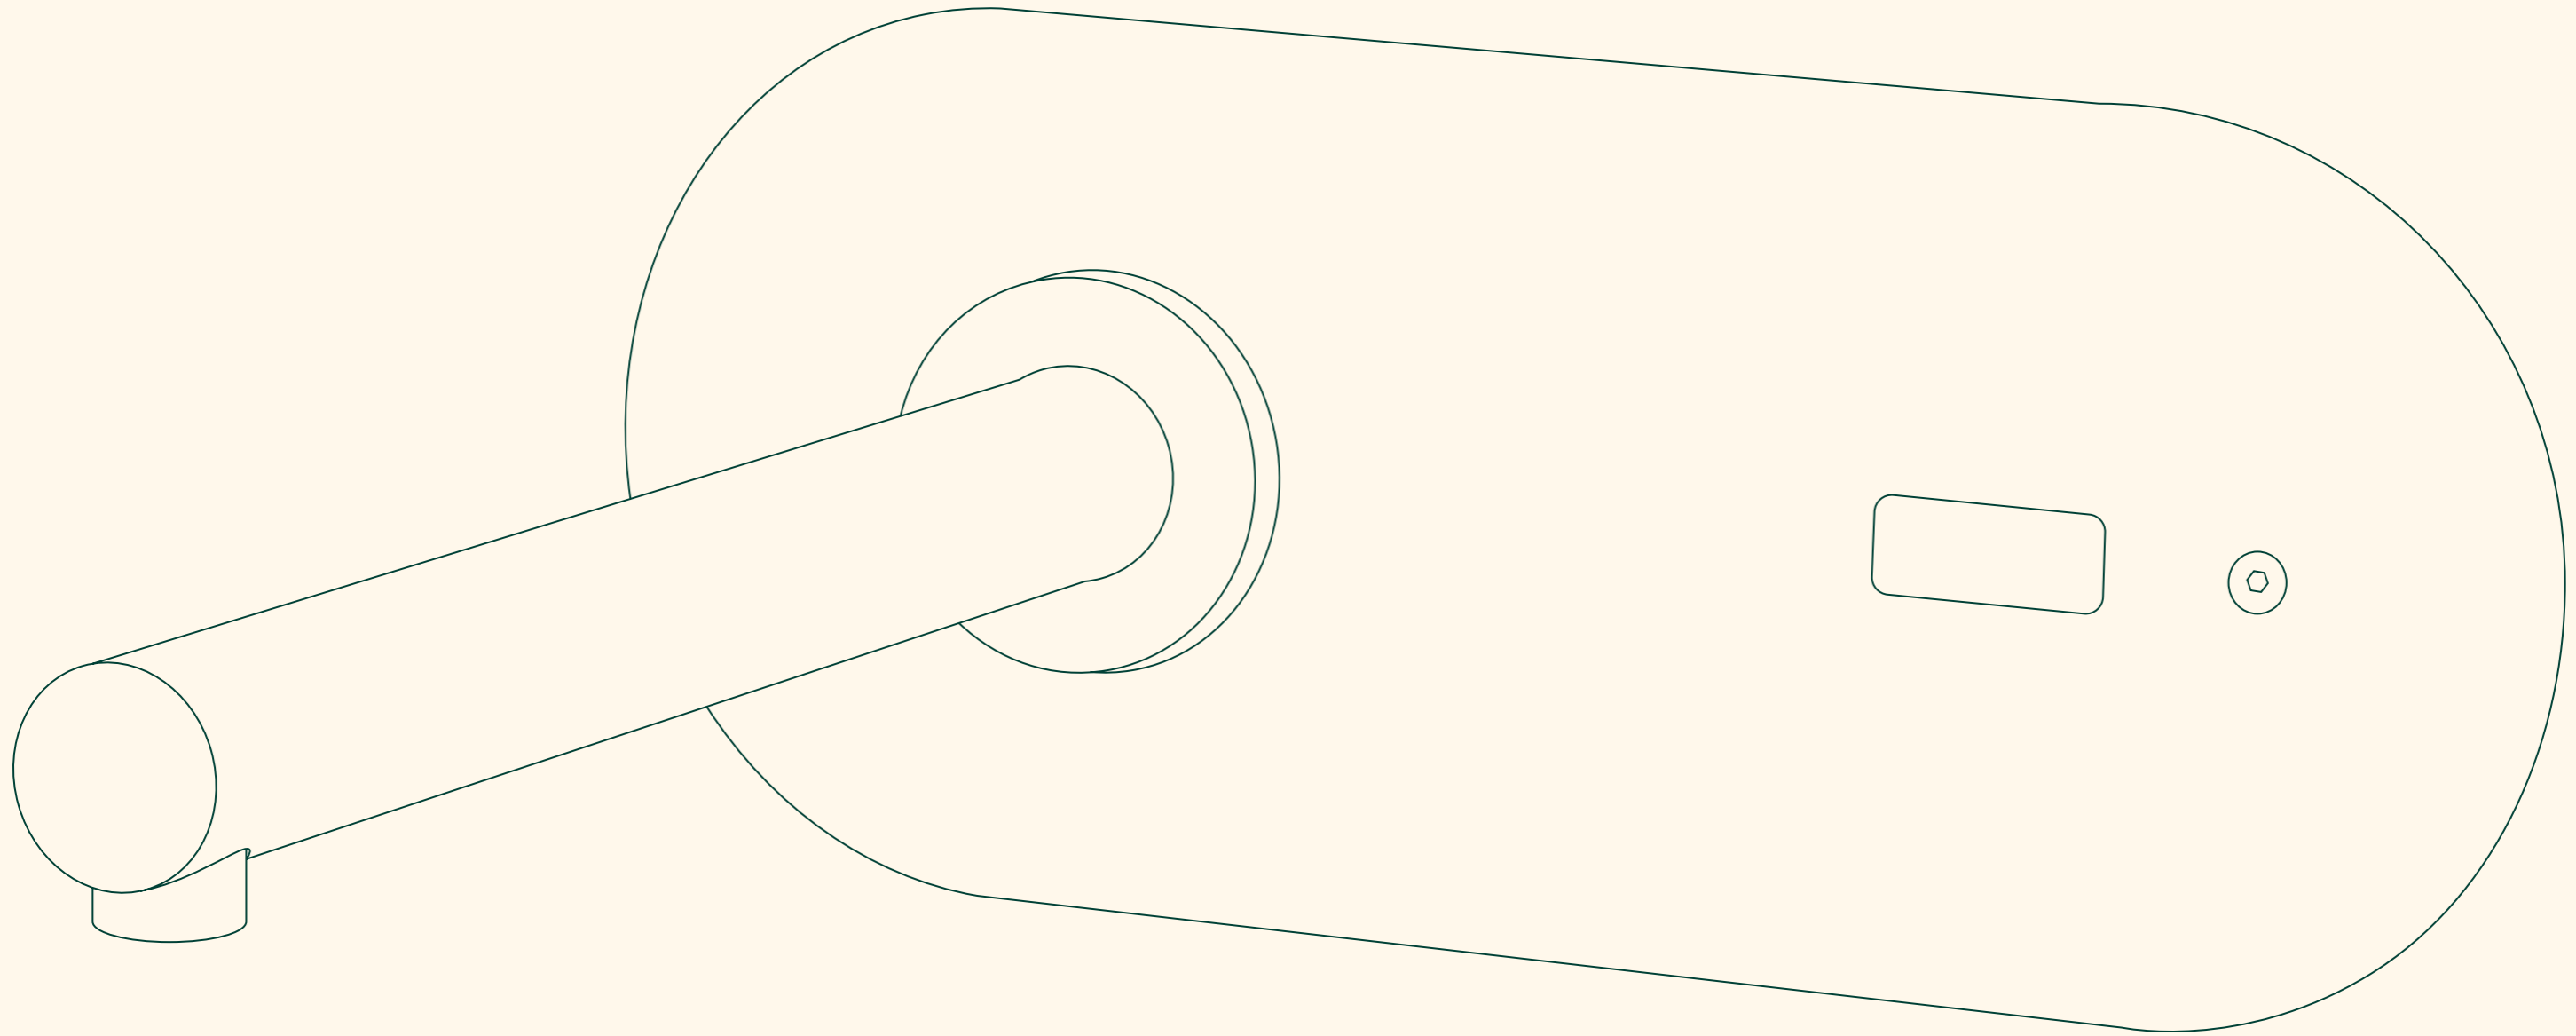

Colour	Stainless Steel
Finish	Brushed
Material	304 Stainless Steel
Cartridge Type	Ceramic Disc Cartridge
Min Continuous Working Pressure	150kPa
Max Continuous Working Pressure	500kPa
Min Continuous Working Temperature	5 Deg C
Max Continuous Working Temperature	65 Deg C
Reach	230mm
Clearance	123mm
Water Consumption	3.6L/Min
Product Warranty	25 years

Suitable for high pressure applications (minimum 150 kPa)

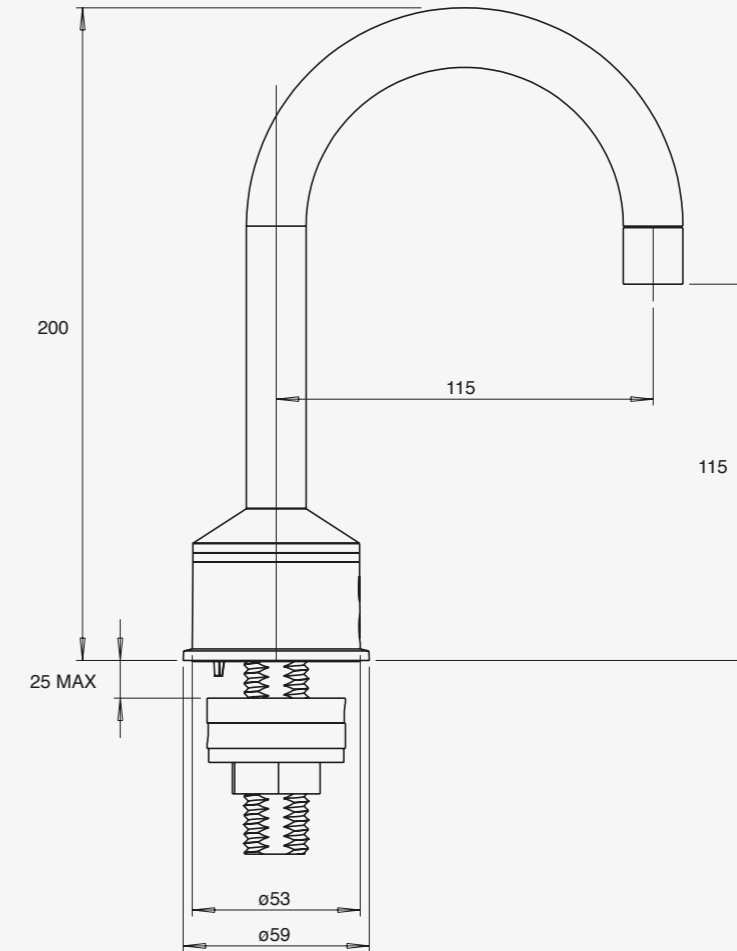

Electronic and Sensor Operated Tapware

Intelligently designed, relentlessly tested and robustly engineered, Wolfen's electronic and sensor operated tapware is the ultimate solution for ease of use and functionality.

Sensor Operated Gooseneck Tap with LED Option

Product Code: 24390
Sensor Gooseneck Tap with Sensor Range Adjustment LF

Commercial Applications

Aged Care

Commercial Kitchens

Hospital and Health Care

Features and Benefits

Infection control features

- Touch-free operation
- LED option available

Commercial durability

- Waterproof electronics
- Protective shield to prevent cable damage

Installation and servicing

- Fixed 1/2" BSP thread provides a fast and stable installation point
- Integrated dress ring creates a larger mounting platform
- Easy side access sensor range adjustment
- Light indicator on power pack self diagnoses effective power supply to unit

Usage features

- Reflection proof sensor prevents false triggering

Anti-vandal features

- Aerator cannot be easily unscrewed

Technical Information

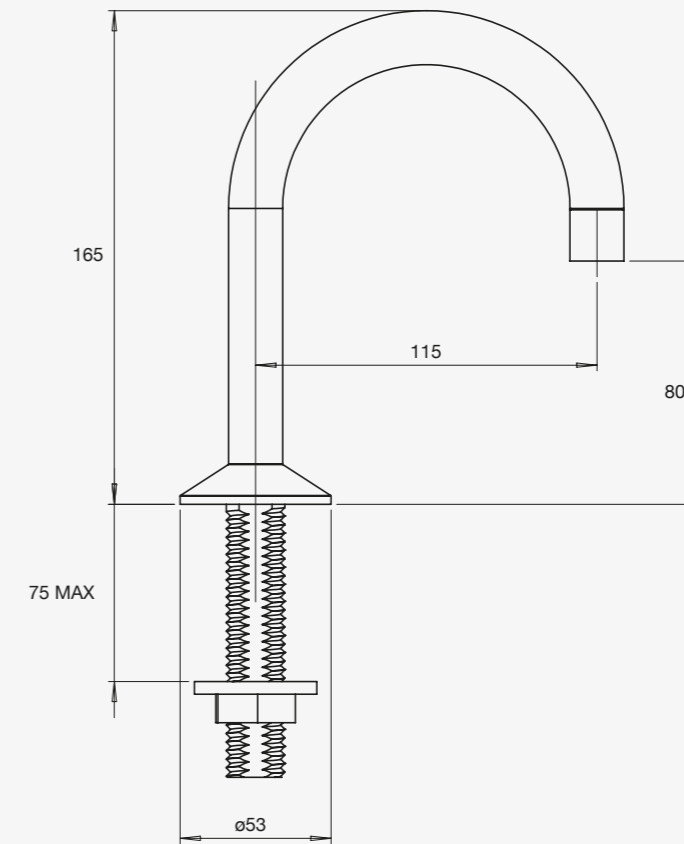

Colour	Chrome
Finish	Polished
Material	Brass
Power Supply	240 V AC
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Sensor Operated Gooseneck with 6V Battery Power

Product Code: 24392
Sensor Gooseneck Tap with LED Light and Sensor Range Adjustment LF

