

THE BEST JUST GOT

BETTER

NOW WITH NEXT GEN TECHNOLOGY

POWER SERIES

Additional grind capabilities and the horsepower to take on tough food scraps.*

ADVANCED SERIES

SoundSeal Technology and MultiGrind Technology deliver our finest grind and quietest disposal operation.

STANDARD SERIES

Featuring rugged construction, galvanised steel grind components, and long-lasting induction motor for optimal grinding power and durability.

*Additional grind capabilities compared to the Standard Series, and the horsepower to take on tough food scraps, like peach pits.

InSinkErator Next Generation

Coming August 2025
