Evaporative Coolers

Kaden Evaporative Coolers effortlessly cool your entire home to your desired temperature and operating automatically when needed. They're powered by electricity and generates cold air through the evaporation process of air and water providing very efficient cooling.

KC - Classic Range

The Kaden Classic evaporative cooler has been developed for large air flows to cool your entire home at the touch of a button. These systems feature a stylish design that is ideal for both new installations and replacement of older style coolers.

Features:

- High efficiency cooling pads
- Smart Water Management System
- Automatic Winterseal
- Super quiet axial fan
- Self-cleaning water pump

Model	Size	Airflow @100 Pa ESP	Motor (watts)	Pad Thickness (mm)	L (mm)	W (mm)	H (mm)	Weight (kg)	Dropper Connection (mm)
