Animal Drinking Bowls - Stainless Steel

HINGED LID

- Allows for easy maintenance.

SLOPED DESIGN

- Brings all debris to the front for easy cleaning.

LEFT OR RIGHT INLET

- Allows the bowl to be used in various applications.

RETAIL PACKAGED

- Neatly presented for the retail market.

STAINLESS STEEL CONSTRUCTION

- Entire bowl is made from stainless steel to prevent rust.

Animal drinking bowls are durable drinkers for constant water supply to stock, poultry and pets. They are permanently mounted with positive shut off valve, avoiding spillage & waste. They are fully serviceable and aid in reducing yard injury. The complete bowls come in a retail packaged box ready for resale.

Animal Drinking Bowls - Nylon with Stainless Steel Cover

LIVESTOCK FRIENDLY

- Heavy duty bowl without any sharp edges.

HINGED LID

- Allows for easy maintenance.

DRAIN

- Unscrew the drain plug for simple cleaning.

RETAIL PACKAGED

- Neatly presented for the retail market.

CORROSION RESISTANT

- Stainless steel lid with Nylon bowl.

Similar to the stainless steel version, these durable nylon drinking bowls are ideal for constant water supply to stock, poultry and pets but have a slightly higher capacity than their counterparts. Livestock friendly, the heavy duty rolled edges aid in reducing yard injury and the drain plug allows for simple cleaning. The complete drinking bowls also come in a retail packaged box ready for resale.
