Subject to technical modifications

It's REHAU

Fast. Simple. Reliable.

PINC™ is REHAU's innovative push-fit plumbing fitting range designed to make installations quicker and easier—without compromising on quality. With **no tools required**, installers save time, money and removes the hassle of bulky tools, while enjoying the confidence of a premium plumbing system.

Why Choose PINC™?

- **Tool-Free Installation:** Just push and connect – no maintenance, no calibration, no hassle.
- **Speed & Efficiency:** Complete installations in record time, reducing downtime.
- **Premium Performance:** Engineered for durability and safety, delivering long-term reliability.
- **Unmatched Safety:** PINC™ is considered the **most secure push-fit system on the market**, ensuring peace of mind for every connection.
- **REHAU Quality:** Backed by REHAU, trusted for excellence and precision.

Smart Features for Total Confidence

- **360° Fluorescent UV Pink Inspection Ring & Audible Click**
When you hear the *click* and see the full 360° fluorescent UV pink inspection ring, you know the joint is completely secure. This dual confirmation gives installers absolute trust in every connection.
- **Safety in Dark Places**
Working in low-light conditions? Shine a UV torch at the inspection ring to reveal a full-circle view of the completed joint—ensuring safety and accuracy even in hard-to-see spaces.

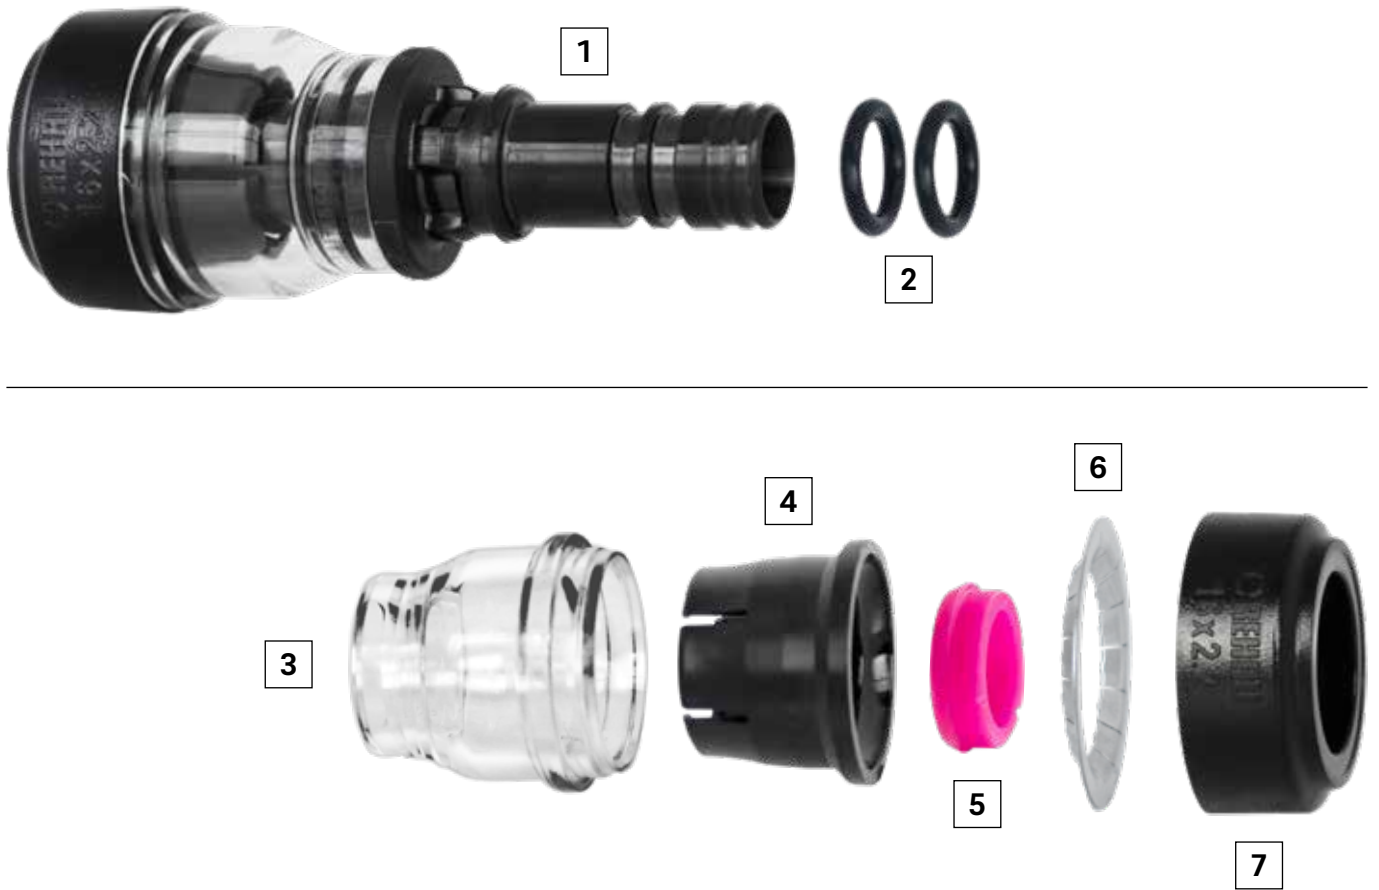

Compatibility & Sizes

- Available in **16 mm and 20 mm** sizes.
- Fully compatible with the **RAUTITAN PEX-A hot or cold piping system**, delivering a seamless solution for modern plumbing needs.

This Product Book must be used in conjunction with the latest RAUTITAN Technical Information Book. All handling, design, installation, testing, and operation of RAUTITAN products must comply with the requirements outlined in the RAUTITAN Technical Information Booklet

Fitting Components

1. Fitting body

Made of temperature and chemical resistant engineered polymer, respectively REHAU's signature highly dezincification resistant brass.

2. Seal rings

2x EPDM seal rings for extra security and enhanced leak tightness.

3. Clear housing

Glass fibre reinforced transparent Grilamid. See what's going on inside from all directions.

4. Inner collet

Tough thermo-plastic polymer that provides both stability and strength to the fitting.

5. Guide ring

Dual functionality and the heart of the design - ensures smooth pipe insertion and provides visual confirmation of completed connection.

6. Grab ring

Stainless Steel toothed ring capable of holding up to 2.5 tonnes pull-out force.

7. End cap

Glass fibre reinforced black Grilamid. Securely holds all components in place.
