# StormFLO<sup>®</sup> Civil

The environmental choice for stormwater  
and drainage applications

AUSTRALIAN  
MADE  
& 100% RECYCLABLE

**Uncompromised performance**

**An environmentally sustainable solution**

**Good hydraulic flow**

**Easy to install**

**Light internal wall for easy inspection**

## Complete flexible HDPE drainage systems for:

### Roads

Civil Infrastructure  
stormwater &  
Asset renewal

### Land Development

Residential & Industrial  
solutions

### Rail

Stormwater run off  
Culverts under rail

### Mining

Stormwater solutions  
aggressive ground  
conditions

### Rural

Culverts  
Heavy rural load  
applications

### Size Range - 6m lengths SN8

- 225mm
- 300mm
- 375mm
- 450mm
- 525mm
- 600mm

*Other sizes available in the Vinidex range*

### An environmentally sustainable solution

Includes recycled PE

### Full project support

Including new design guide

Backed by 60 years  
of industry experience  
& know-how
