

NEW PRODUCT

ROCAM mini HD – MODULE 25/22 HD

Modular HD inspection camera for residential areas

7" Full-HD Touch-Display

For intuitive operation and direct documentation with damage catalog directly on the device

App functionality

Full functions for live streaming and easy data sharing via iOS and Android

Waterproof housing

Enables working on in the rain

Compatible with the CAS battery system

Which includes more than 300 battery devices

Compact Ø 25 mm head

Covers an application range from Ø 40 – 110 mm

512 Hz sensor

Can be tracked with the ROLOC PLUS HD

22 m reel

For inspecting pipelines of multi story family houses

The ROCAM mini HD & the module 25/22 HD cover an application range from Ø 40 – 110 mm.

For more convenient work, simply remove the 18V CAS battery and connect it directly to the ROCAM mini HD display.

The compact Ø 25 mm head delivers brilliant images in full HD.

The additional TEC module included in the scope of delivery inspection of hollow spaces.

The additional internal battery bridges the time without power supply and enables continuous operation.

With the help of the ROLOC Plus HD module the locating transmitter can be quickly and easily found.
