## Dura PEX Flex Hose Water Stainless Steel Low-Temp Lead Free

### INSTALLATION NOTES

- Tighten female hex nuts (with rubber cone seal) to 10Nm torque
- The installer is responsible for ensuring proper installation of the product
- Ensure that all threads are clean and that seals are undamaged
- Ensure that there are no leaks after installation
- This product is only to be used on potable water
- Don't install this product directly onto hot water units
- Don't stretch, twist or excessively bend hose
- Hoses are designed for applications above ground, accessible and not submerged
- It is recommended to connect to an isolation valve immediately before the hose
