## Nature as muse.

With inspiration taken from nature, Arc is a bold new direction where soft curves meet contemporary angles. Discover a tranquil escape that brings light and life into your home.

A modern bathroom vanity unit is shown against a wall of white subway tiles. The unit consists of a wooden cabinet with a natural grain finish, featuring two large doors with horizontal paneling. On top of the cabinet is a white, bowl-shaped vessel sink with a minimalist chrome faucet. To the left of the sink is a small, dark amber glass bottle of Aesop hand soap. Above the sink is a large, round, backlit mirror that glows with a warm yellow light. A green plant is partially visible on the far left edge of the frame.
