Engineered for the most demanding commercial applications, Wolfen products are made to perform - all day, everyday. Our innovative range is designed around the needs of users operating in specific environments, including Hospitals & Health Care, Education, Hospitality, Public Spaces and Sports & Leisure venues.

Our meticulous manufacturing approach ensures that all our solutions work as good as they look. Combining strength, precision and reliability, Wolfen delivers total peace of mind. That's the Wolfen difference.

When we set out to create a Wolfen product, it starts with a commitment to finding the most durable and functional materials available. We then combine these with leading technologies from all over the world. Every element is seamlessly integrated to perform in the environment it will operate in. Wolfen understands the unique challenges of each industry segment and we create solutions with an absolute commitment to quality and long-life performance.

Designed to perform, built to last.

Wolfen products have been designed to perform at the very highest of standards through innovative and robust functionality. Combining attention to detail with superior materials, Wolfen has engineered a range of products that are reliable, functional and intelligent.

The best in our industry, for your industry

Wolfen offers innovative solutions for a wide array of commercial and industrial applications spanning health care, disability, councils, aged care, public recreation, sporting facilities and education institutions as well as commercial food premises and hospitality. These industries require the reliability, durability and simplicity that is inherent in all Wolfen products.

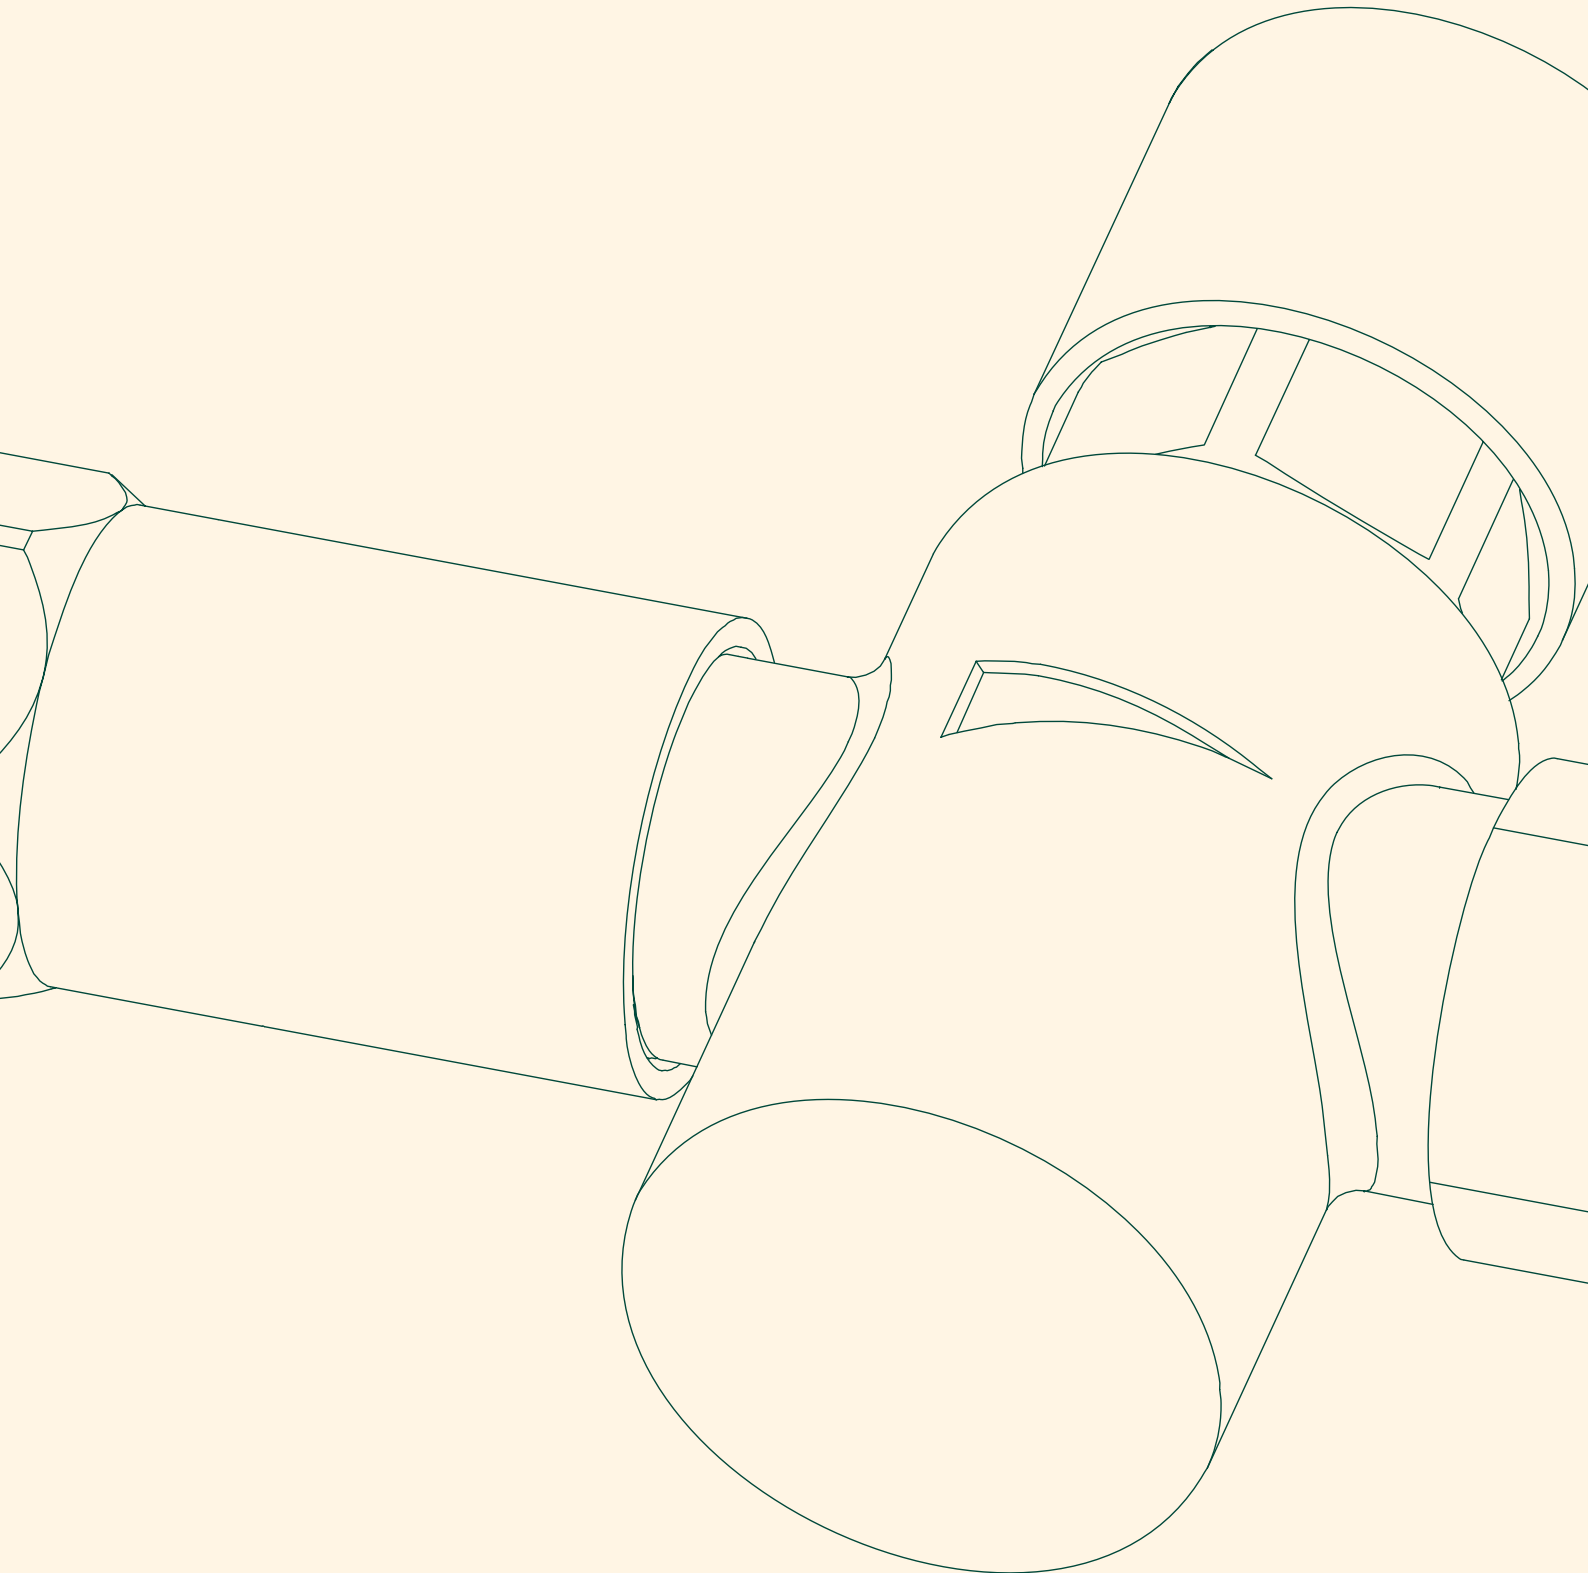

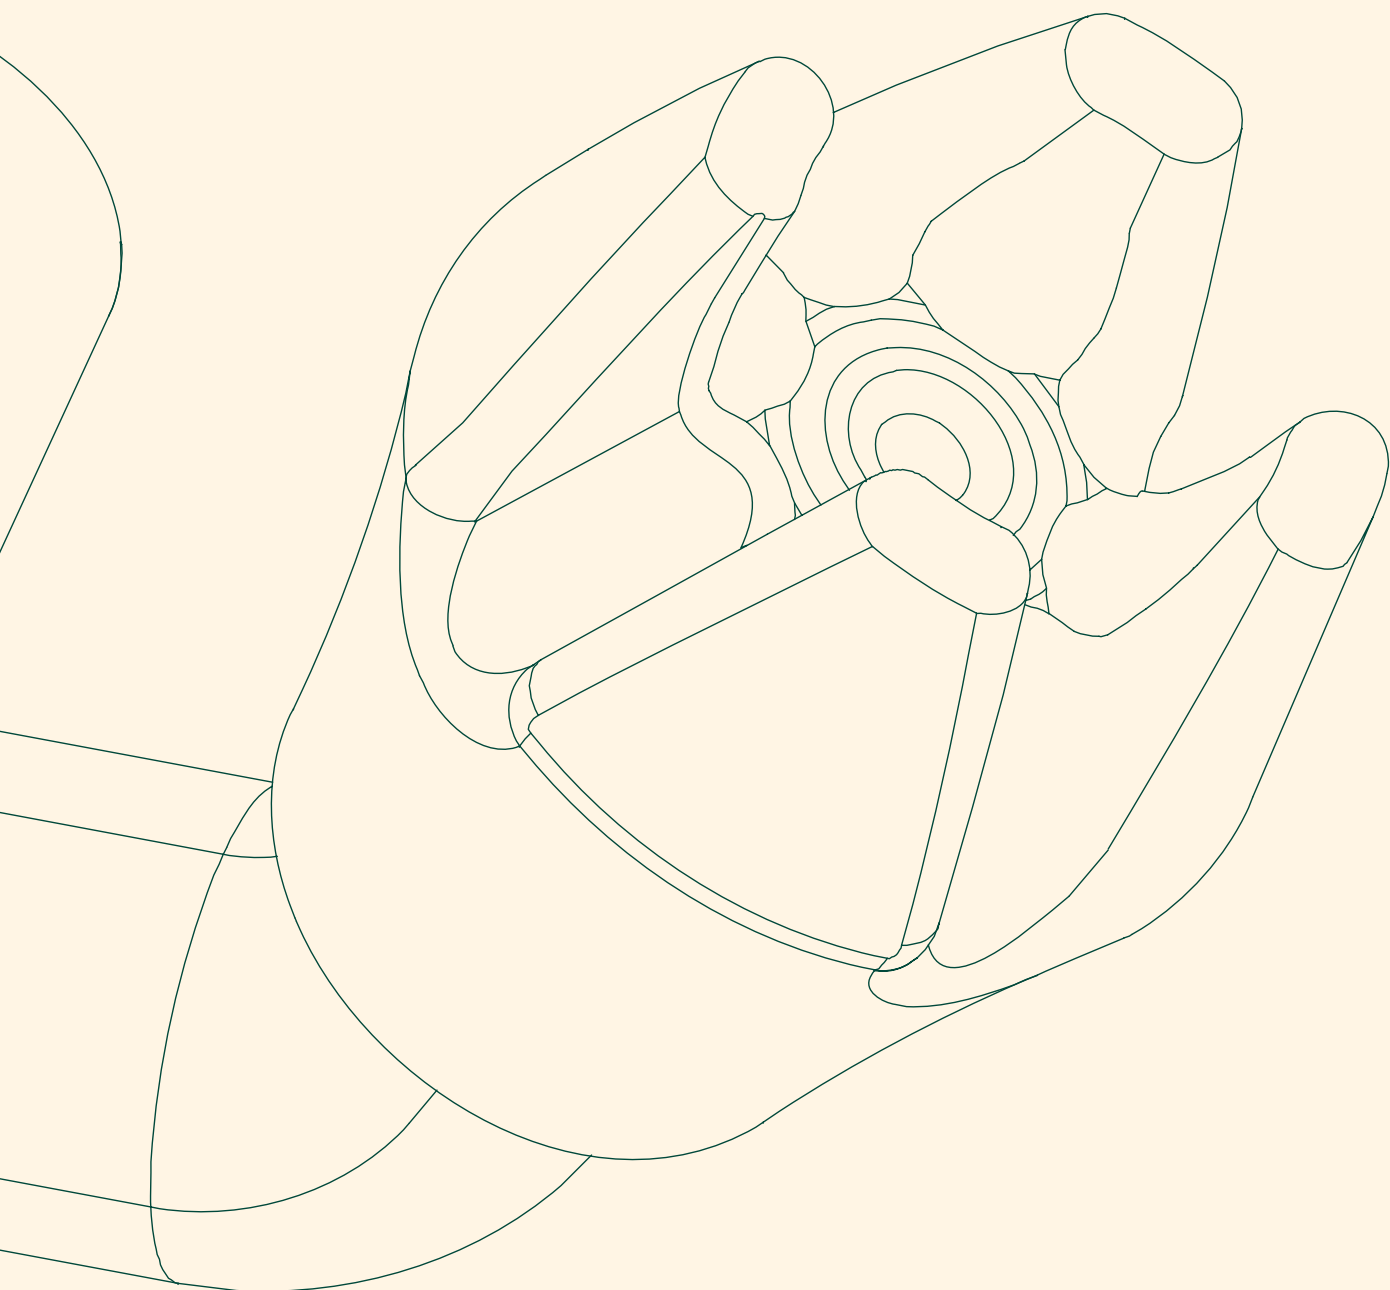

Confidently backed, readily supplied

Wolfen offers an industry leading 5-year warranty throughout the entire range, giving you confidence that our products are truly built to last. Backed by the Reece network, Wolfen products are available from any branch as either a stock item or ordered in from a national network of distribution centres.

Bubblers

Designed around the principles of durability, reliability and functionality, Wolfen bubblers provide drinking water solutions that perform all day, every day.

122° Wall Bubbler

Product Code: 252418
122° Wall Bubbler with Recessed Spray
Nozzle and Soft Spring Button

Commercial Applications

Education

Public Places

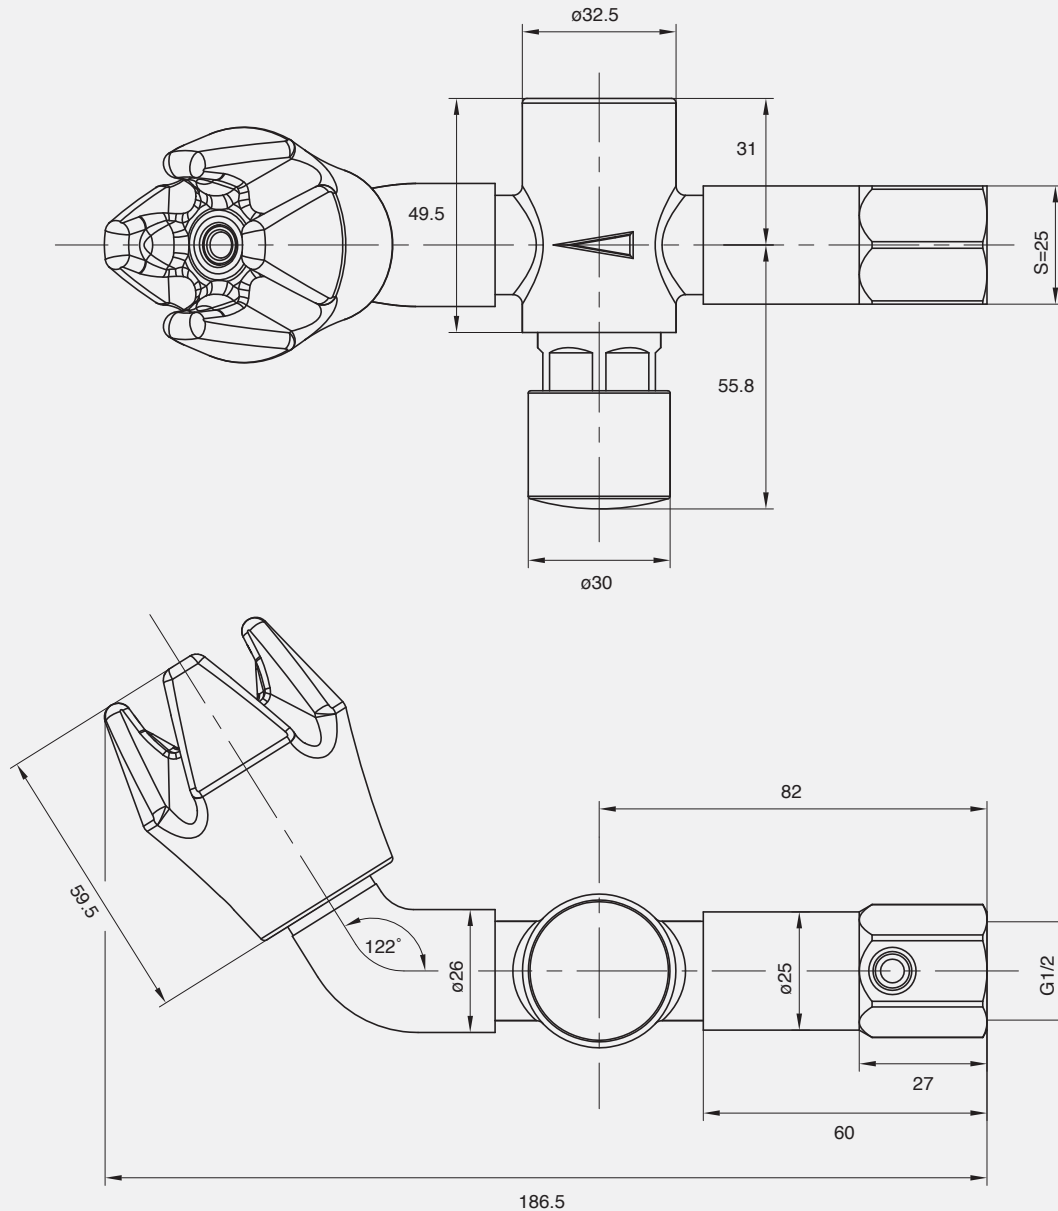

Sports and Leisure

Features and Benefits

Infection control features
Recessed spray nozzle avoids contact with user
Commercial durability
UV treated rubber guard
Installation and servicing
Simple allen key run time adjustment
0-55 second adjustable
Supplied with inlet strainer
Factory pre-set to 4-6 seconds

Usage features
Soft spring for easy use
Protective rubber guard for safety

Technical Information

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

90° Wall Bubbler

Product Code: 252465
90° Wall Bubbler with Recessed Spray
Nozzle and Soft Spring Button