Commercial Applications

Aged Care

Commercial Kitchens

Hospital and Health Care

Features and Benefits

Infection control features

Touch-free operation

Commercial durability

Solid chrome plated brass construction

Solenoid incorporates two stage water strainers

Waterproof electronics

Usage Features

Self-ranging and user-settable range Infra-Red sensor

Continuous battery condition monitoring

Low battery condition warning LED

Tap is disabled automatically when battery life is finished

Water flow rate 6.5 L/minute 5* rated

Technical Information

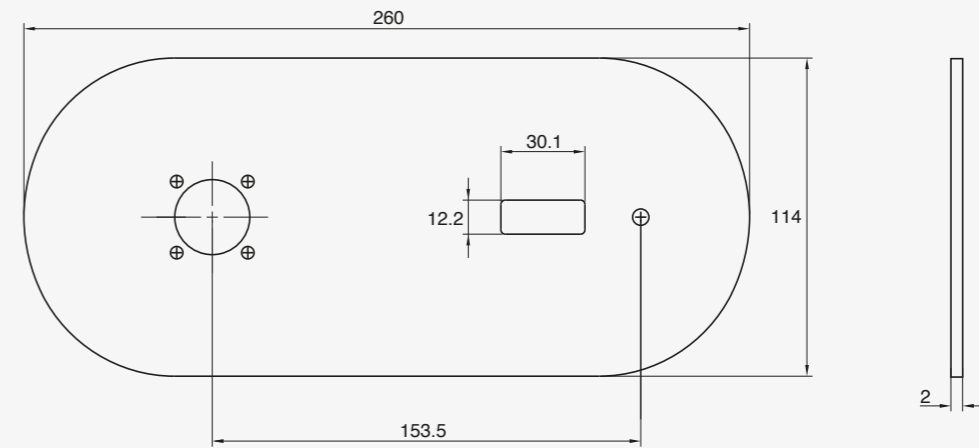

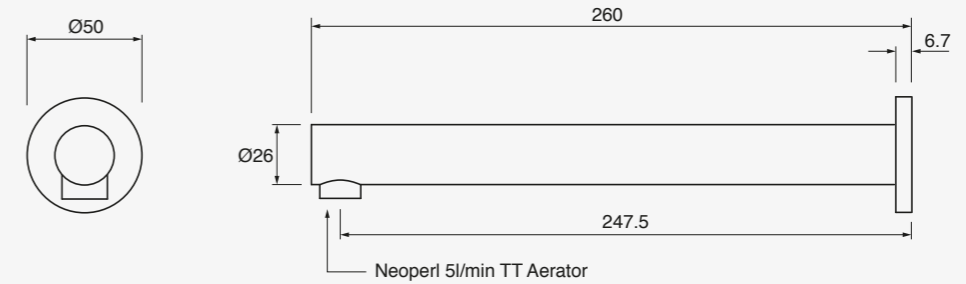

Colour	Chrome
Material	Brass
Finish	Polished
Power supply	6 V Battery Module
Battery Life	*Approx. 4 Years
Operating pressure	500 kPa
Static Inlet Pressure	150–190 kPa
Sensor Range	40–300 mm

Suitable for high pressure applications (minimum 150 kPa)

Wall Mounted Outlet with Plate and Wave-On Sensor

Product Code: 32301
Wall Mounted Sensor Tap with Wall Plate and Outlet LF

Commercial Applications

Public Places

Features and Benefits

Commercial durability

12V mains power via plug-pack power supply

Low consumption in standby

Solenoid cartridge has integrated stainless steel strainer

Water resistant gold-plated cable pluggable connectors

Brushed 260 mm stainless steel spout and cover plate

Program adjustability via optional remote control

Auto line flush when unit has not been used for 24hrs

Installation and servicing

Plug pack transformer with 4.8m cable

Modular components allow easy maintenance and changeover

Quick connect moulded electrical plugs

Plate can be removed without disassembling spout

Everything except transformer is contained within a pre-assembled in-wall installation box

Only 70 mm wall cavity required

Integrated maintenance shut-off valve

Adjustable mounting brackets included

Usage features

Quick and easy program adjustment via optional remote control

Features an automated water shut-off function

Tap can be set up to fill a bath tub

Anti-vandal features

Vandal resistant wall mounted components

Technical Information

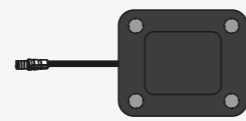

Colour	Stainless Steel
Finish	Brushed
Material	Stainless Steel
Max Continuous Working Pressure	150 kPa
Min Continuous Working Temperature	500 kPa
Max Continuous Working Temperature	70° C
Max Static Pressure	800 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

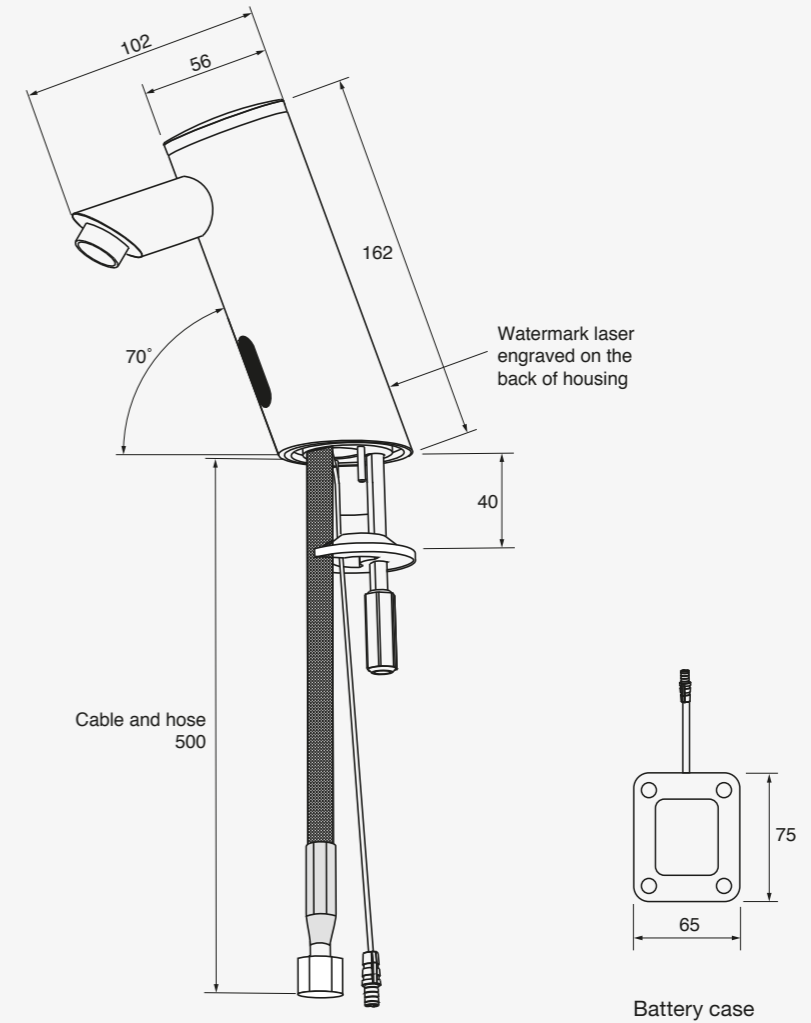

Hob Mounted Sensor Tap with Internal Solenoid

Product Code: 32302
Hob Mounted Sensor Tap with Self-Calibrating Infrared Sensor and Internal Solenoid LF

Battery case

Spare Part:
9506038
AC Conversion Unit to 6V

Commercial Applications

Public Places

Features and Benefits

Commercial durability

- Low power consumption ensuring a long battery life
- Solenoid cartridge has integrated stainless steel strainer
- Water resistant gold-plated cable pluggable connectors

Installation and servicing

- Battery or optional mains powered
- Operates on 4 X AA batteries
- External battery pack for ease of changeover
- Modular components allow easy maintenance and changeover
- Quick connect moulded plugs

Usage features

- Self calibrating infrared electronic sensor
- Tap operates when hand is in sensor range and stops when out of range
- Self adjusting when powered up

Anti-vandal features

- Vandal resistant wall mounted components
- Tap will switch off automatically when used for more than 60 seconds

