## BILLI BENEFITS

Suitable for both Home and Commercial environments, Billi's Small, Medium and Large boiling & chilled drinking water systems with XT dispensers are now available exclusively through Reece.

All models in this range are recognised under green building principles for their energy efficiency; providing you not just with peace of mind, but a flexible, attractive and space saving solution.

Select from the Small model, which fits perfectly into the family kitchen, or small office environment or choose the Water-cooled Medium & Large units, ideal for mid - high usage spaces.

Each capacity category offers 3 finish variants to complement most mixer tap and kitchen finishes.

### SAFE TO OPERATE

→ Boiling water safety switch

### SPACE SAVING

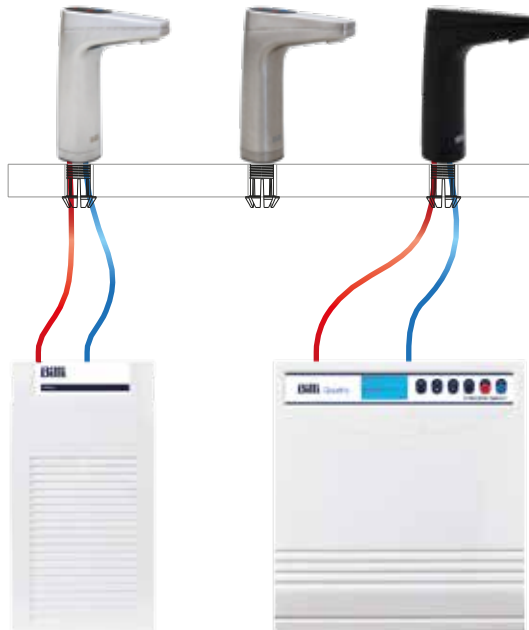

→ Small underbench footprint

### DESIGN

→ Premium touch option in 3 finishes to complement most kitchen designs

### EASY INSTALLATION BENEFITS

→ Dispenser can be installed from above bench saving time on installation

### ENERGY EFFICIENT

→ Low running costs & ongoing filter costs

### NO VENTILATION REQUIRED

→ No need for cabinetry cut outs or fan installation saving time and cost to purchase additional grills

### RISK REDUCTION

→ Reduce risk of damage to cabinetry by installer

	CH-Chrome	BR-Brushed	MB-Matte Black