Commercial Applications

Education

Public Places

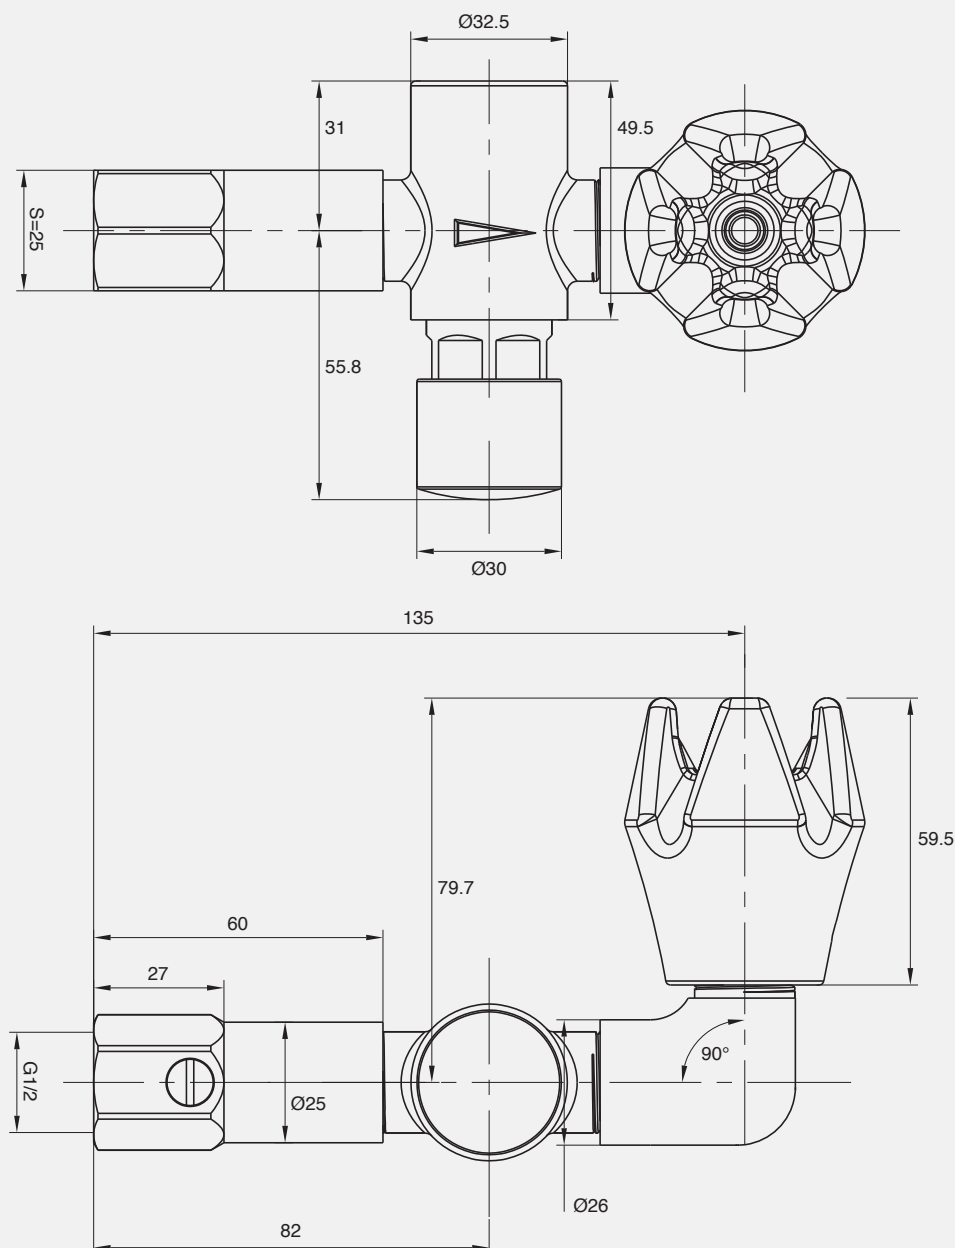

Sports and Leisure

Features and Benefits

Infection control features
Recessed spray nozzle avoids contact with user
Commercial durability
UV treated rubber guard
Installation and servicing
Simple allen key run time adjustment
0-55 second adjustable
Supplied with inlet strainer
Factory pre-set to 4-6 seconds

Usage features
Soft spring for easy use
Protective rubber guard for safety

Technical Information

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Hob Bubbler

Product Code: 252419
Hob Mounted Bubbler with Recessed
Spray Nozzle and Soft Spring Button

Commercial Applications

Education

Public Places

Sports and Leisure

Features and Benefits

Infection control features

Recessed spray nozzle avoids contact with user

Commercial durability

UV treated rubber guard

Installation and servicing

Simple allen key run time adjustment

0-55 second adjustable

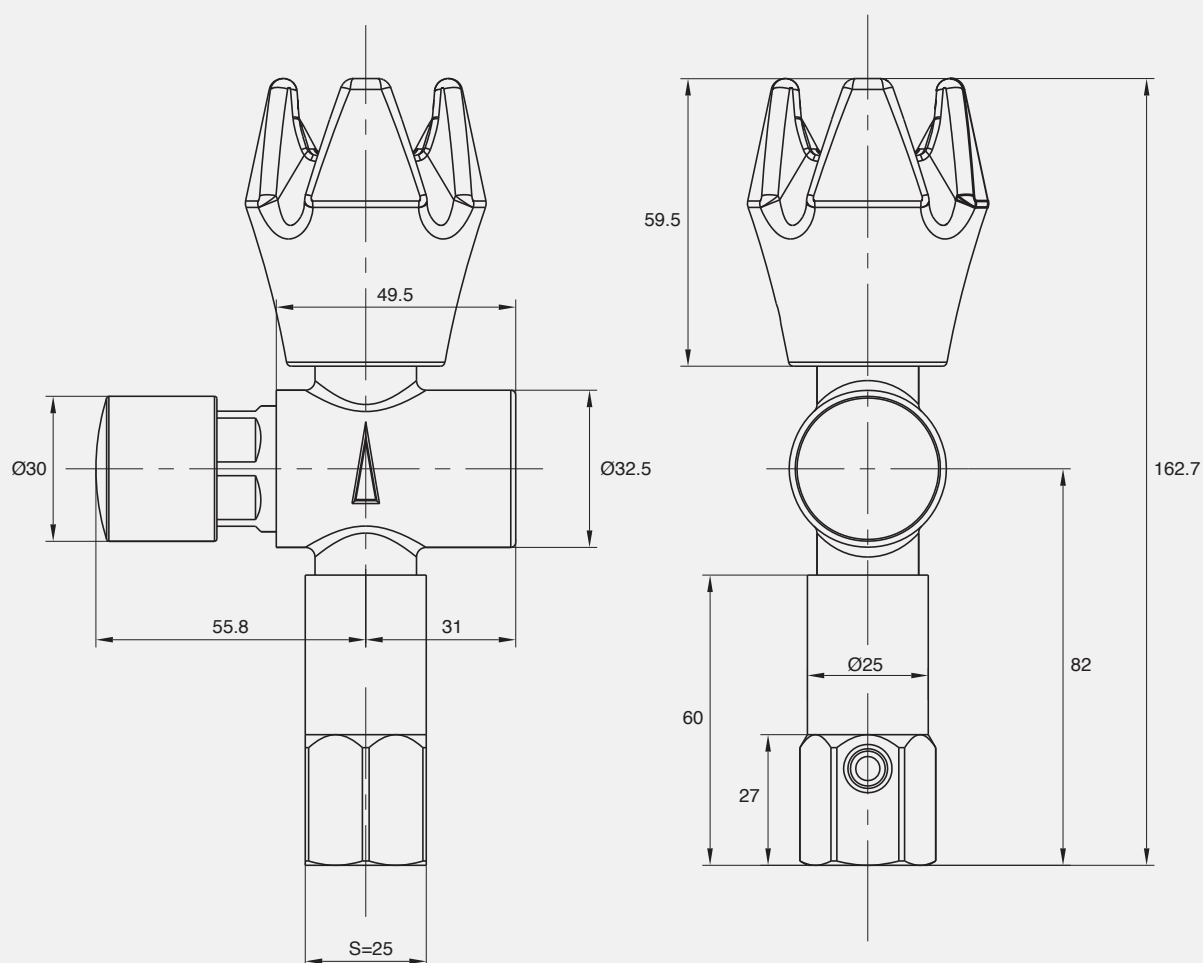

Supplied with inlet strainer

Factory pre-set to 4-6 seconds

Usage features

Soft spring for easy use

Protective rubber guard for safety

Technical Information

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Remote Button Bubbler

Product Code: 252420
Remote Bubbler with Recessed Spray
Nozzle and Soft Spring Button