Technical Information

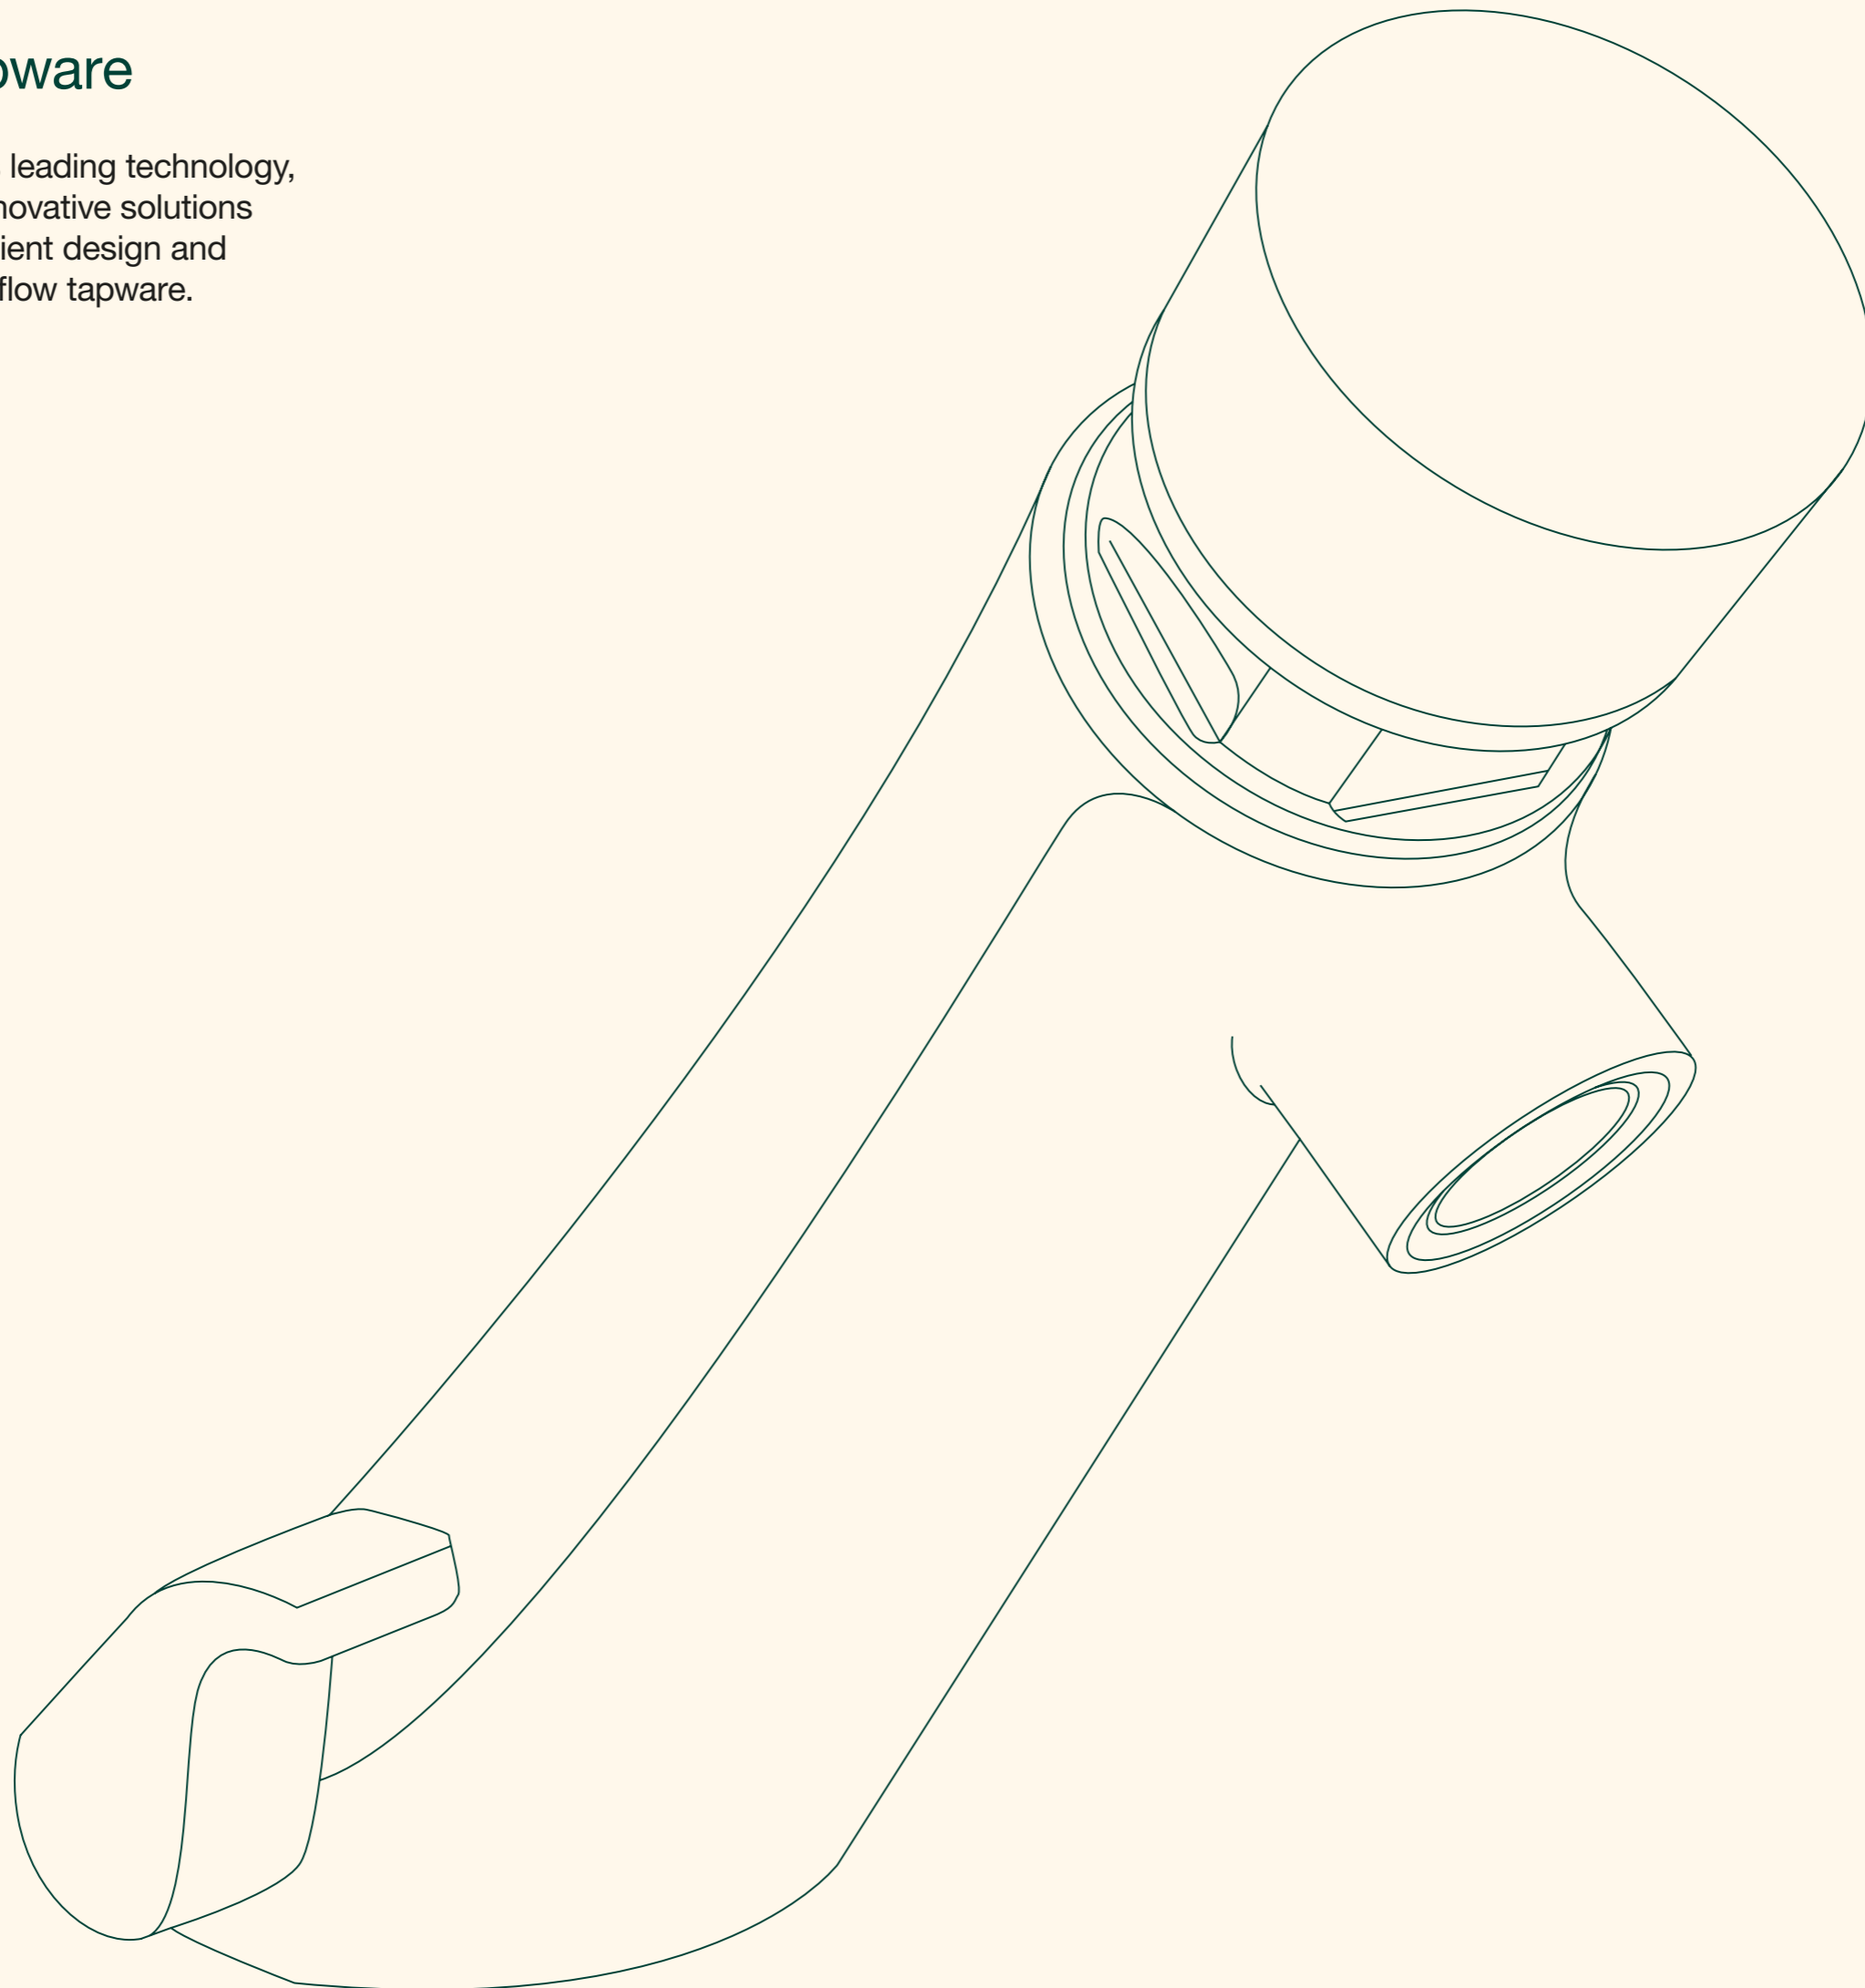

Colour	Chrome
Finish	Polished
Material	Brass
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Maximum Temperature	70 °C
Max Static Pressure	800 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

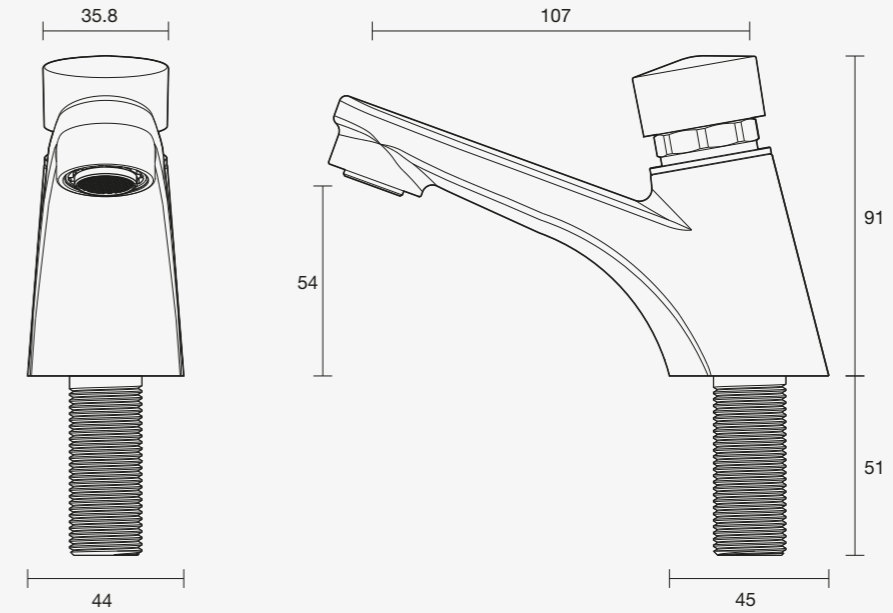

Timed Flow Tapware

Designed using the world's leading technology, Wolfen offers a range of innovative solutions for industries requiring resilient design and consistent quality in timed flow tapware.

Timed Flow Pillar Tap

Product Code: 2266985
Wolfen Timed Flow Pillar Tap CP (6") LF

Commercial Applications

Education

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

Solid brass body

Usage features

6 second flow

Soft button press

Anti-vandal features

Anti-vandal, non-turnable button

Anti-vandal aerator

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

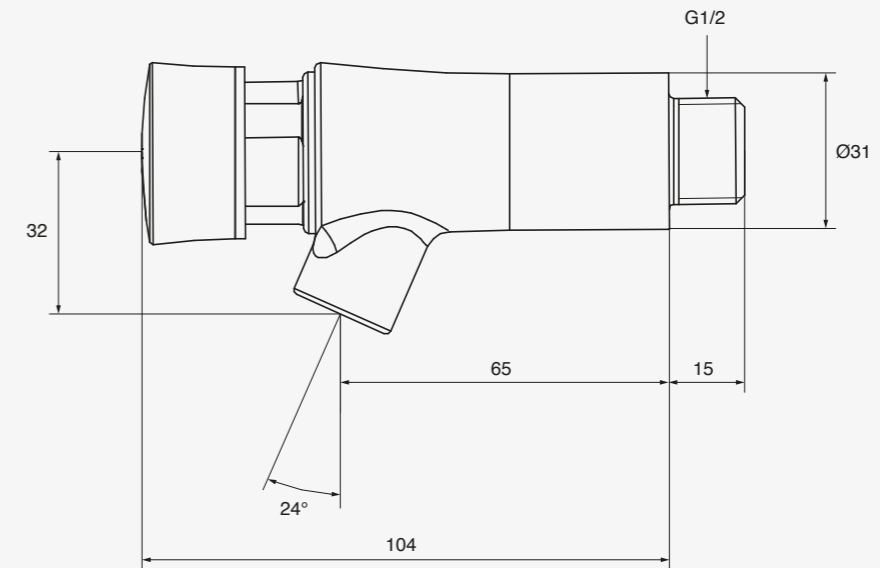

Suitable for high pressure applications (minimum 150 kPa)

Timed Flow Bib Tap 65mm

Product Code: 31356
Timed Flow Bib Tap 65 (Cold) LF

Product Code: 31357
Timed Flow Bib Tap 65 (Warm) LF

Commercial Applications

Features and Benefits

Commercial durability features

- Solid brass body
 - In-built water-hammer prevention
- ### Installation and servicing
- Interchangeable head for easy maintenance

Usage features

- Patented cartridge technology for reliable timed-flow
- 7 second flow
- Soft button press

Anti-vandal features

- Anti-vandal, non-turnable button
- Anti-vandal aerator

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

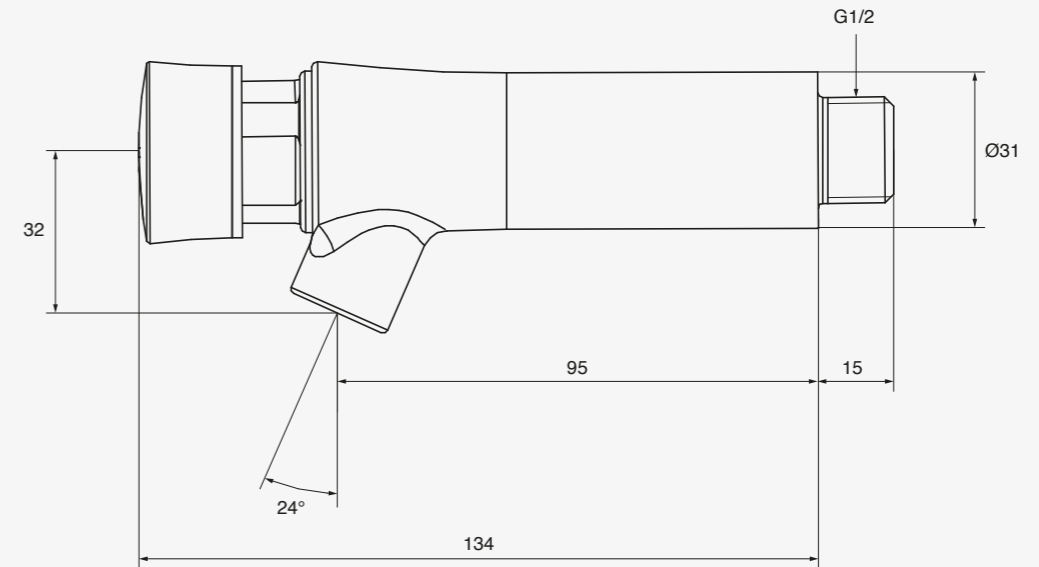

Suitable for high pressure applications (minimum 150 kPa)

Timed Flow Bib Tap 95mm

Product Code: 31359
Timed Flow Bib Tap 95 (Cold) LF

Product Code: 31360
Timed Flow Bib Tap 95 (Warm) LF

Commercial Applications

Features and Benefits

Commercial durability features

Solid brass body
In-built water-hammer prevention

Installation and servicing

Interchangeable head for easy maintenance

Usage features

Patented cartridge technology for reliable timed-flow
7 second flow
Soft button press

Anti-vandal features

Anti-vandal, non-turnable button
Anti-vandal aerator

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Timed Flow Lever Bib Tap 65mm and 95mm

Product Code: 31358
Timed Flow Lever Bib Tap 65mm LF

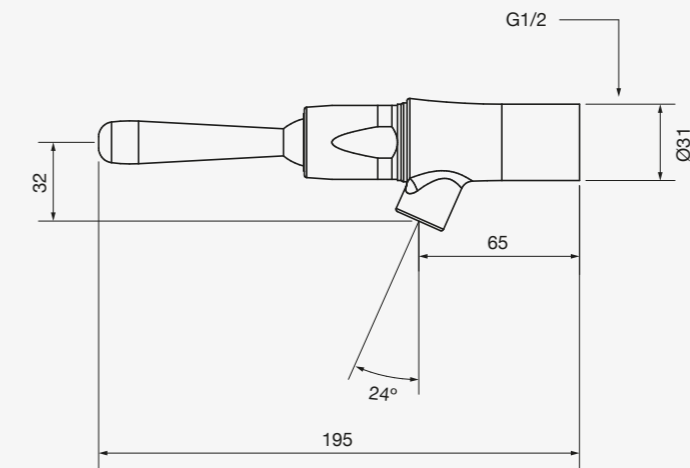

Product Code: 31361
Timed Flow Lever Bib Tap 95mm LF

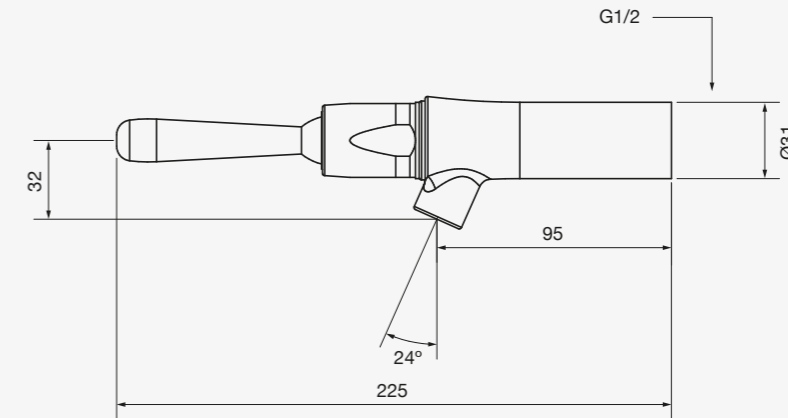

Timed Flow Lever Bib Tap 65mm

Timed Flow Lever Bib Tap 95mm

Timed Flow Lever Bib Tap 65mm

Timed Flow Lever Bib Tap 95mm

Commercial Applications

Features and Benefits

Commercial durability features

- Solid brass body
 - In-built water-hammer prevention
- ### Installation and servicing
- Interchangeable head for easy maintenance
 - Hot, warm and cold colour indicators included

Usage features

- Patented cartridge technology for reliable timed-flow
- 7 second flow
- Soft button press

Anti-vandal features

- Anti-vandal, non-turnable button
- Anti-vandal aerator

Technical Information

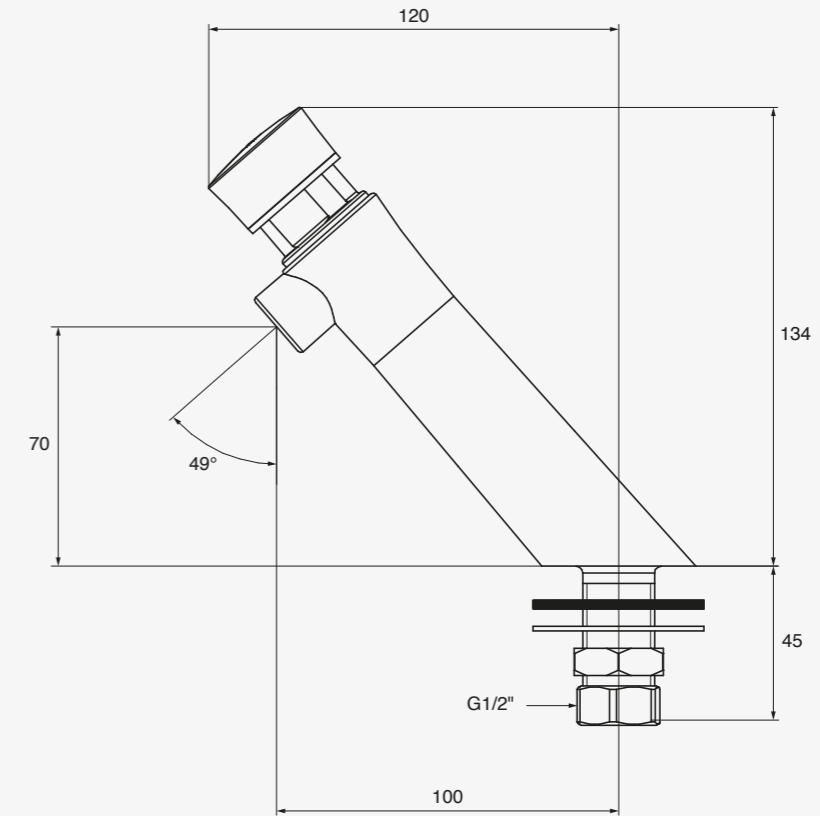

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Timed Flow Basin Tap

Product Code: 31353
Timed Flow Basin Tap (Cold) LF

Product Code: 31354
Timed Flow Basin Tap (Warm) LF

Commercial Applications

Aged Care

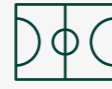

Education

Hospital and Health Care

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

Solid brass body
In-built water-hammer prevention

Installation and servicing

Interchangeable head for easy maintenance

Usage features

Patented cartridge technology for reliable timed-flow
7 second flow

Soft button press

Anti-vandal features

Anti-vandal, non-turnable button
Anti-vandal aerator

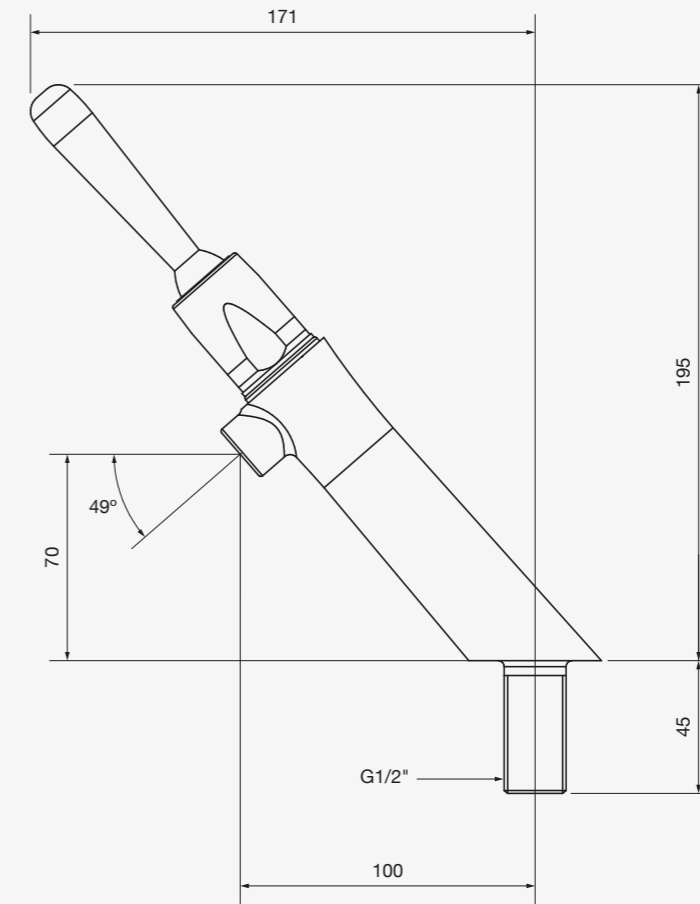

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Timed Flow Lever Basin Tap

Product Code: 31355
Timed Flow Lever Basin Tap LF

Commercial Applications

Aged Care

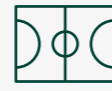

Education

Hospital and Health Care

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

Solid brass body
In-built water-hammer prevention

Installation and servicing

Interchangeable head for easy maintenance
Hot, warm and cold colour indicators included

