

Nobili Flag Pull Out Sink Mixer with Biomaster Matte Black

Important Note

This product includes Biomaster hygienic surface protection. Biomaster is a non-organic addition to the matte black finish that inhibits the growth of bacteria by up to 99.99% for the lifetime of the product. Using silver ions the replication process of bacteria is stopped safely and without the risk of leaching nasty materials onto those touching the surface.

Mixer must be installed to the requirements of AS/NZS 3500 by a qualified plumber. Your mixer comes to you already factory assembled and tested. We do not recommend the dismantling of any internal part of the mixer. The mixers are factory tested and sealed so as to give the best performance.

SERVICING-REPLACEMENT OF CARTRIDGE

Plumbers, please ensure a copy of the installation instructions is left with the end user for future reference