Commercial Applications

Education

Public Places

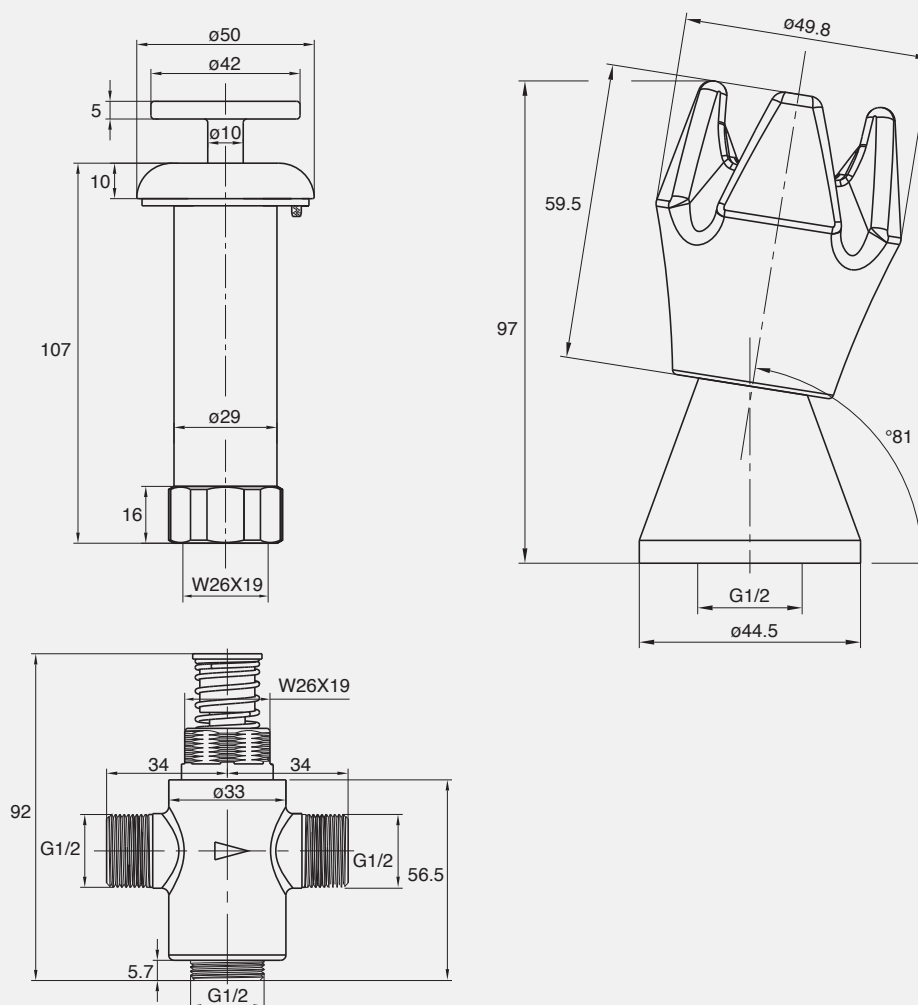

Sports and Leisure

Features and Benefits

Infection control features
Recessed spray nozzle avoids contact with user
Commercial durability
UV treated rubber guard
Installation and servicing
Simple allen key run time adjustment
0-55 second adjustable
Supplied with inlet strainer
Factory pre-set to 4-6 seconds

Usage features
Soft spring for easy use
Protective rubber guard for safety

Technical Information

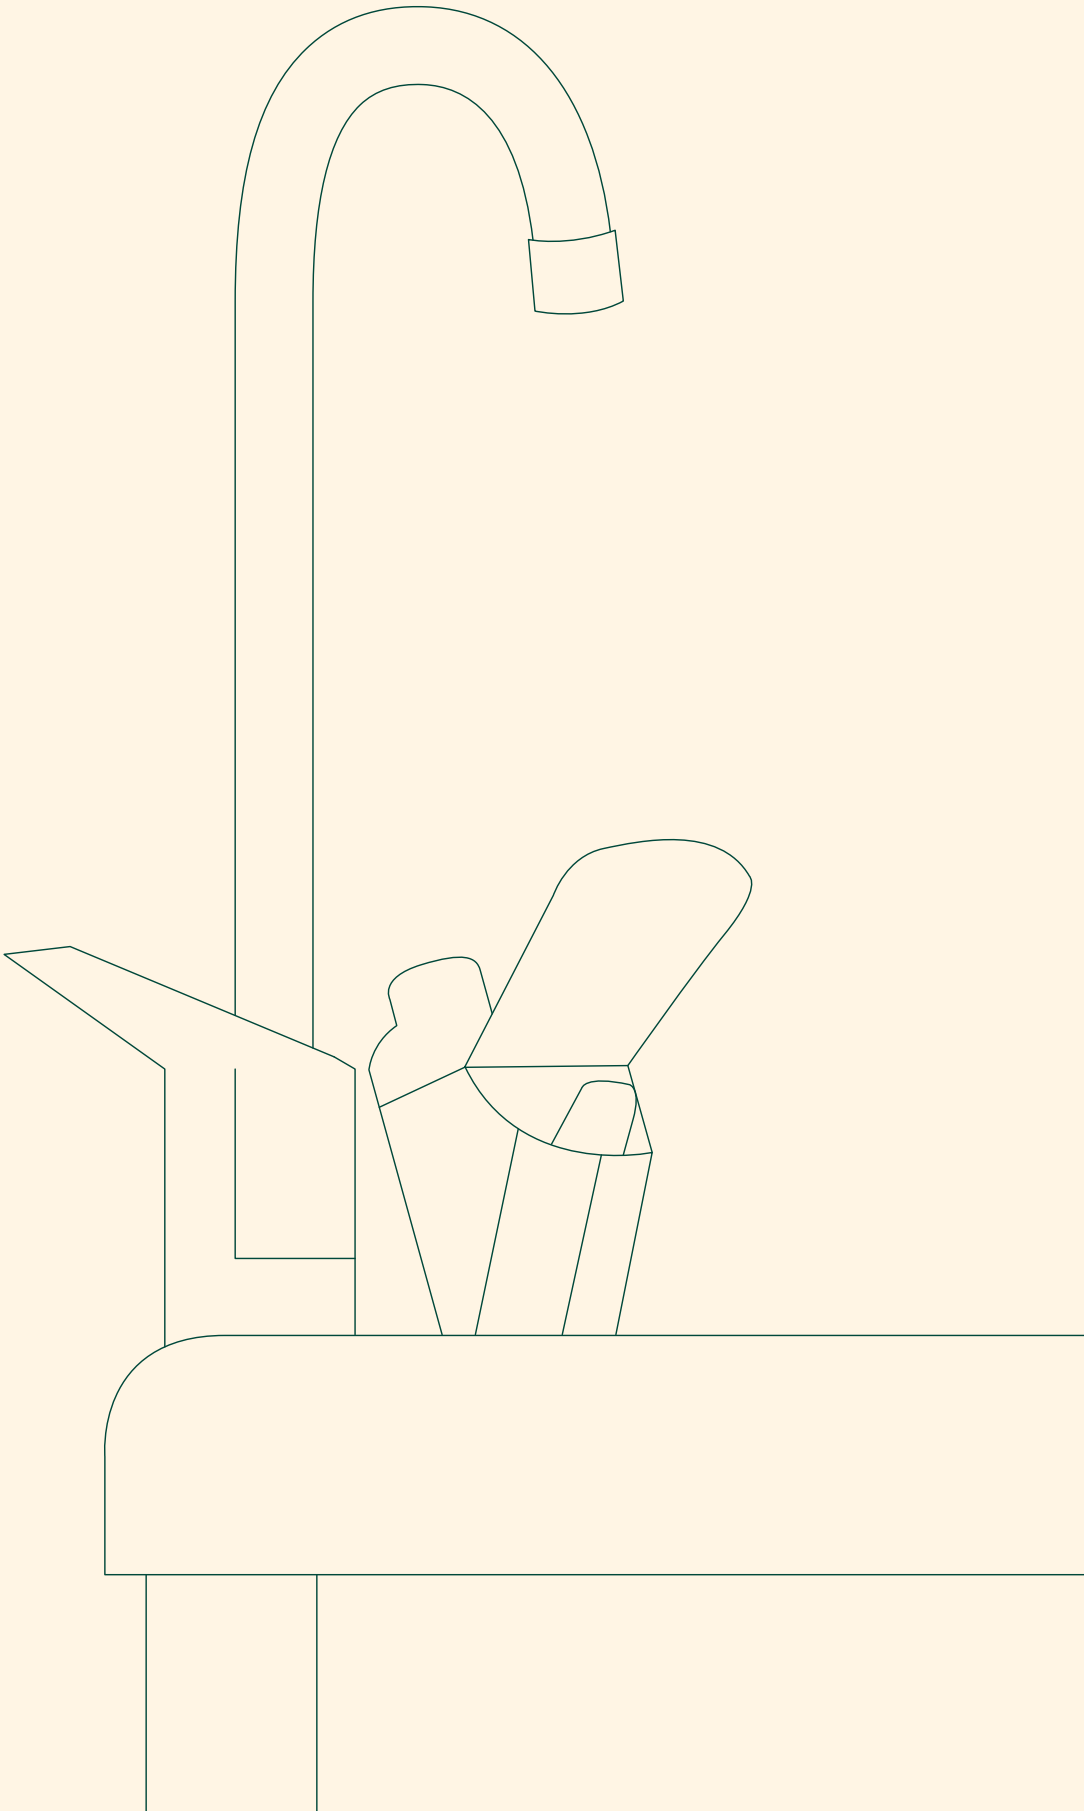

Colour	Chrome / Rubber Guard
Finish	Polished
Material	Brass
Cartridge Type	Press Timed Flow Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

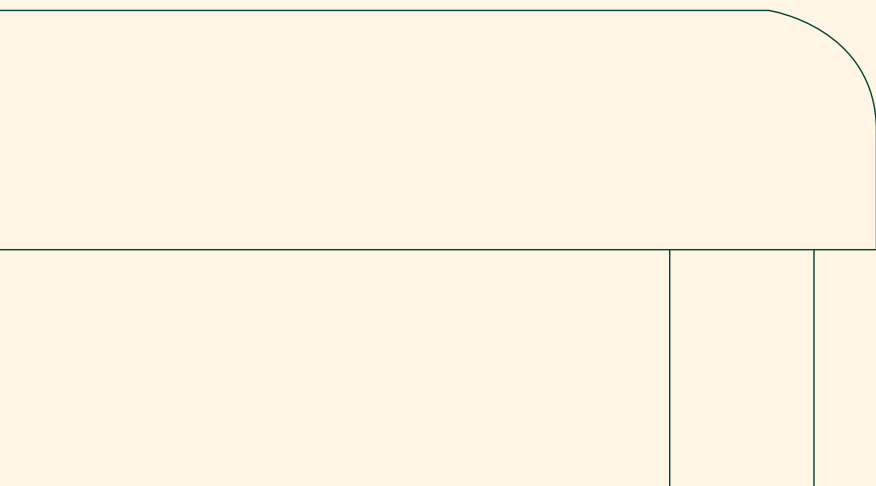

Suitable for high pressure applications (minimum 150 kPa)

Drinking Fountains

Wolfen's range of drinking fountains have been designed to be sleek in design, made for the toughest jobs.