Usage features

Patented cartridge technology for reliable timed-flow
7 second flow

Soft button press

Anti-vandal features

Anti-vandal, non-turnable button
Anti-vandal aerator

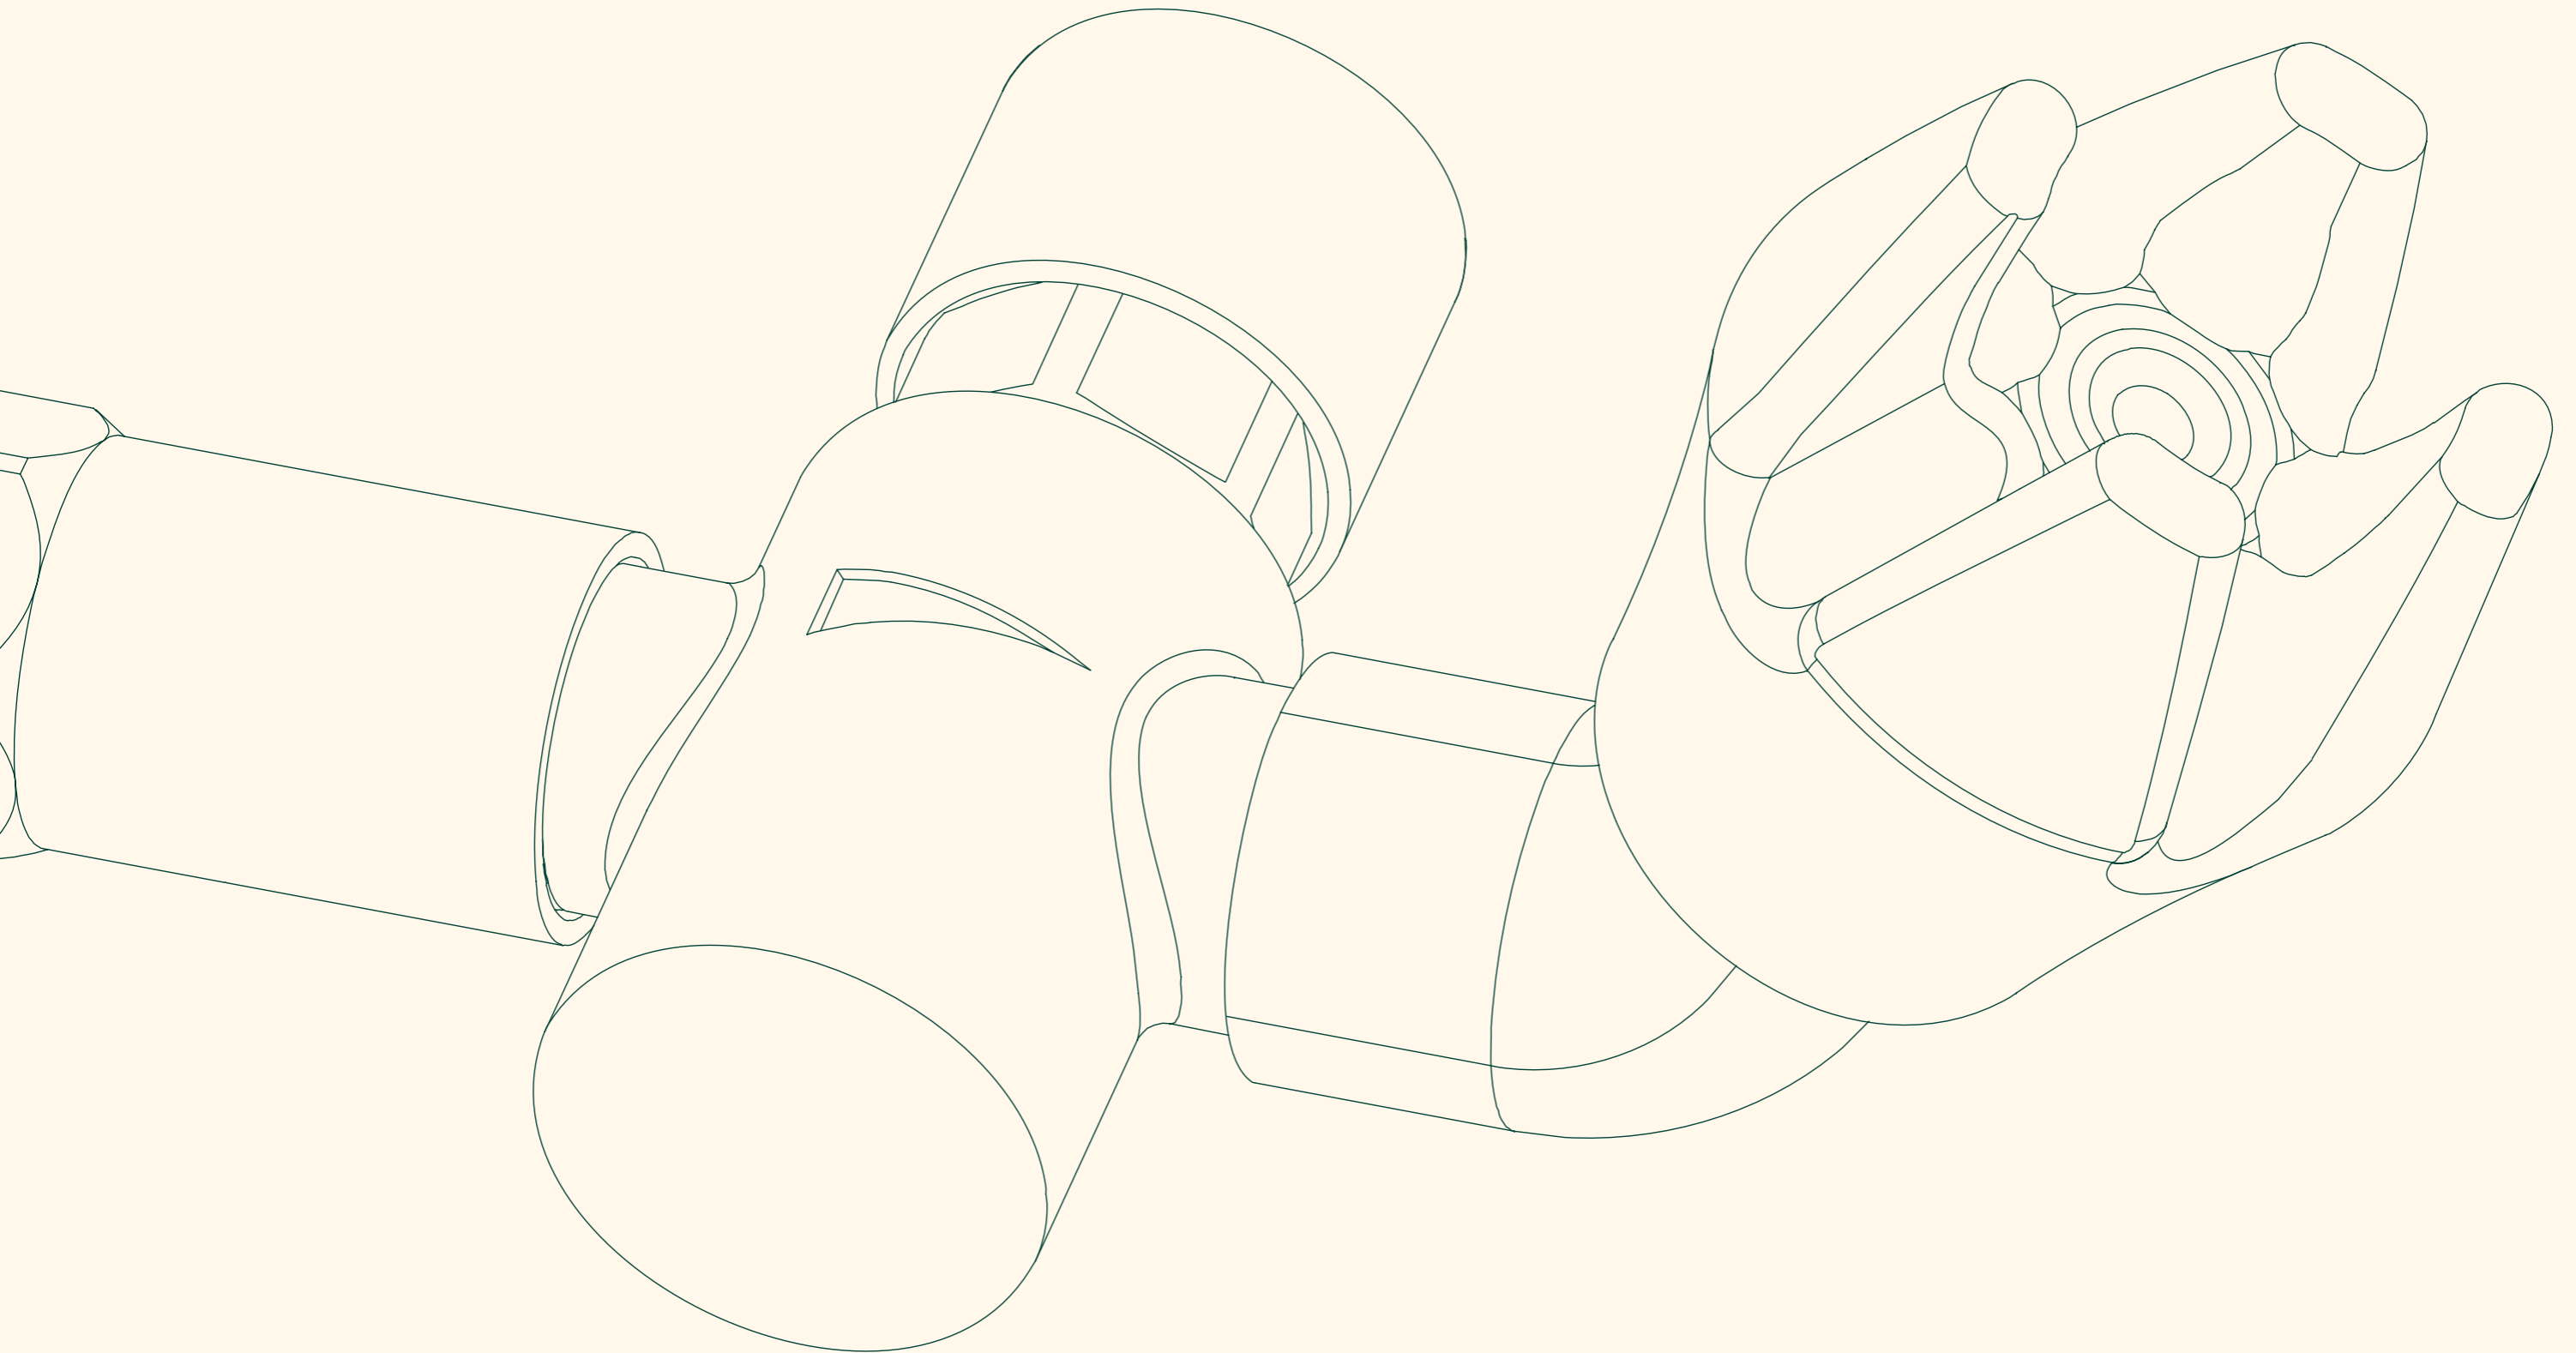

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Bubblers

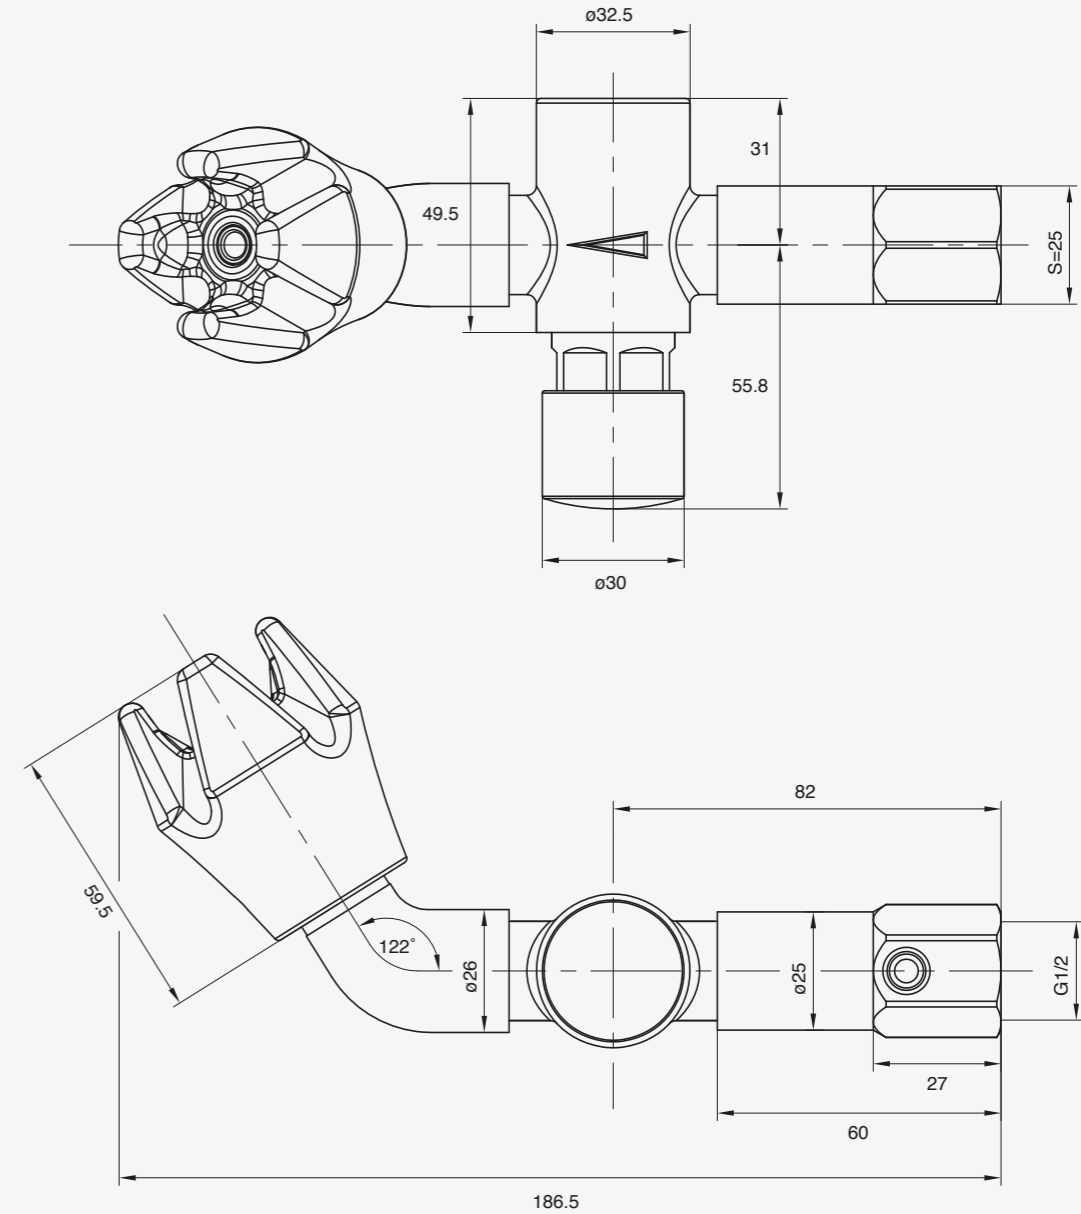

Designed around the principles of durability, reliability and functionality, Wolfen bubblers provide drinking water solutions that perform all day, every day.

