

Wall Mounted Whole House Water Filter Cover

Sandstone 1 high cover
(showing front door open)

Description

BWT Whole House Water Filter Covers provide protection against all the elements – wind, sun and rain to keep your water filter in great condition for many years. The Covers are durable and designed to suit BWT triple & twin, 1 high and 2 high filter systems and can be retrofitted onto existing installed systems. Featuring a neat flat pack assembly with simple instructions the Covers can be assembled in minutes. A convenient hinged front door provides easy access when filter cartridge changeout is required. The Covers are designed for wall mounting and come in 2 modern powder coat colours – Grey and Sandstone to suit all applications.

Features & Benefits

- Wrap around wall mount design protects the filter system from all elements
- Flat packed for easy transport and handling
- Easy assembly and installation
- Hinged front door to allow easy access for filter cartridge changes
- Durable powder coat aluminium in 2 modern colours