Sensor Drinking Fountain

Product Code: 1308142
Sensor Drinking Fountain 10lph

Commercial Applications

Education

Hospital and Health Care

Public Places

Sport and Leisure Facilities

Features and Benefits

Infection control features

Foot sensor activated bubbler

Commercial durability

Industrial grade stainless steel construction

10 litres per hour of chilled water

5L insulated cold tank

Front panel removes easily for filter changes

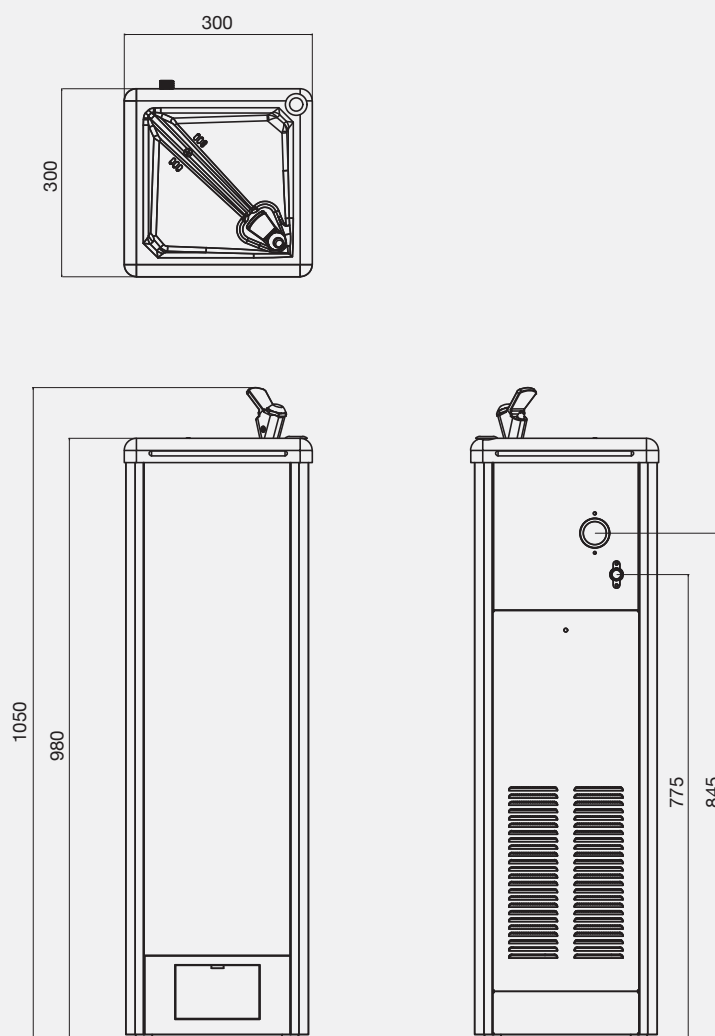

Installation features

IP33 rated for outdoor use

R134a refrigerant for high ambient conditions

Drinking bubbler with adjustable flow

Optional filter cartridge to enhance drinking water quality (1308144)

Technical Information

Material	304 stainless steel
Product warranty	5 years
Power Supply	240V

Sensor Drinking Fountain and Glass Filler

Product Code: 1308152
Sensor Drinking Fountain & Glass Filler 10lph

Commercial Applications

Education

Hospital and Health Care

Public Places

Sport and Leisure Facilities

Features and Benefits

Infection control features

Foot sensor activated bubbler

Commercial durability

Industrial grade stainless steel construction

10 litres per hour of chilled water

5L insulated cold tank

Front panel removes easily for filter changes

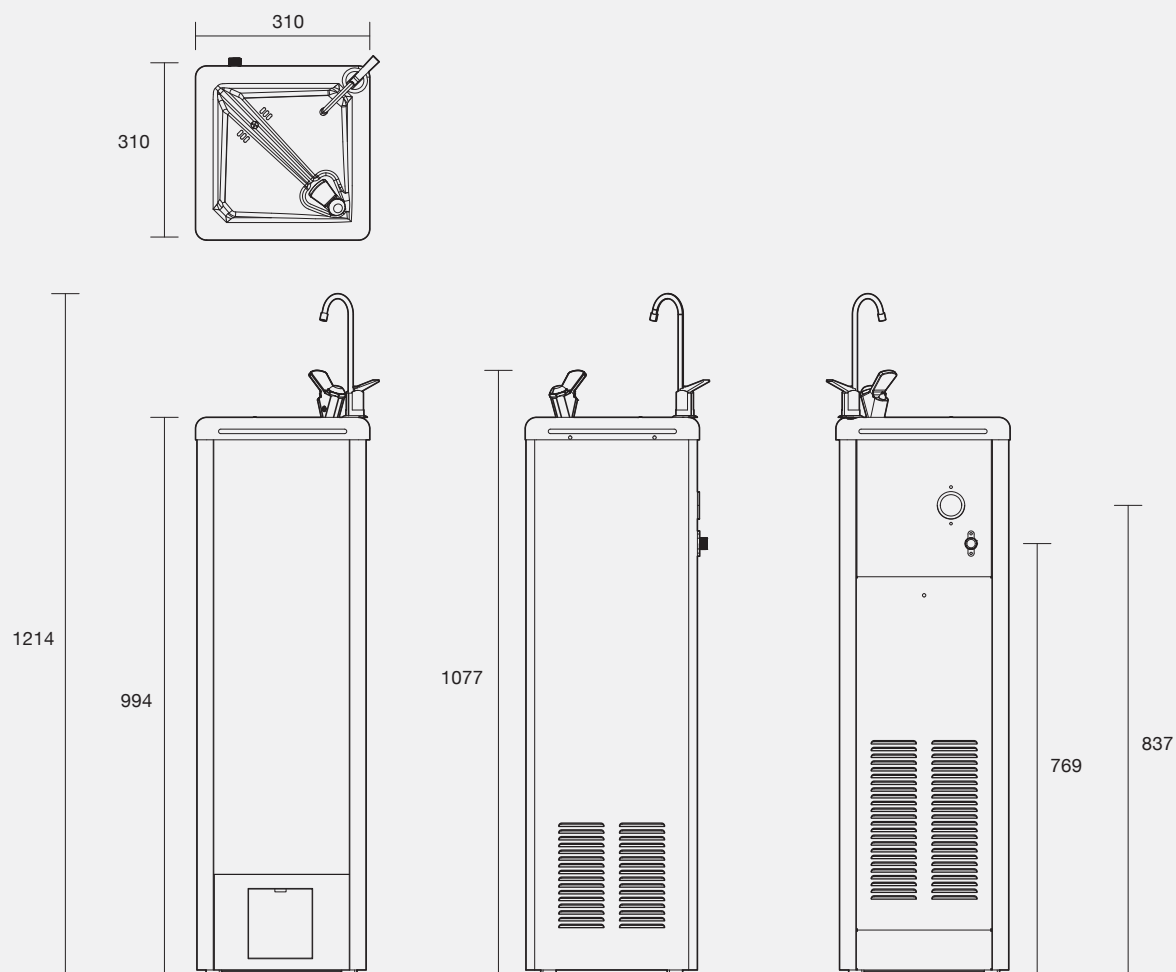

Installation features

IP33 rated for outdoor use

R134a refrigerant for high ambient conditions

Drinking bubbler with adjustable flow

Optional filter cartridge to enhance drinking water quality (1308144)

Technical Information

Material	304 stainless steel
Product warranty	5 years
Power Supply	240V

Sensor Drinking Fountain and Glass Filler

Product Code: 1308143
Sensor Drinking Fountain & Glass Filler 19lph

Commercial Applications

Education

Hospital and Health Care

Public Places

Sport and Leisure Facilities

Features and Benefits

Infection control features

Foot sensor activated bubbler

Commercial durability

Industrial grade stainless steel construction

19 litres per hour of chilled water

5L insulated cold tank

Front panel removes easily for filter changes

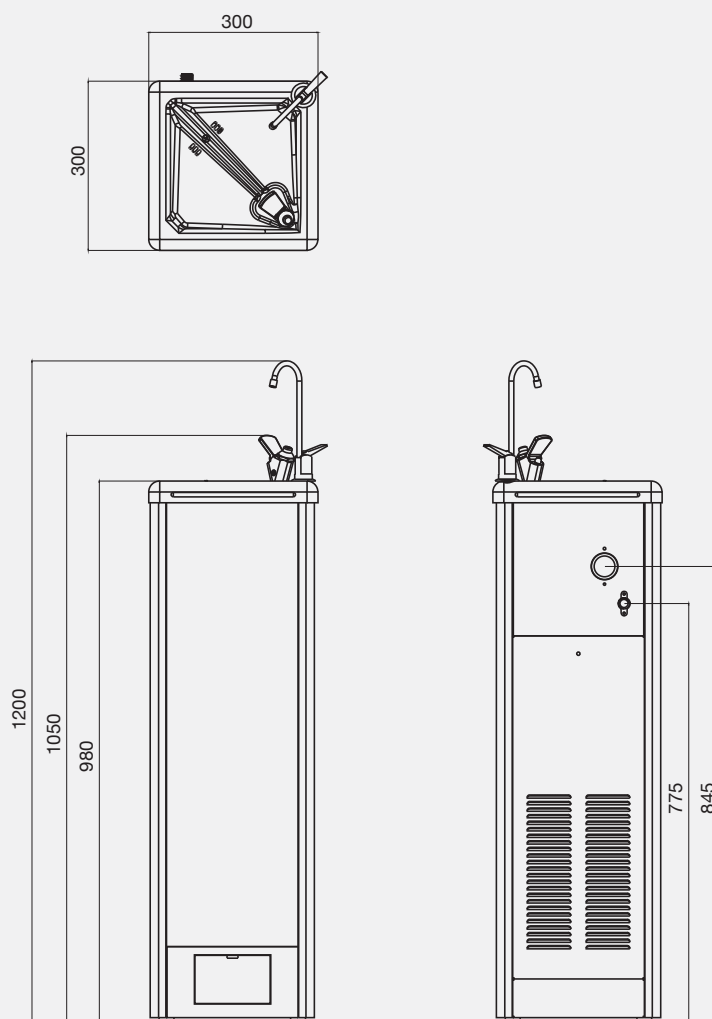

Installation features

IP33 rated for outdoor use

R134a refrigerant for high ambient conditions

Drinking bubbler with adjustable flow

Optional filter cartridge to enhance drinking water quality (1308144)