122° Wall Bubbler

Product Code: 2266748

122° Wall Bubbler with Recessed Spray Nozzle and Soft Spring Button Lead Free

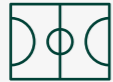

Commercial Applications

Education

Public Places

Sports and Leisure

Features and Benefits

Infection control features

Recessed spray nozzle avoids contact with user

Commercial durability

UV treated rubber guard

Installation and servicing

Simple allen key run time adjustment

0-55 second adjustable

Supplied with inlet strainer

Factory pre-set to 4-6 seconds

Usage features

Soft spring for easy use

Protective rubber guard for safety

Technical Information

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

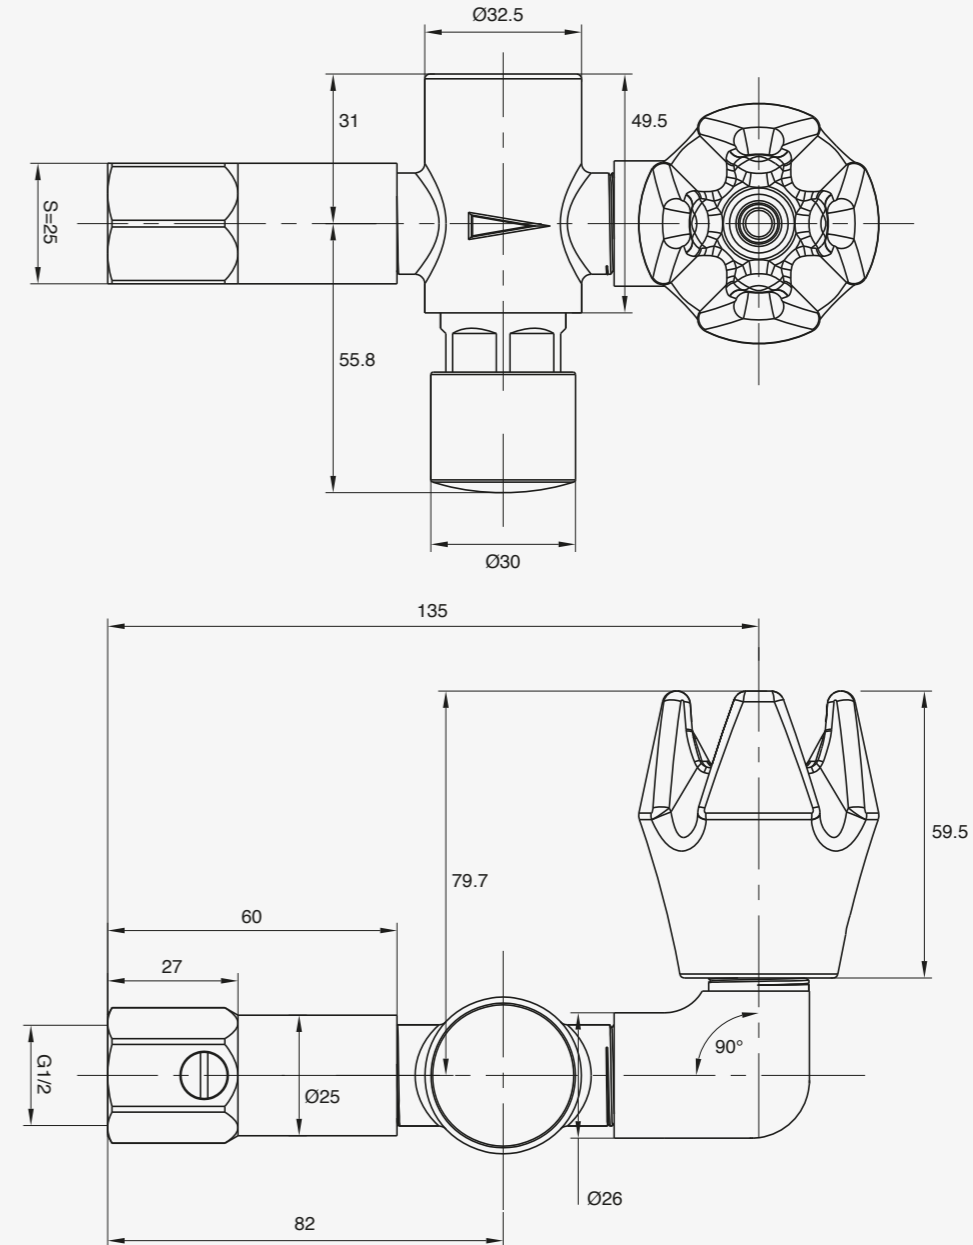

Suitable for high pressure applications (minimum 150 kPa)

90° Wall Bubbler

Product Code: 2266746

90° Wall Bubbler with Recessed Spray Nozzle and Soft Spring Button Lead Free

Commercial Applications

Education

Public Places

Sports and Leisure

Features and Benefits

Infection control features

Recessed spray nozzle avoids contact with user

Commercial durability

UV treated rubber guard

Installation and servicing

Simple allen key run time adjustment

0-55 second adjustable

Supplied with inlet strainer

Factory pre-set to 4-6 seconds

Usage features

Soft spring for easy use

Protective rubber guard for safety

Technical Information

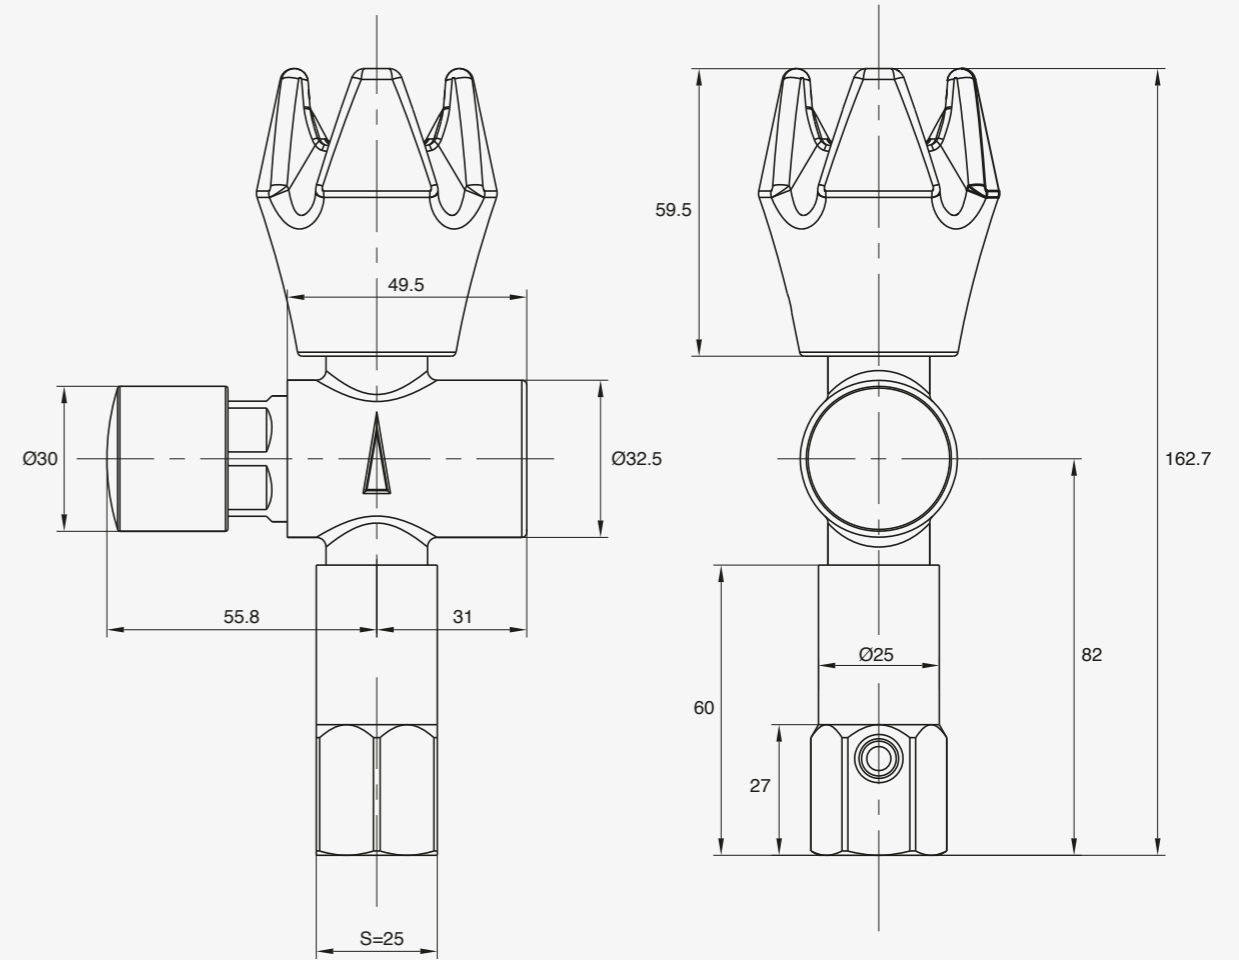

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Hob Bubbler

Product Code: 2266747
90° Wall Bubbler with Recessed Spray Nozzle and Soft Spring Button Lead Free

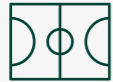

Commercial Applications

Education

Public Places

Sports and Leisure

Features and Benefits

Infection control features

Recessed spray nozzle avoids contact with user

Commercial durability

UV treated rubber guard

Installation and servicing

Simple allen key run time adjustment

0-55 second adjustable

Supplied with inlet strainer

Factory pre-set to 4-6 seconds

Usage features

Soft spring for easy use

Protective rubber guard for safety

Technical Information

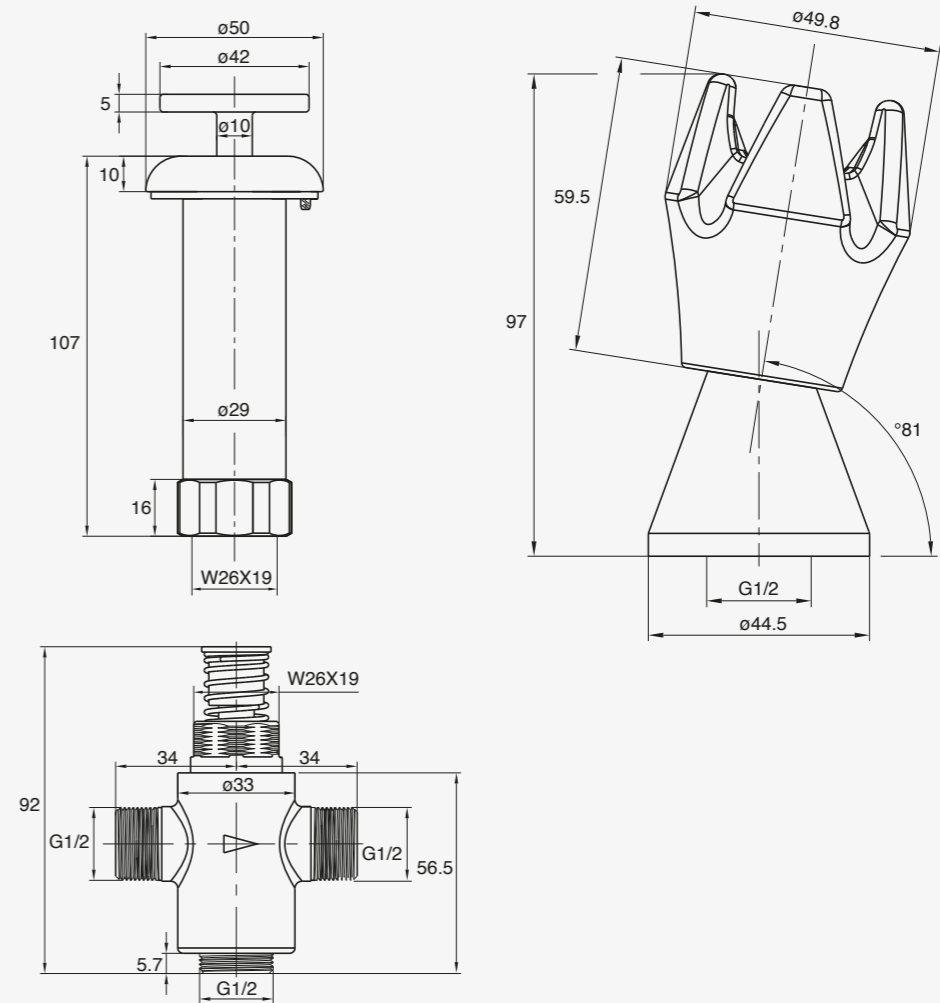

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Remote Button Bubbler

Product Code: 252420
Remote Bubbler with Recessed Spray Nozzle and Soft Spring Button

