Reliable

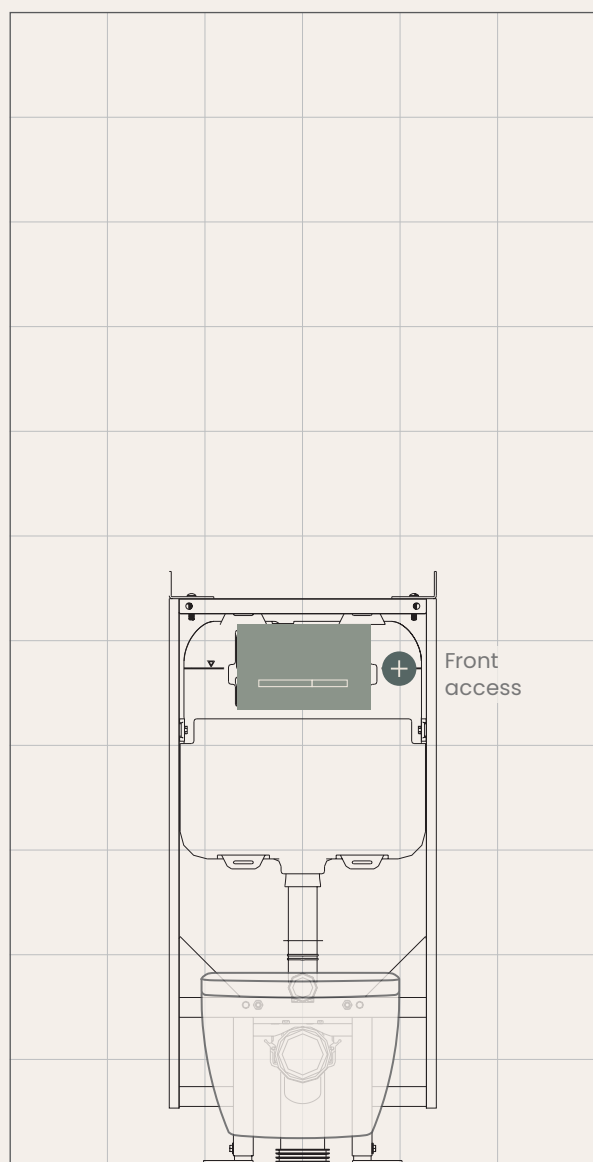

Moulded from a single piece of high-density plastic, Hideaway+ In-Wall Cisterns are designed to last so what's out of sight can also be out of mind.

Flexible

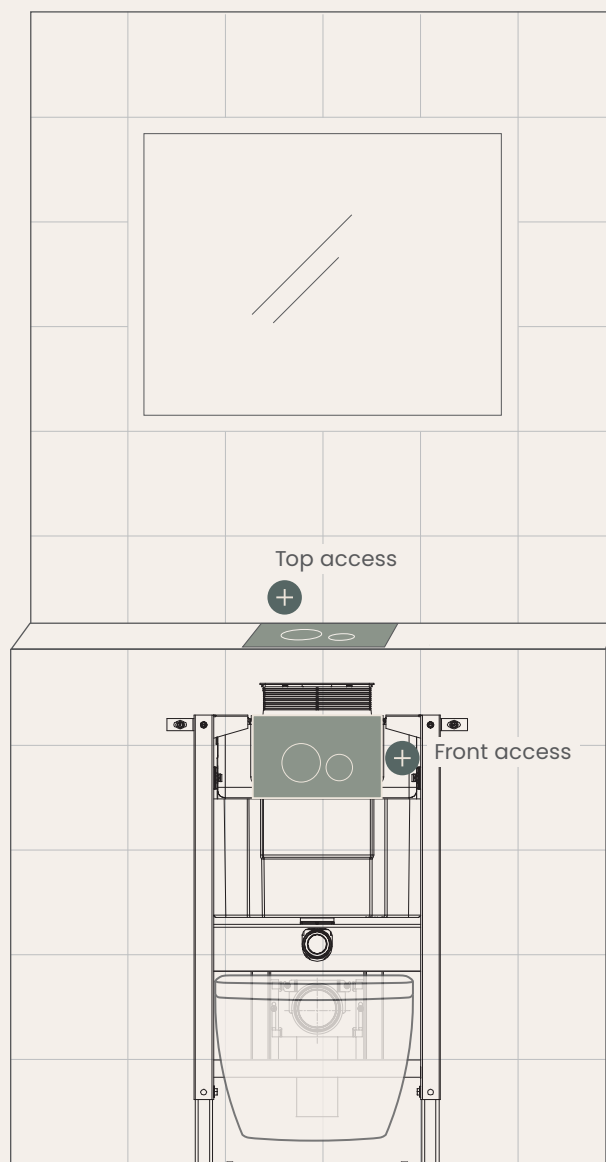

Unlimited Access

No matter what your design goal or bathroom layout is, Hideaway+ has an access option to help you create a beautiful and functional space, with no limitations.