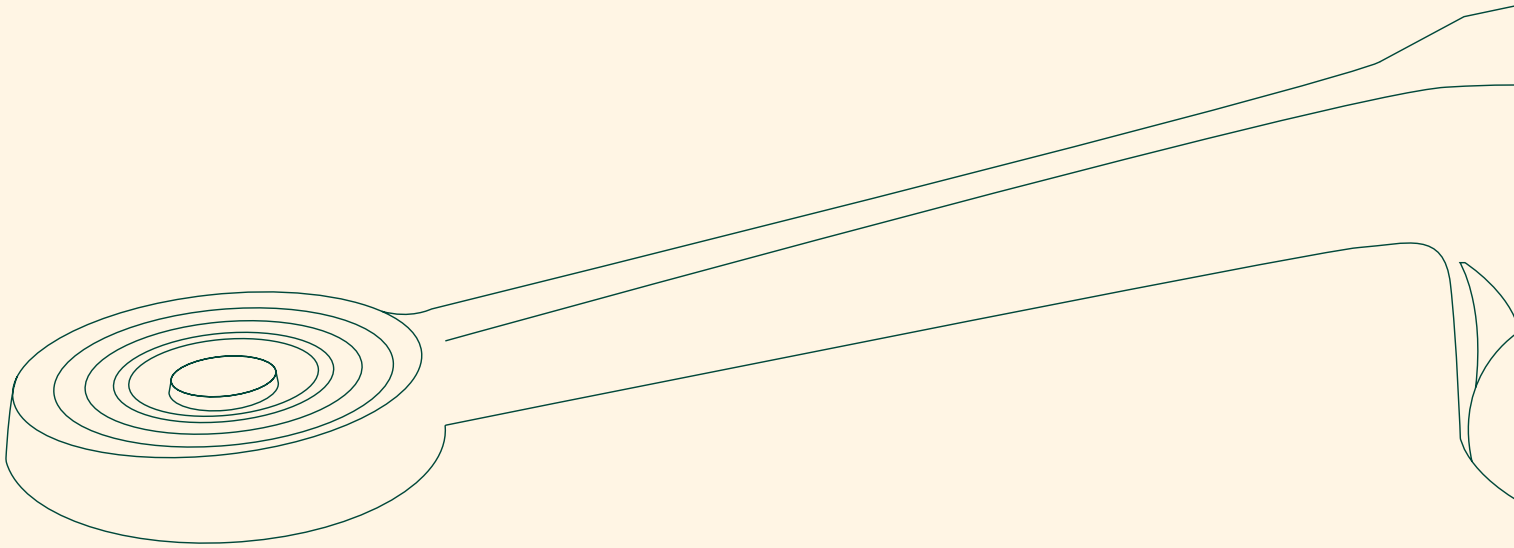

Technical Information

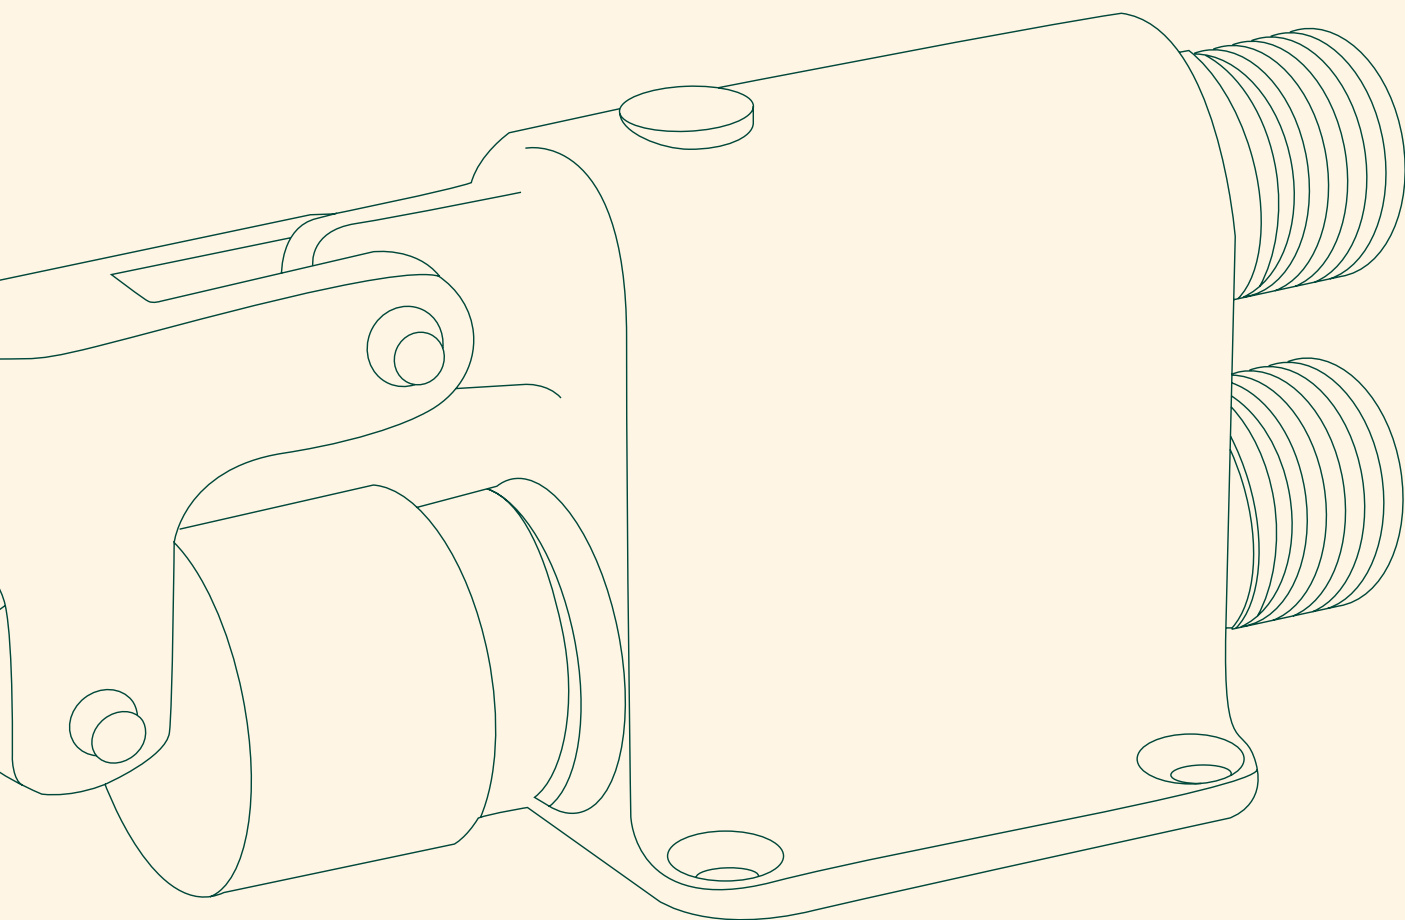

Material	304 stainless steel
Product warranty	5 years
Power Supply	240V

Foot And Knee Operated Tapware

Designed for absolute performance, Wolfen's commercial valved tapware products set new standards in quality and durability. Ergonomic design combined with precision engineering ensures that every Wolfen product is easy-to-use and made to last.

Foot Operated Pedal Valve

Product Code: 252460
Timed Foot Pedal Valve for
Operating Tapware

Commercial Applications

Commercial Kitchen

Features and Benefits

Infection control features

15 second timed flow run time complies with food preparation regulations

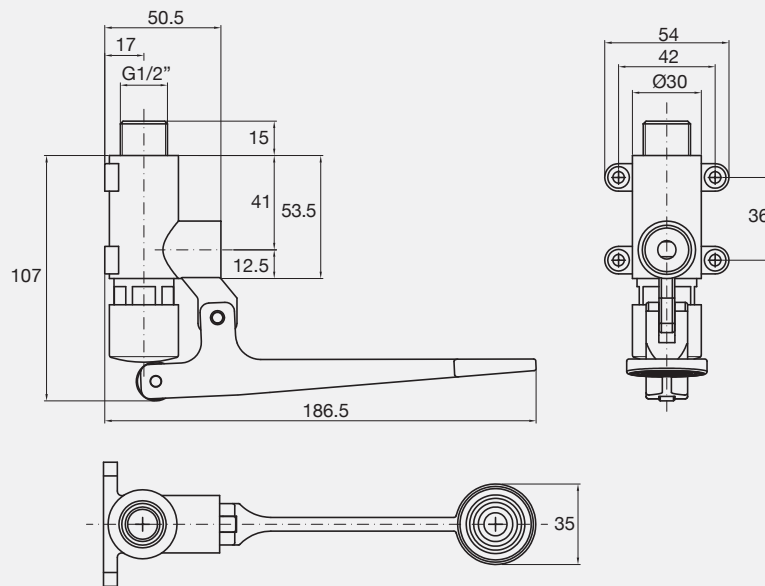

Installation and servicing

Wall or floor mount suitable
Preset to 15 seconds

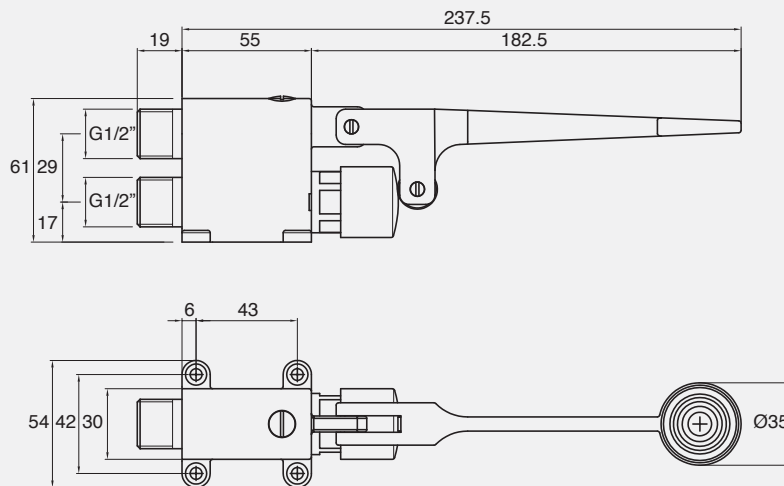

Usage features

Soft spring for easy use
0-55 second adjustable run time
Foot pedal can be lifted up for ease of cleaning