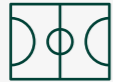

Commercial Applications

Education

Public Places

Sports and Leisure

Features and Benefits

Infection control features

Recessed spray nozzle avoids contact with user

Commercial durability

UV treated rubber guard

Installation and servicing

Simple allen key run time adjustment

0-55 second adjustable

Supplied with inlet strainer

Factory pre-set to 4-6 seconds

Usage features

Soft spring for easy use

Protective rubber guard for safety

Technical Information

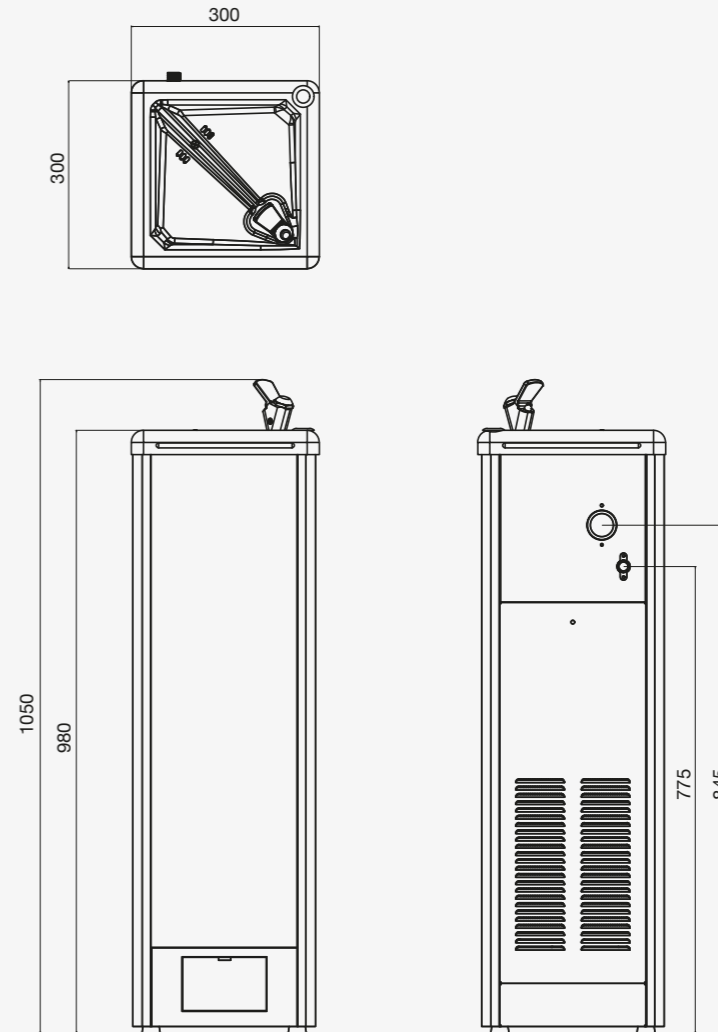

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Sensor Drinking Fountain

Product Code: 1308142
Sensor Drinking Fountain 10lph

Commercial Applications

Education

Hospital and Health Care

Public Places

Sport and Leisure Facilities

Features and Benefits

Infection control features

Foot sensor activated bubbler

Commercial durability

Industrial grade stainless steel construction

10 litres per hour of chilled water

5L insulated cold tank

Front panel removes easily for filter changes

Installation features

IP33 rated for outdoor use

R134a refrigerant for high ambient conditions

Drinking bubbler with adjustable flow

Optional filter cartridge to enhance drinking water quality (1308144)

Technical Information

Material 304 stainless steel

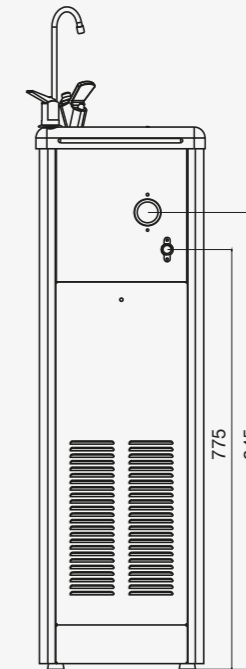

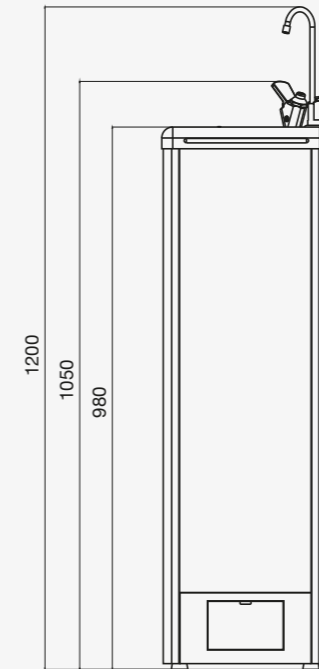

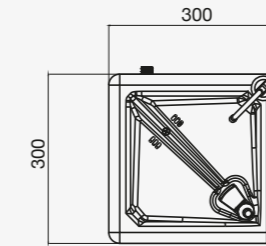

Product warranty 5 years

Power Supply 240V

Sensor Drinking Fountain and Glass Filler

Product Code: 1308143
Sensor Drinking Fountain & Glass Filler 19lph

Commercial Applications

Education

Hospital and Health Care

Public Places

Sport and Leisure Facilities

Features and Benefits

Infection control features

Foot sensor activated bubbler

Commercial durability

Industrial grade stainless steel construction

19 litres per hour of chilled water

5L insulated cold tank

Front panel removes easily for filter changes

Installation features

IP33 rated for outdoor use

R134a refrigerant for high ambient conditions

Drinking bubbler with adjustable flow

Optional filter cartridge to enhance drinking water quality (1308144)

Technical Information

Material 304 stainless steel

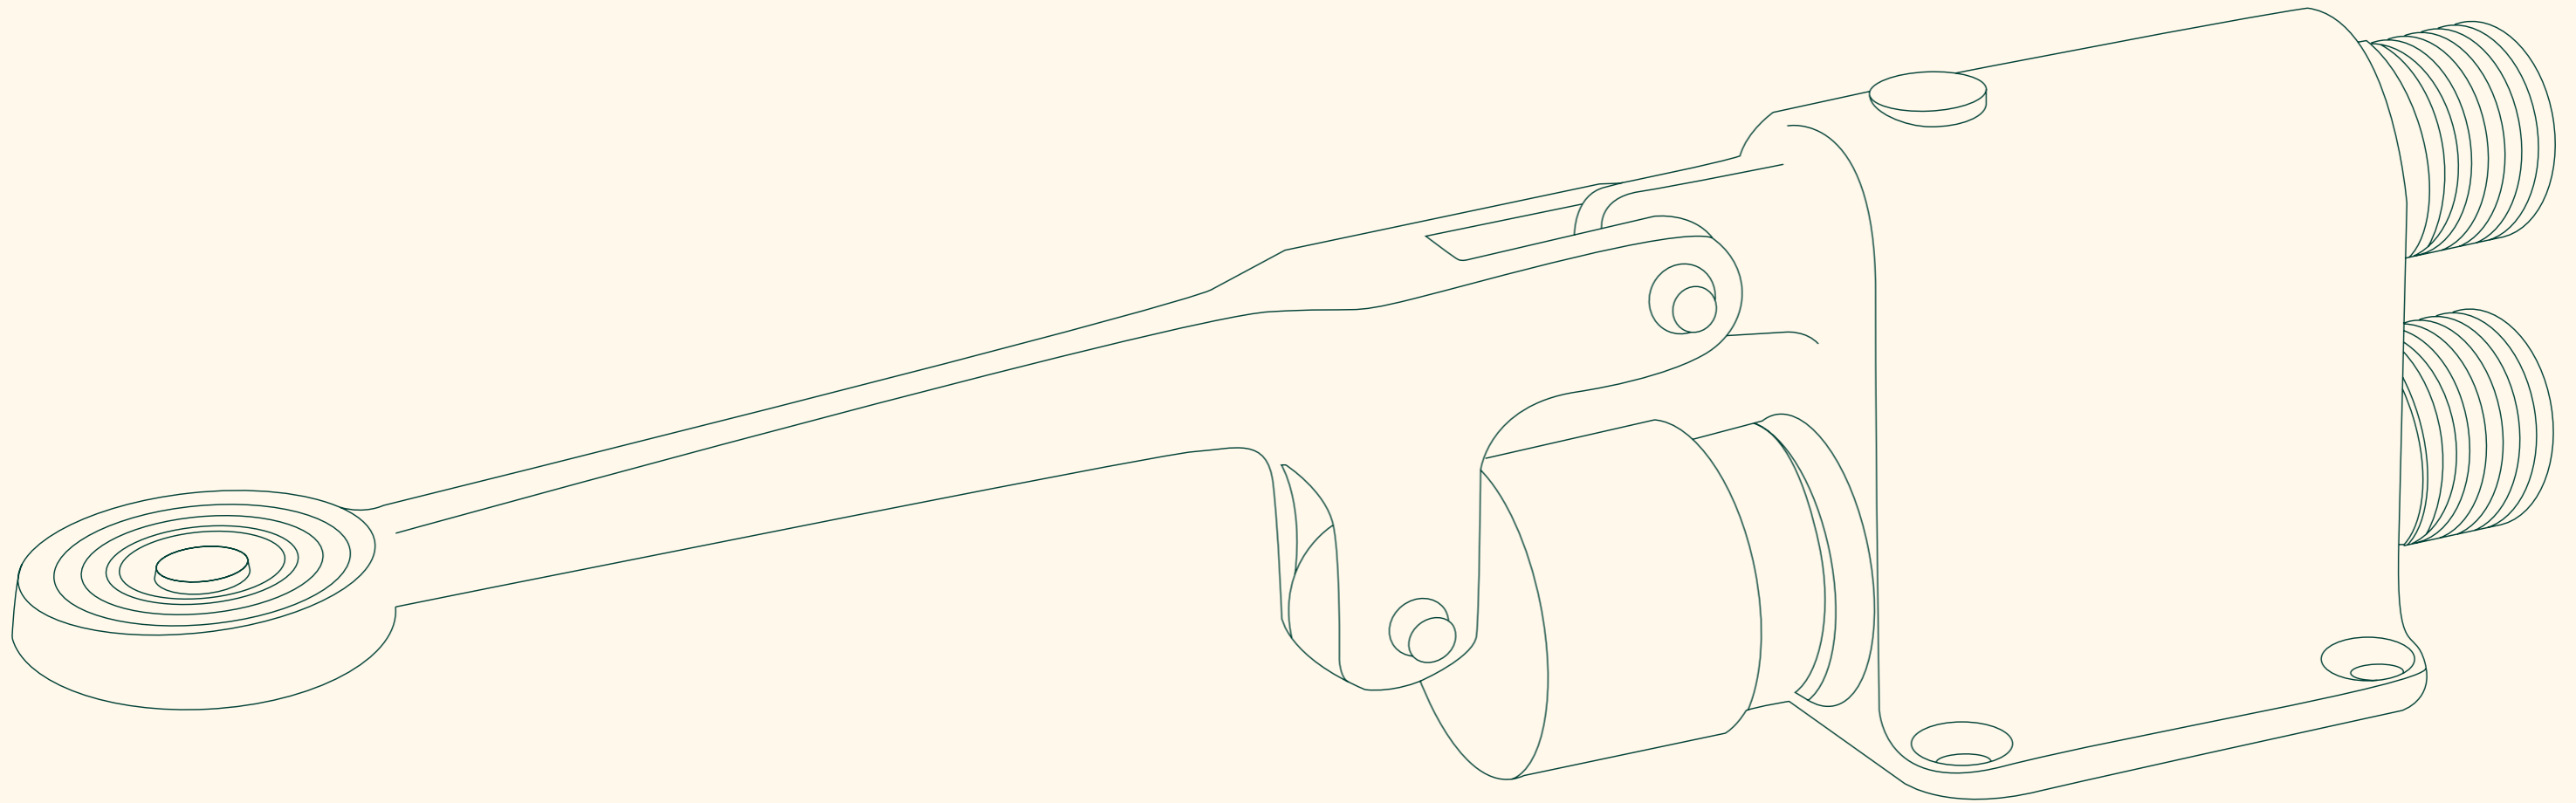

Product warranty 5 years

Power Supply 240V

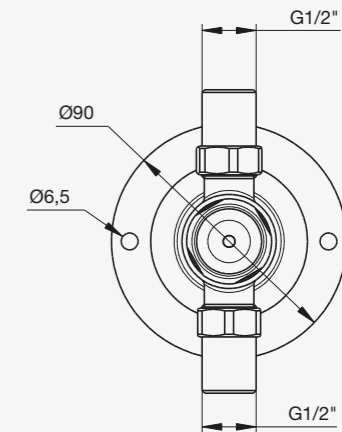

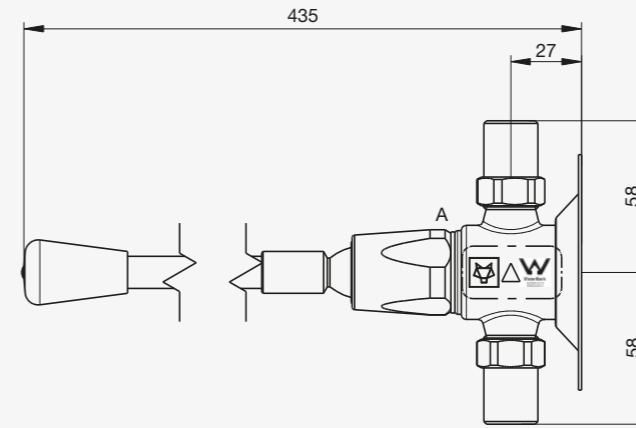

Foot And Knee Operated Tapware

Designed for absolute performance, Wolfen's commercial valved tapware products set new standards in quality and durability. Ergonomic design combined with precision engineering ensures that every Wolfen product is easy-to-use and made to last.

Knee Operated Valve

Product Code: 252958
 Wolfen Knee Operated Valve Only 6" V2 LF

Commercial Applications

Commercial Kitchen

Features and Benefits

Infection control features

15 second timed flow run time complies with food preparation regulations

Installation and servicing

Run time adjustment available

Usage features

Soft spring for easy use

0-55 second adjustable run time available with spare part

Flexible nylon wand for easy use

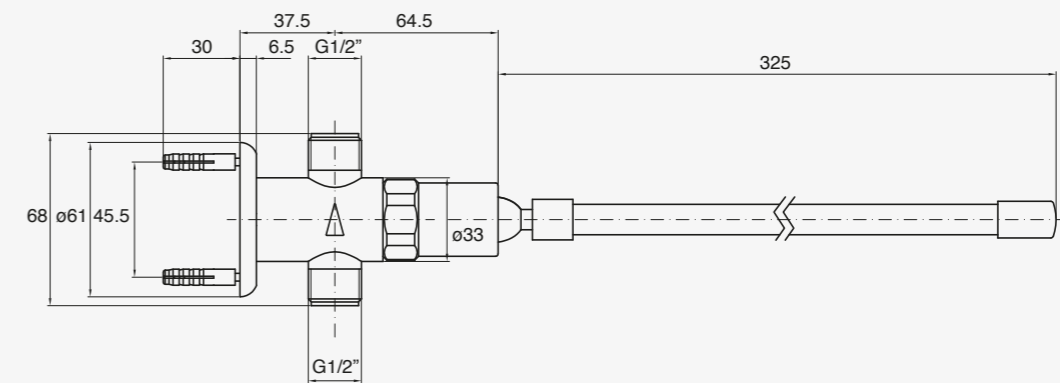

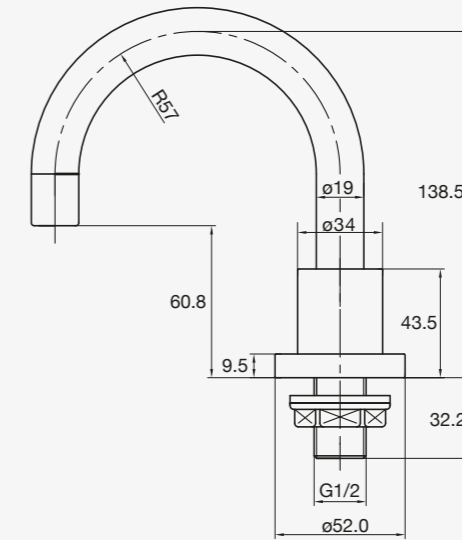

Technical Information

Colour	Chrome
Finish	Polished
Material	Lead Free Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Knee Operated Kit with Outlet

