

NZ SINKS

FRANKE

reece

OUR HISTORY

Over one hundred years of passion

At Franke, we have been looking for new solutions and innovations for over 100 years and our attitude still has not changed. In 1911 we combined traditional craftsmanship, precision engineering and a constant pursuit of innovation, three principles that remain at our core.

A story forged in Swiss precision

Our story began at the beginning of the last century as a small sheet-metal business in Rorschach, Switzerland, established by Hermann Franke.

Since then, we opened up to the world and inaugurated manufacturing facilities all around the globe that led us to become leaders in the kitchen sinks segment, and home solutions altogether.

It's always been
in our heritage
to meet your **needs.**

Guaranteed peace of mind

We're so confident in the quality of our products that every Franke Fraganite and Stainless Steel sink is guaranteed for 50 years. Tectonite sinks are guaranteed for 10 years.*

In addition, all our sinks are fully compliant with BS EN 13310 and all our manufacturing processes are ISO9001 certified.

Enjoy peace of mind with our kitchen mixers, backed by a 5 year parts and labour warranty and 15 years on the cartridge.

Customer Service and Technical Support

To raise a service request with Franke sinks, taps, or appliances, please contact our Customer Care team.