Wall Mounted

Floor Mounted

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Height	140 mm
Clearance	60.8 mm
Reach	114 mm
Product Warranty	5 Years

Foot Operated Kit with Outlet

Product Code: 252957
Foot Operating Tap Including
Foot Pedal Valve and Tap Outlet

Commercial Applications

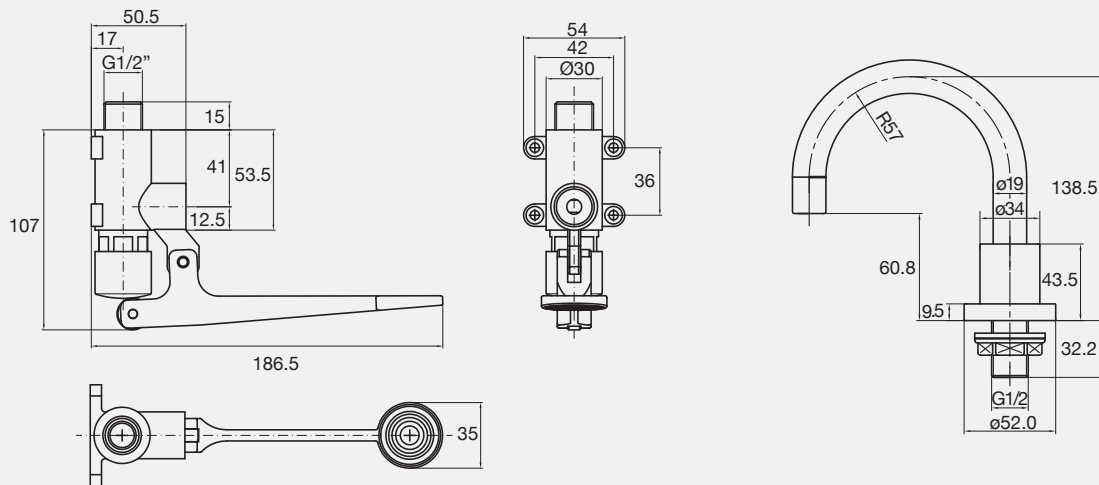

Commercial Kitchen

Features and Benefits

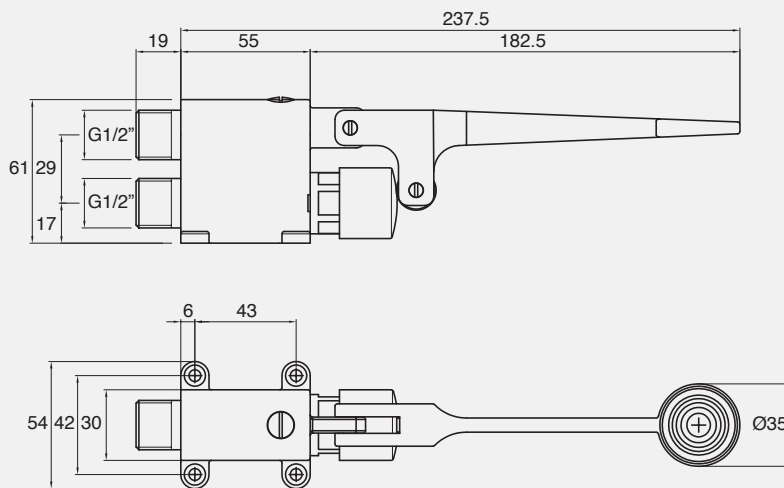

Infection control features
15 second timed flow run time complies with food preparation regulations
Commercial durability
Strong design with minimal moving parts
Installation and servicing
Wall or floor mount suitable
Preset to 15 seconds
Simple allen key run time adjustment

Usage features
Soft spring for easy use
0-55 second adjustable run time
Foot pedal can be lifted up for ease of cleaning

Wall Mounted

Floor Mounted

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Height	140 mm
Clearance	60.8 mm
Reach	114 mm
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Knee Operated Kit with Outlet

Product Code: 252959
Knee Operated Tap Including
Knee Valve and Tap Outlet

Commercial Applications

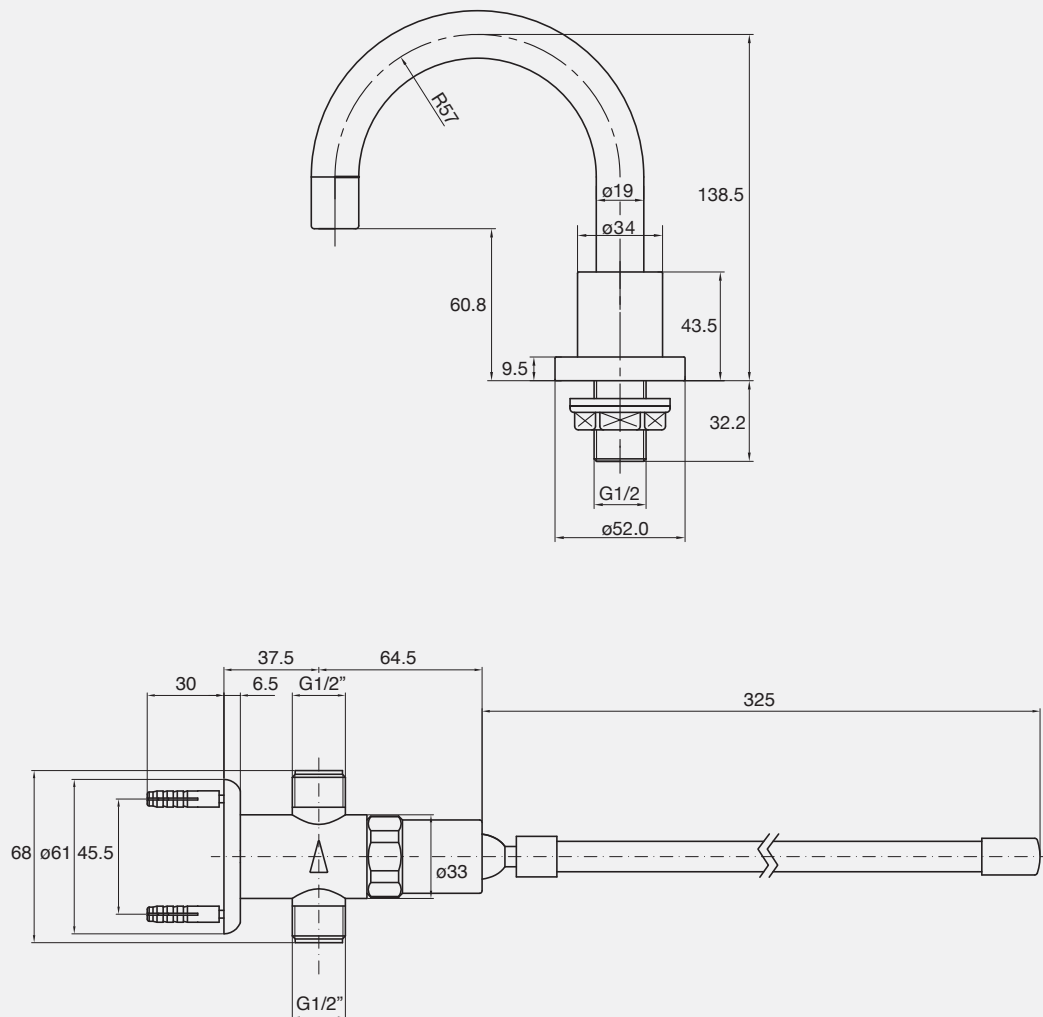

Commercial Kitchen

Features and Benefits

Infection control features
15 second timed flow run time complies with food preparation regulations
Installation and servicing
Run time adjustment available

Usage features
Soft spring for easy use
0-55 second adjustable run time
Flexible nylon wand for easy use

Technical Information

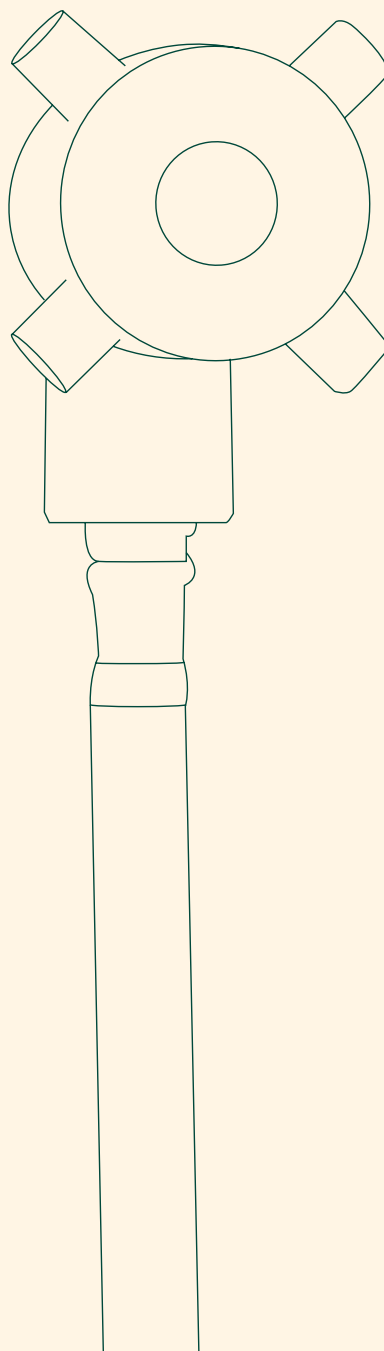

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	50 °C
Max Static Pressure	500 kPa
Height	140 mm
Clearance	60.8 mm
Reach	114 mm
Product Warranty	5 Years