Product Code: 23211
Knee Operated Tap Including
Knee Valve and Tap Outlet

Commercial Applications

Commercial Kitchen

Foot And Knee
Operated Tapware

Features and Benefits

Infection control features

15 second timed flow run time complies
with food preparation regulations

Installation and servicing

Run time adjustment available

Usage features

Soft spring for easy use

0-55 second adjustable run time

Flexible nylon wand for easy use

Technical Information

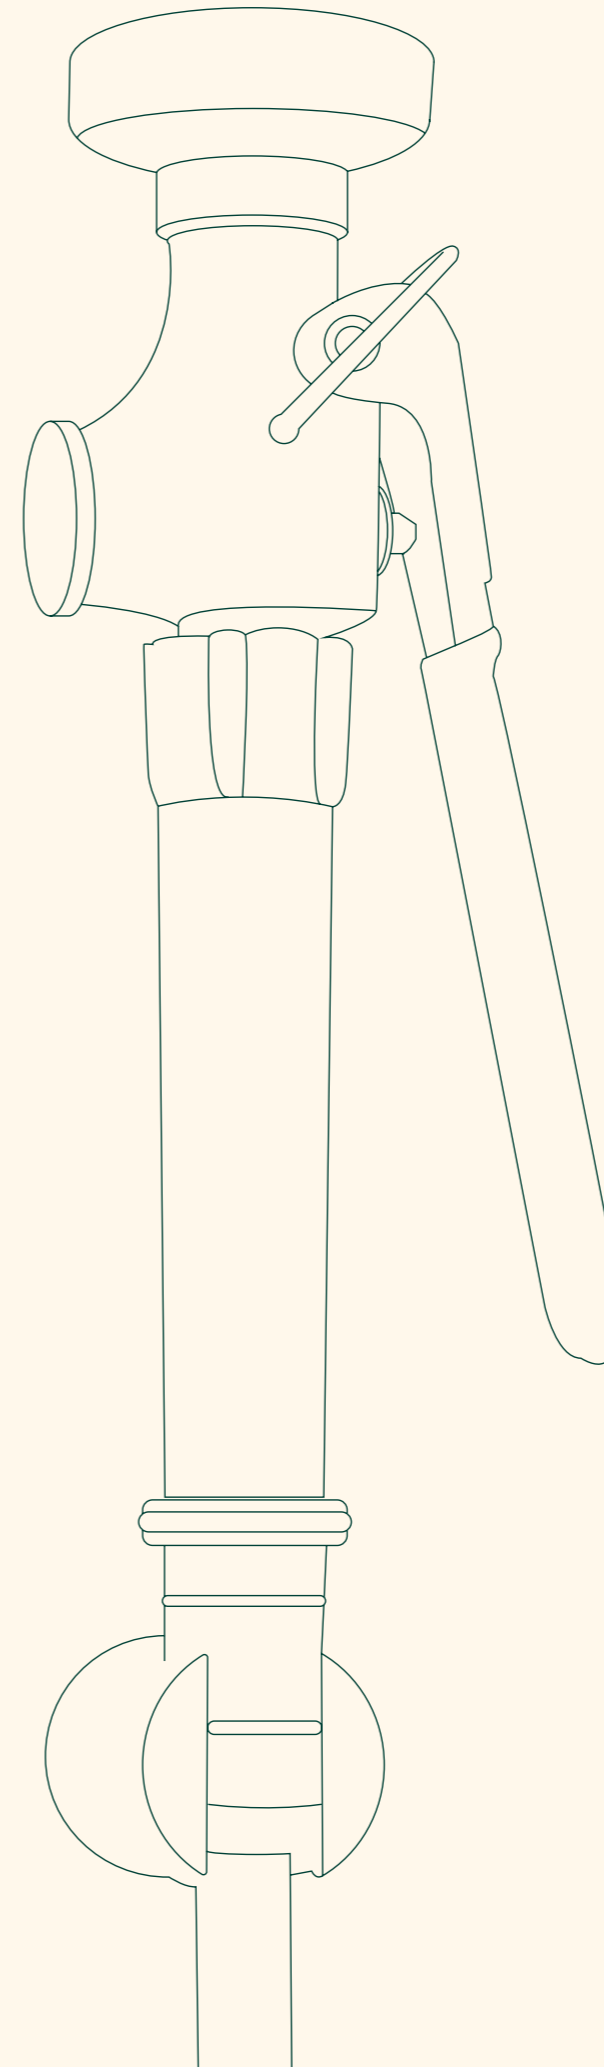

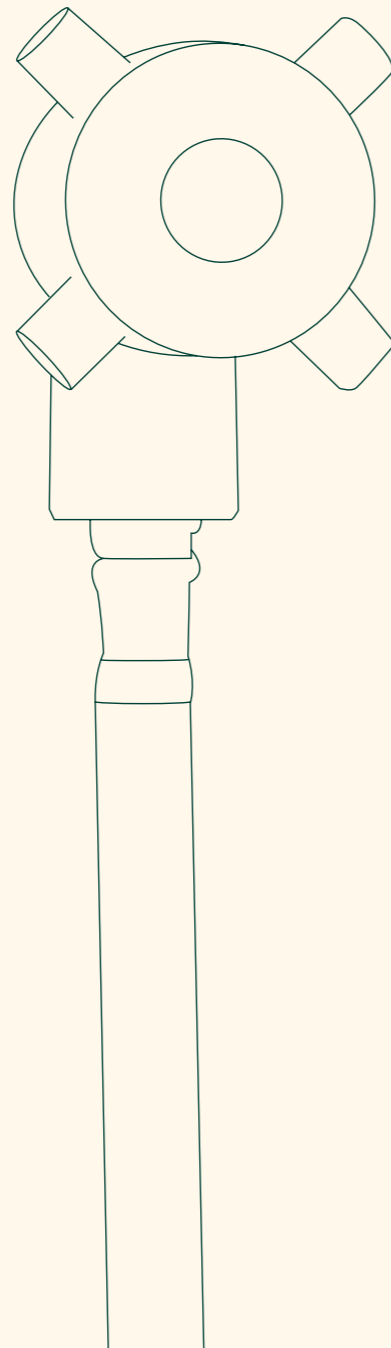

Colour	Chrome
Finish	Polished
Material	Lead Free Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Height	140 mm
Clearance	60.8 mm
Reach	114 mm
Product Warranty	5 Years

Suitable for high pressure
applications (minimum 150 kPa)

Food Preparation Tapware

Wolfen food preparation tapware has been designed to withstand the toughest of hospitality environments. Our tapware uses minimal moving parts to prevent bacteria build-up while stainless steel construction creates safe, long lasting solutions.

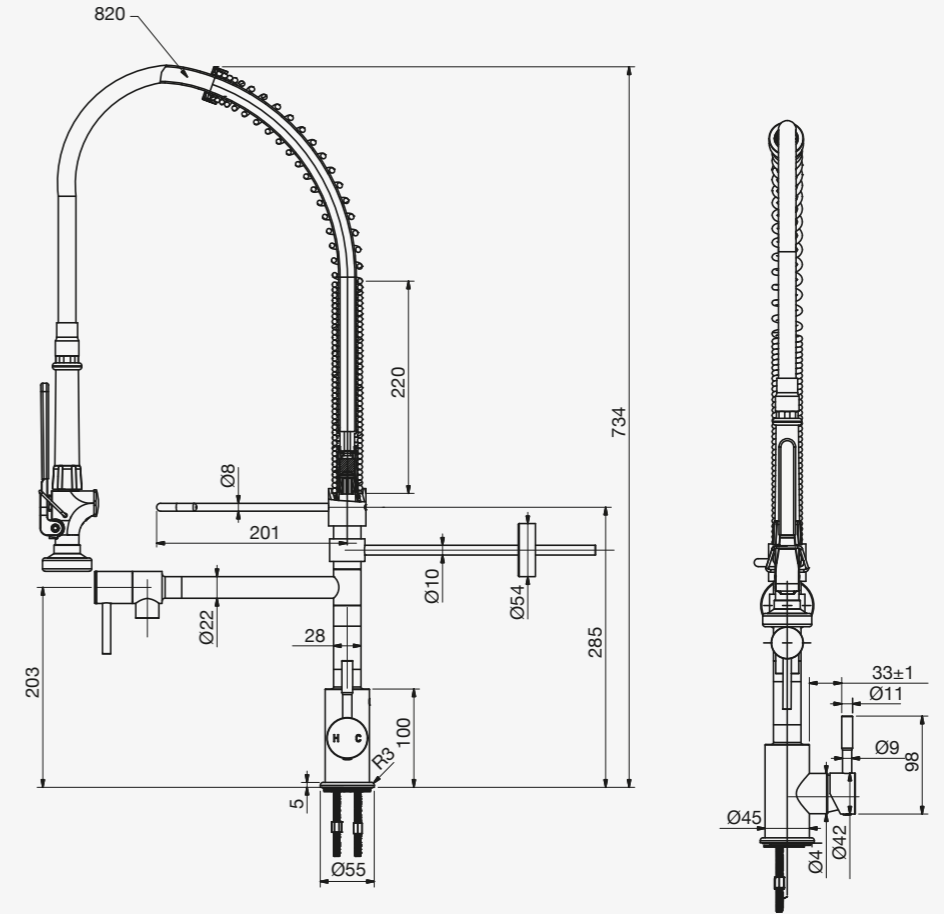

Compact Pre Rinse Sink Mixer with Pot Filler Stainless Steel

Product Code: 2264796
Compact Pre Rinse Sink Mixer with Pot Filler and Wall Fixing Bracket in Stainless Steel

Spare Part Code: 2266397
Pre Rinse Trigger Spray Stainless Steel

Trigger Spray: 2266397

Commercial Applications

Commercial Kitchen

Features and Benefits

Infection control features

- Clean line food grade hose
- Minimum crevices for bacteria build up

Commercial durability

- Stainless steel spray nozzle
- Stainless steel braided hose with external lining and PEX inner lining
- Wall fixing bracket for ongoing stability

Installation and servicing

- Cut-down wall bracket with height and projection adjustment
- Built-in non return valve
- Pre assembled for quick installation

Usage features

- Trigger spray clip enables effortless continual use
- Easy operation front control pot filler
- Tensioned polished spring for manoeuvrability
- Water efficient spray nozzle
- Trigger handle piece has a built in protective thermal barrier
- High efficiency cleaning with Blade Spray technology

Technical Information

Colour	Chrome
Finish	Polished
Material	304 Stainless Steel
Cartridge Type	Ceramic Disc Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	450 kPa
Max Static Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	80 °C
Product Warranty	5 Years

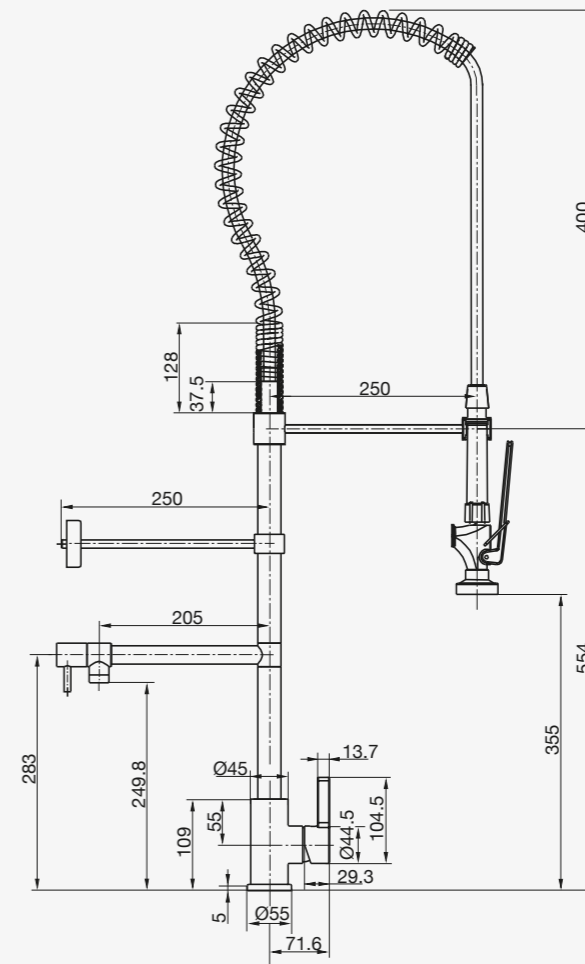

Suitable for high pressure applications (minimum 150 kPa)

Pre Rinse Sink Mixer with Pot Filler

Product Code: 2266743
Pre Rinse Sink Mixer with Pot Filler and Wall Fixing Bracket Lead Free

Trigger Spray: 2266741

Commercial Applications

Commercial Kitchen

Features and Benefits

Infection control features

- Clean line food grade hose
- Minimum crevices for bacteria build up

Commercial durability

- Stainless steel spray nozzle
- Stainless steel braided hose with external lining and PEX inner lining
- Wall fixing bracket for ongoing stability

Installation and servicing

- Cut-down wall bracket with height and projection adjustment
- Built-in non return valve

Usage features

- Trigger spray clip enables effortless continual use
- Easy operation front control pot filler
- Tensioned polished spring for manoeuvrability
- Water efficient spray nozzle
- Trigger handle piece has a built in protective thermal barrier

Cartridge Type	Ceramic Disc Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	80 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

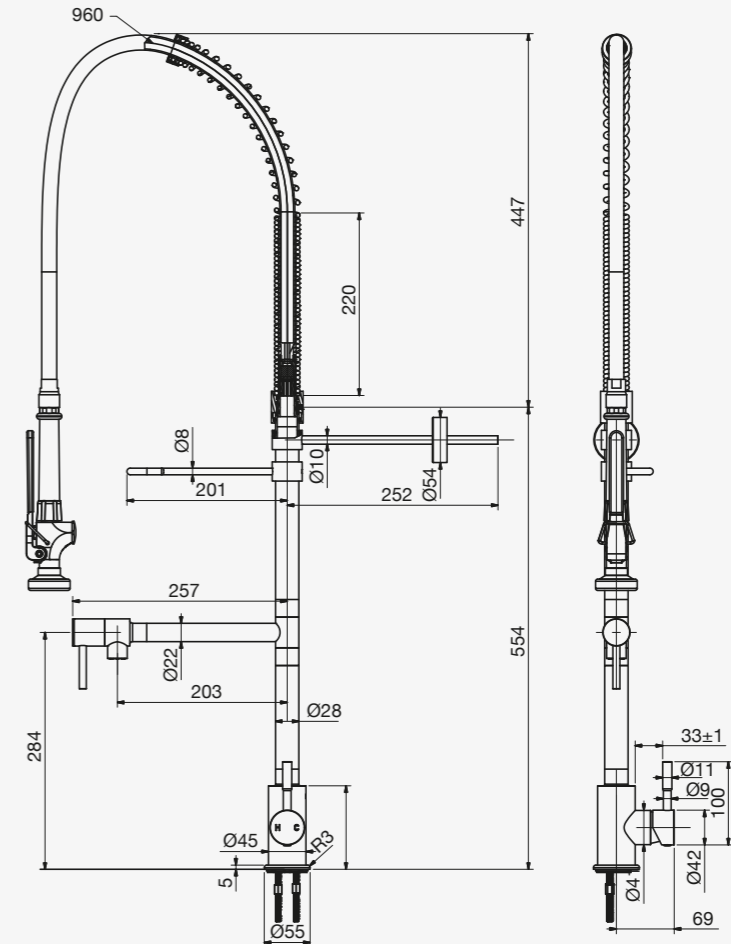

Pre Rinse Sink Mixer with Pot Filler Stainless Steel

Product Code: 2264795
Pre Rinse Sink Mixer with Pot Filler and Wall Fixing Bracket in Stainless Steel