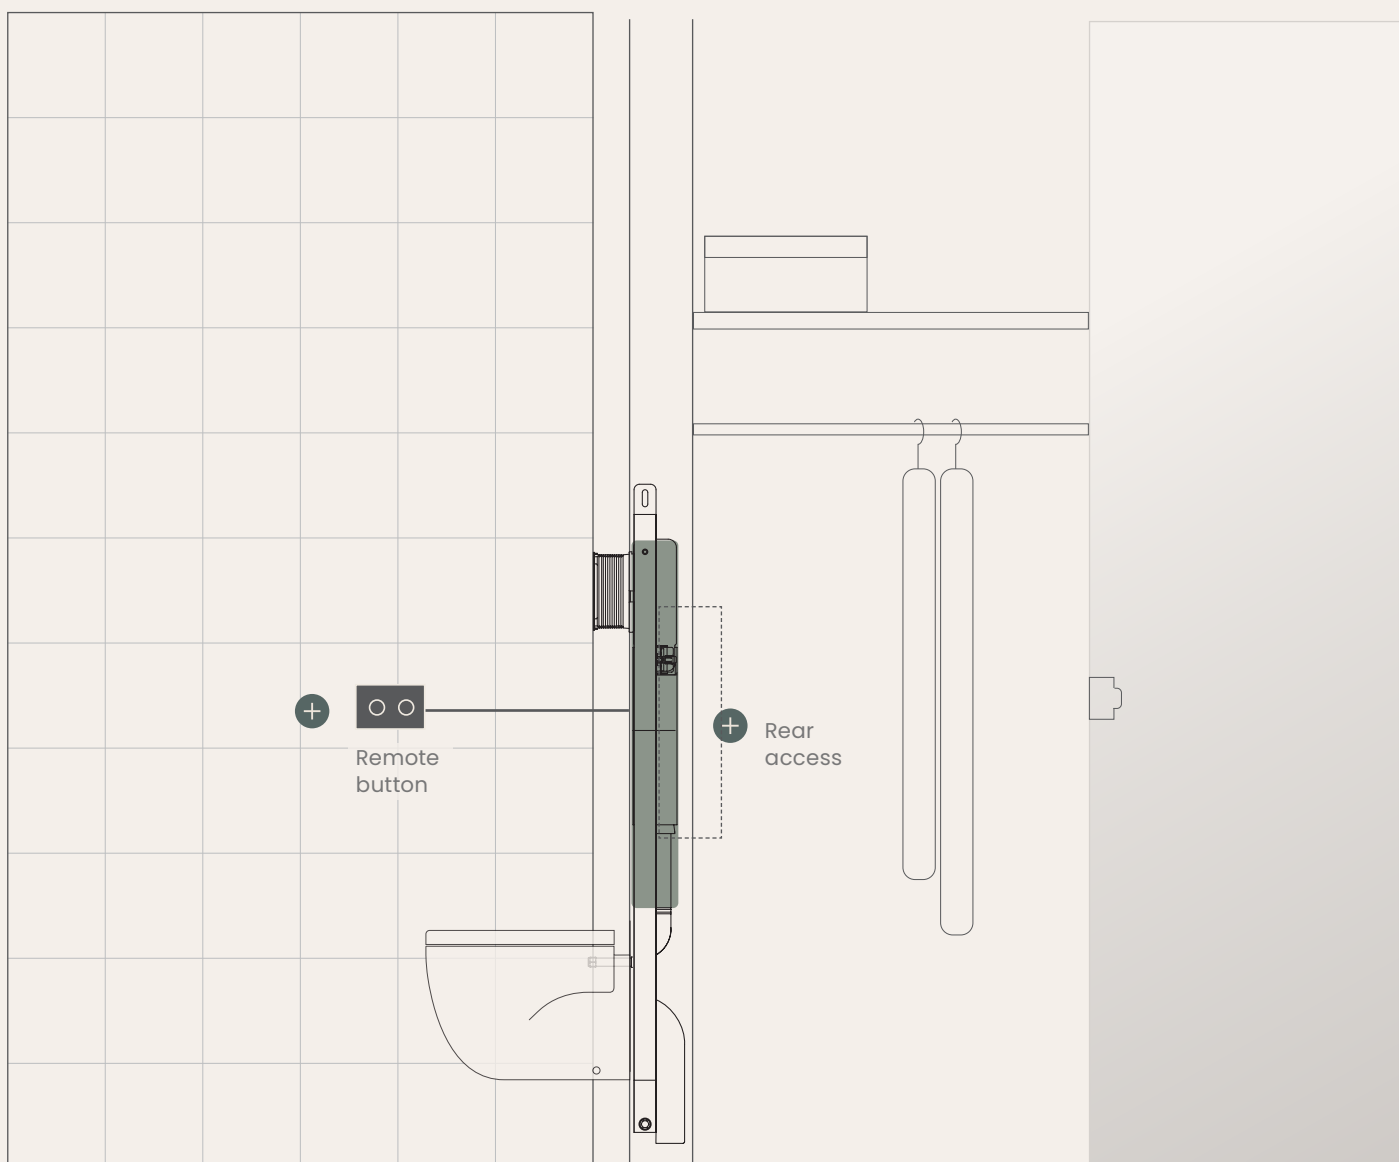

Front Access

Quick and easy, cistern access is gained through the button on the front of the wall above the toilet pan.

Undercounter Access

With undercounter access you can place your cistern in a nib wall or obstructed wall, and choose between front or top access.

Remote Access

For a minimal look, you can always access your cistern from the back or install it higher in the roof.

Remote Buttons can be positioned anywhere within 4 metres of the cistern.