Spare Part Code: 2266397
Pre Rinse Trigger Spray Stainless Steel

Trigger Spray: 2266397

Commercial Applications

Commercial Kitchen

Features and Benefits

Infection control features

- Clean line food grade hose
- Minimum crevices for bacteria build up

Commercial durability

- Stainless steel spray nozzle
- Stainless steel braided hose with external lining and PEX inner lining
- Wall fixing bracket for ongoing stability

Installation and servicing

- Cut-down wall bracket with height and projection adjustment
- Built-in non return valve
- Pre assembled for quick installation

Usage features

- Trigger spray clip enables effortless continual use
- Easy operation front control pot filler
- Tensioned polished spring for manoeuvrability
- Water efficient spray nozzle
- Trigger handle piece has a built in protective thermal barrier

Max Continuous Working Temperature	80 °C
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Trigger Spray Assembly with Stop Tap

Product Code: 2266744
Trigger Spray Assembly with Stop Tap Lead Free

Commercial Applications

Aged Care

Commercial Kitchens

Hospital and Health Care

Supplied with both cold and hot indicators

Features and Benefits

Infection control features

Clean line food grade hose

Minimum crevices for bacteria build up

Commercial durability

Stainless steel spray nozzle

Stainless steel braided hose with external lining and PEX inner lining

Usage features

Trigger spray clip enables effortless continual use

Water efficient spray nozzle

Trigger handle piece has a built in protective thermal barrier

Technical Information

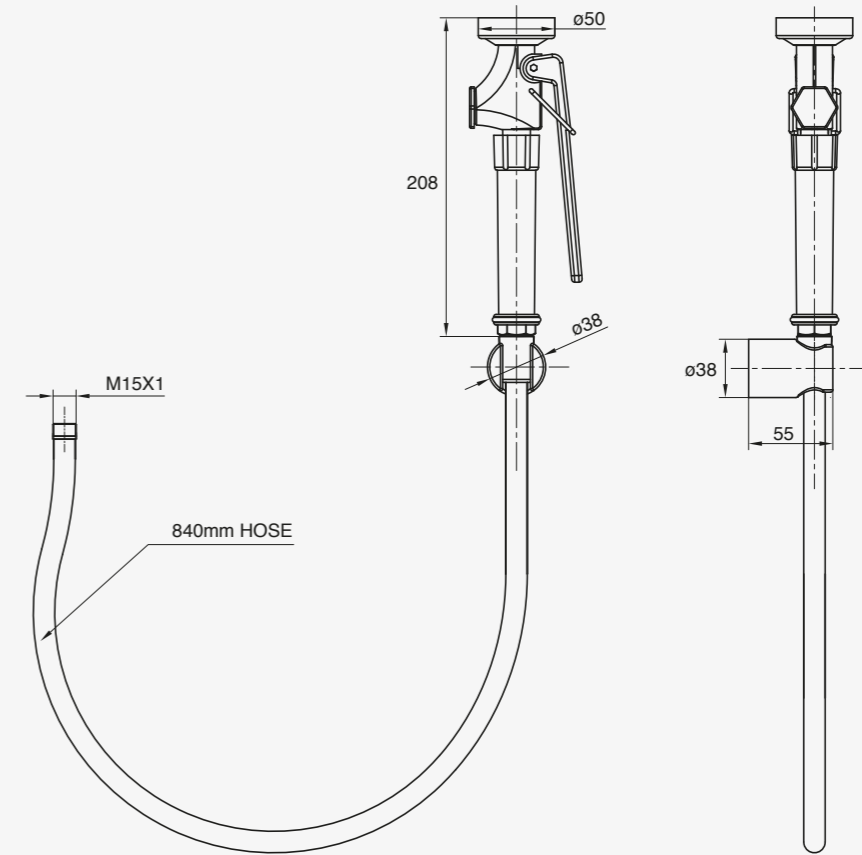

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Ceramic Disc Cartridge

Product Warranty	1 Year Domestic Use 1 Year Commercial Use

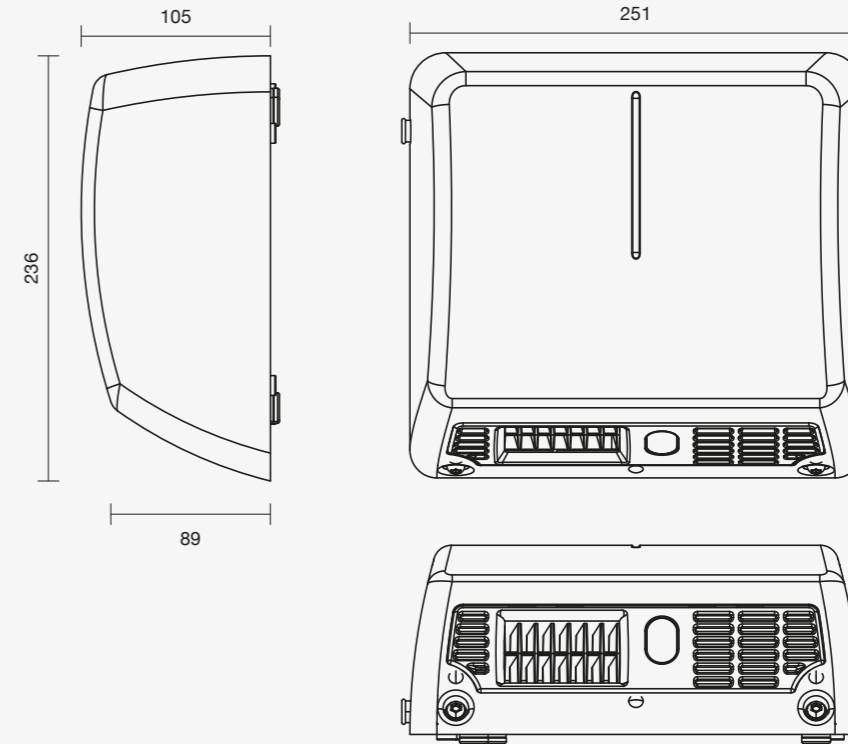

Accessories

Designed for everyday use, in the most demanding bathrooms, the Wolfen accessory range is built to be strong, reliable and safe. With high grade stainless steel, durable plastics and hard-wearing rubber, you can be assured that the Wolfen accessories you install today, can be trusted to perform, every day.

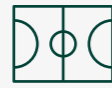

Slimline Hand Dryer

Product Code: 2039655
Slimline Hand Dryer Stainless Steel steel

Commercial Applications

Commercial Kitchens

Industrial Facilities

Sport and Leisure Facilities

Features and Benefits

Infection control features

- Eliminates need for paper towel receptacle
- No germ catchment area from hand insertion

Commercial durability features

- Robust stainless steel case
- IP 21 certification

Usage features

- Infra-red proximity sensor
- Slimline design
- Energy efficient – Turns off after 1 second of non-detection
- 160 m3/hr blowing volume

Anti-vandal features

- Allen key fixing
- Installation and servicing 3-pin plug and lead attached
- Suits standard power point
- Easy installation template provided application

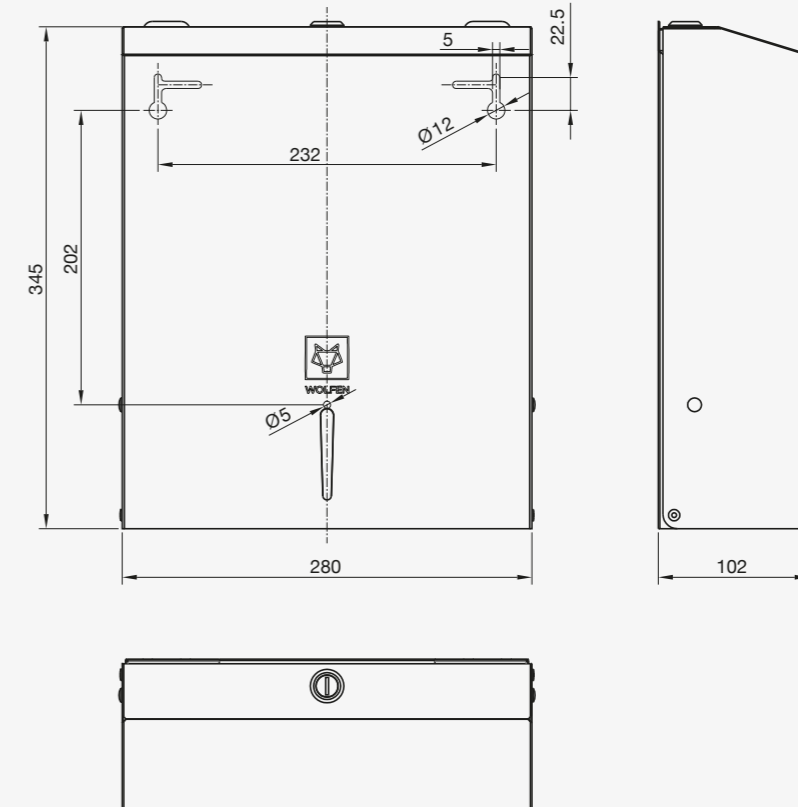

Technical Information

Electrical Connection	220-240 V 50-60 Hz
Nominal Output	1300 W
Engine Performance	77 W
Casing	Stainless Steel
IP Rating	IP21
Weight	2.9 kg
Blowing Volume	160 m3/h
Air Speed	17 m/s
Sound Data	Sound Pressure Level at 2m Distance in a Free field 73 dB(A)

Safety Equipment

Built for total reliability, Wolfen safety equipment is made to withstand the toughest of environments and perform quickly and effectively to reduce injury. Each piece of equipment undergoes rigorous testing to meet the highest of standards.

Freestanding Safety Shower with Eye Wash

Product Code: 9508311
Freestanding Safety Shower & Eye Wash

Commercial Applications

Commercial Kitchens

Education

Hospital and Health Care

Industrial Facilities

Features and Benefits

Commercial durability features

Tested and compliant with AS4775, ANSI and AS4020 only product with type 5 certificate

Compact packing, stainless steel 304

Installation and servicing

Dynabolts provided for mounting on the floor

Top or rear entry inlet optional

Supplied disassembled to minimize transport damage

Teflon tape provided

Safety sign included

Usage features

Adjustable flow eyewash

Cyclonic shower

Aesthetically pleasing

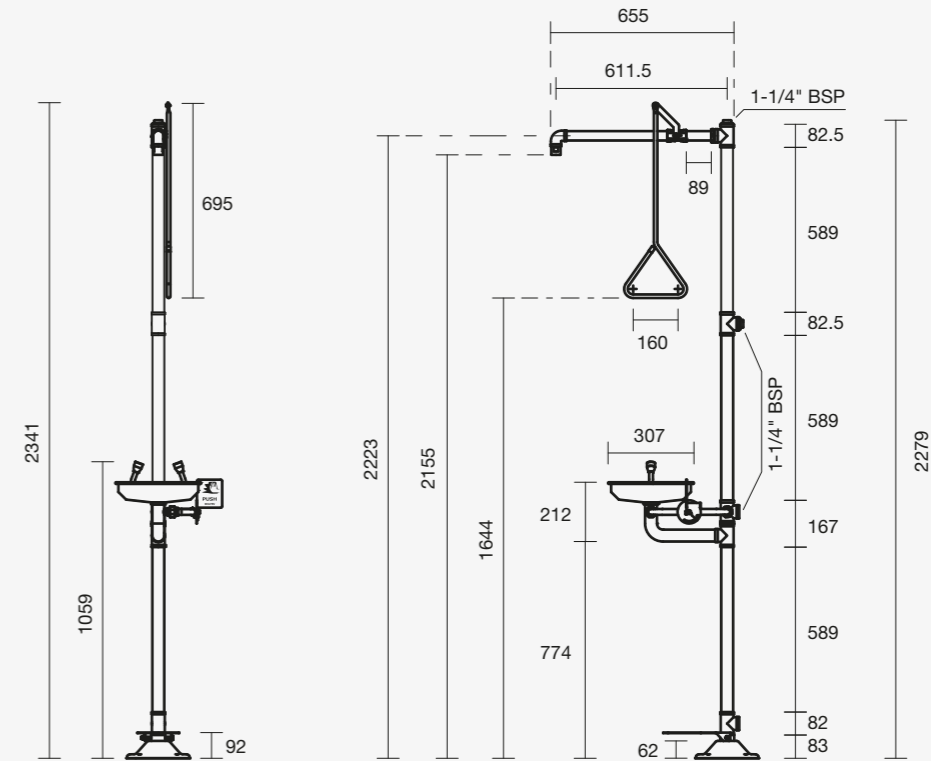

Technical Information

Colour	Chrome Finish
Finish	Polished
Material	Stainless Steel
Cartridge Type	Ceramic Disc / Ball Valve
Min Continuous Working Pressure	250 kPa
Max Continuous Working Pressure	500 kPa
Maximum Max Static Pressure	500 kPa
Min Continuous Working Temperature	16 °C
Product Warranty	5 Years Domestic Use 5 Years Commercial Use

Freestanding Safety Shower with Eye Wash and Pedal

Reece Product Quality Guarantee

You have purchased a quality product from Reece Australia Pty Ltd ABN 84 004 097 090 (“Reece”). This product is covered by a product replacement warranty and a spare parts and labour warranty. Refer to individual product pages in this brochure for specific product warranties.

Product Replacement Warranty

This warranty covers faults in the product construction, material and assembly. Products which are found upon inspection by an authorised Reece representative, to be defective in construction, material or assembly, will be repaired or exchanged with an equivalent product free of charge. Replaced items become Reece’s property. For the product replacement warranty to be valid, it must be within the specified warranty period found on individual product pages in this brochure.

All replacement products will be available for collection without charge to the customer at the nearest Reece branch to the customer’s location, or elsewhere as agreed between the customer and Reece.

Labour and Spare Parts

The labour for the replacement of products and spare parts to which this warranty applies will be supplied by Reece or relevant supplier using licensed plumbers engaged by Reece or relevant supplier within 1 year from the date of purchase. Spare parts other than those listed in the Manufacturer’s Provisions above, which are within 1 year from the date of purchase found upon inspection by an authorised Reece representative to be defective in construction, material or assembly, will be replaced free of charge.

Warranty Conditions

This warranty will apply only under all of the following conditions:

- The item has been installed by a licensed plumber
- Failure is due to a fault in the manufacture of the product
- Proof of purchase (including the date of purchase) is provided
- The installation of the product is in accordance with the instructions provided

This warranty does not cover products purchased as an ex-display without being fully checked and tested for sale by the manufacturer.

This warranty does not include faults caused by:

- Unsuitable or improper use
- Incorrect installation or installation not in accordance with the instructions provided
- Installation or part installation by the purchaser or any person other than a LICENSED PLUMBER
- Normal wear and tear
- Inadequate or complete lack of maintenance
- Chemical, electrochemical or electrical influences
- Harsh detergents or abrasive cleaners used on product finishes

Exclusions

To the fullest extent permitted by law, Reece excludes all liability for damage or injury to any person, damage to any property, and any indirect consequential or other loss or damage.

Claim Procedure

For all warranty queries customers are to contact the branch where the product was purchased. These details can be found on your purchase invoice.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Reece. Works for you.

Call **1800 032 566** or visit **www.reece.com.au** for your nearest Reece store.

Due to limitations in the printing process the colours in this brochure are a guide only.

The manufacturer/distributor reserves the right to vary specifications or delete models from their range without prior notification.

The manufacturer/distributor takes no responsibility for printing errors. All products enjoy a product replacement warranty.