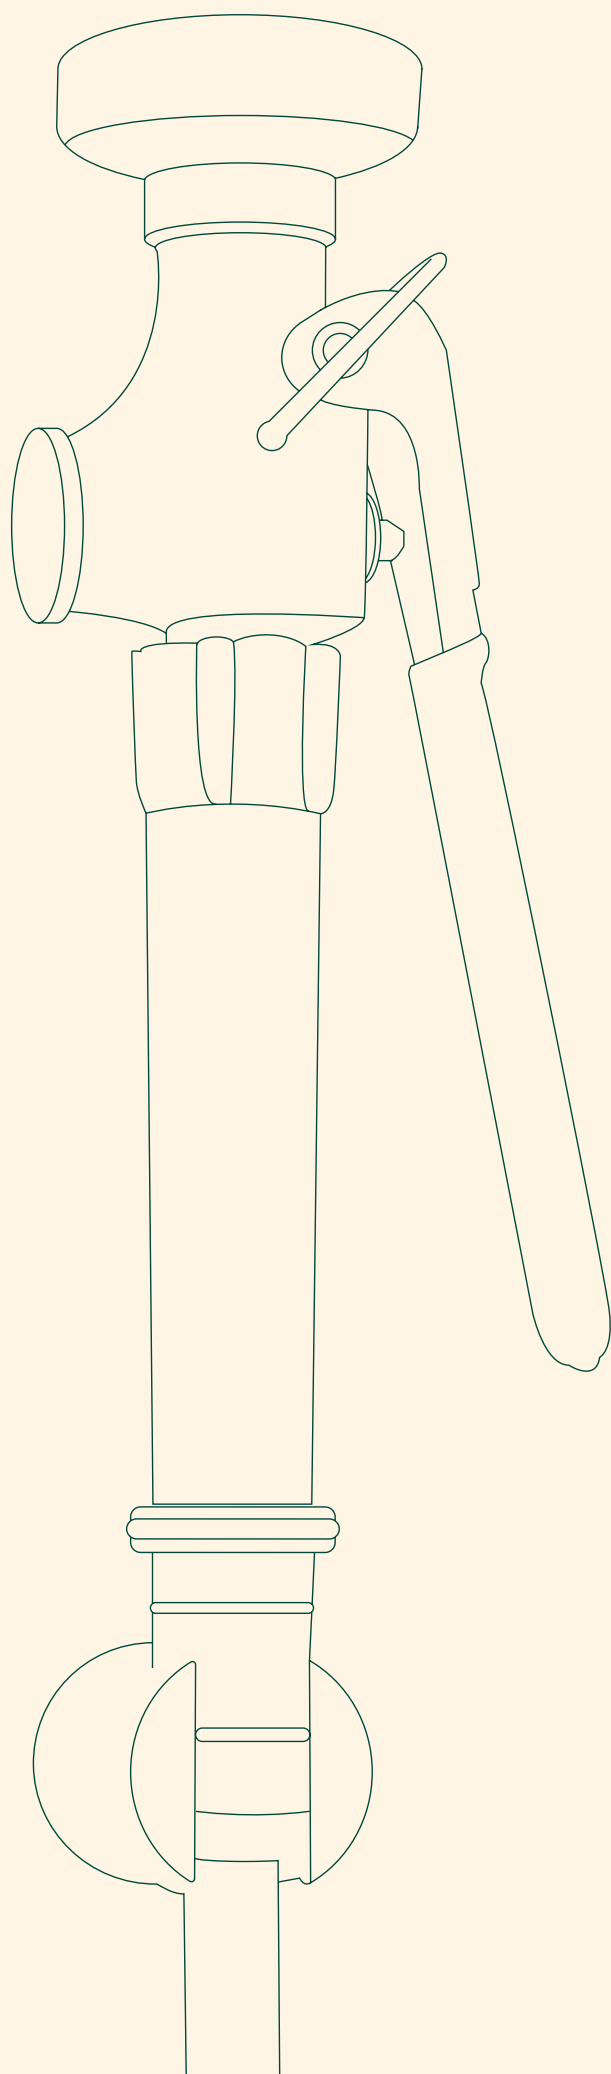

Suitable for high pressure applications (minimum 150 kPa)

Food Preparation Tapware

Wolfen food preparation tapware has been designed to withstand the toughest of hospitality environments. Our tapware uses minimal moving parts to prevent bacteria build-up while stainless steel construction creates safe, long lasting solutions.

Compact Pre Rinse Sink Mixer with Pot Filler

Product Code: 252452
Compact Pre Rinse Sink Mixer with
Pot Filler and Wall Fixing Bracket

Trigger Spray: 252431

Commercial Applications

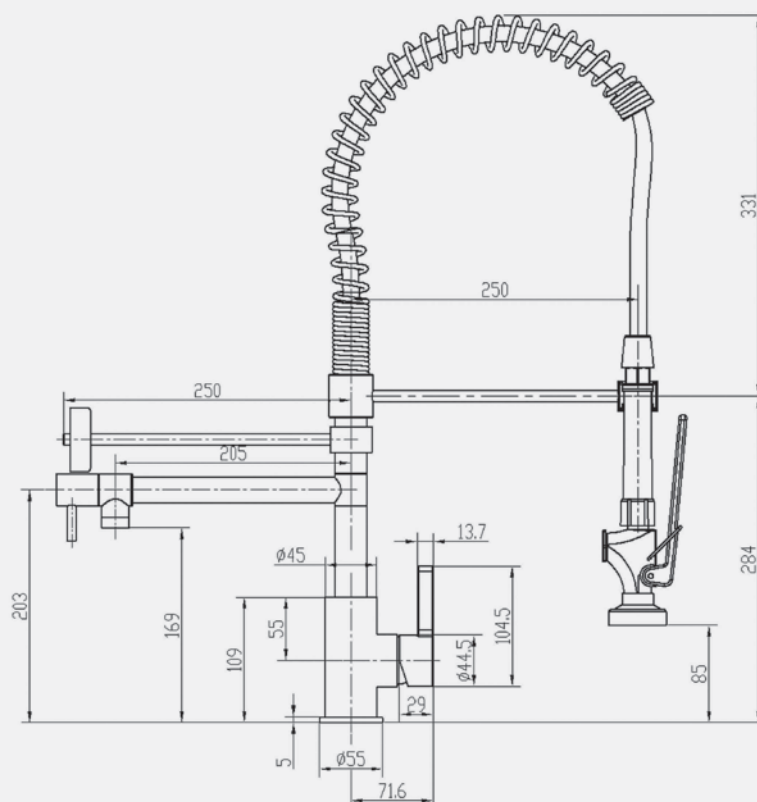

Commercial Kitchen

Features and Benefits

Infection control features
Clean line food grade hose
Minimum crevices for bacteria build up
Commercial durability
Stainless steel spray nozzle
Stainless steel braided hose with external lining and PEX inner lining
Wall fixing bracket for ongoing stability
Installation and servicing
Cut-down wall bracket with height and projection adjustment
Built-in non return valve

Usage features
Trigger spray clip enables effortless continual use
Easy operation front control pot filler
Tensioned polished spring for manoeuvrability
Water efficient spray nozzle
Trigger handle piece has a built in protective thermal barrier

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	450 kPa
Max Static Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	80 °C
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Pre Rinse Sink Mixer with Pot Filler

Product Code: 252430
Pre Rinse Sink Mixer with Pot Filler
and Wall Fixing Bracket

Trigger Spray: 252431

Commercial Applications

Commercial Kitchen

Features and Benefits

Infection control features

- Clean line food grade hose
- Minimum crevices for bacteria build up

Commercial durability

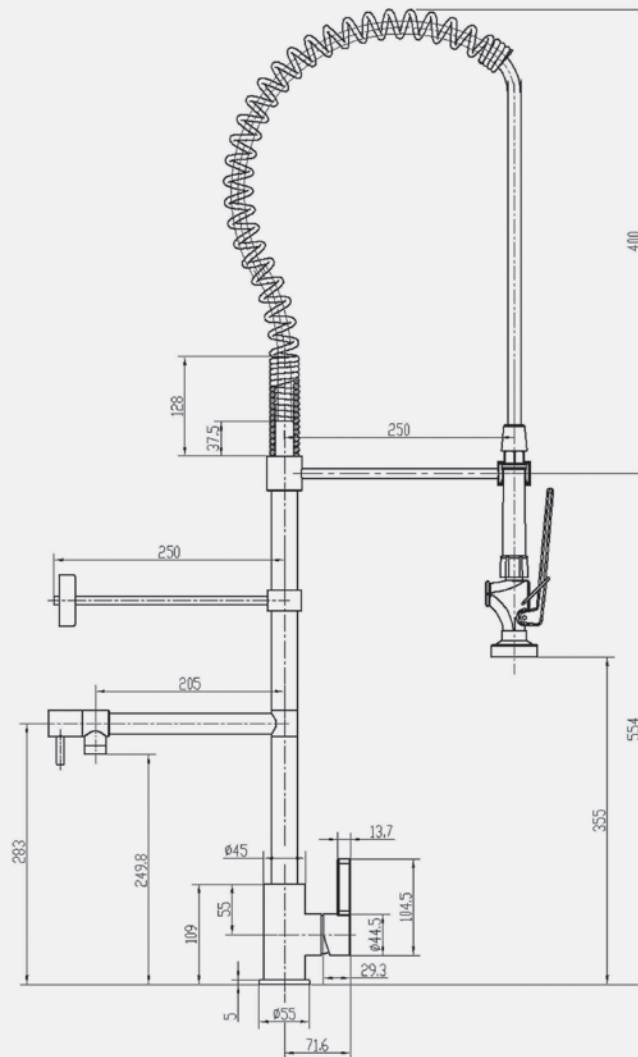

- Stainless steel spray nozzle
- Stainless steel braided hose with external lining and PEX inner lining
- Wall fixing bracket for ongoing stability

Installation and servicing

- Cut-down wall bracket with height and projection adjustment
- Built-in non return valve

Usage features

- Trigger spray clip enables effortless continual use
- Easy operation front control pot filler
- Tensioned polished spring for manoeuvrability
- Water efficient spray nozzle
- Trigger handle piece has a built in protective thermal barrier

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Ceramic Disc Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	80 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Trigger Spray Assembly with Stop Tap

Product Code: 252432
Trigger Spray Assembly with Stop Tap

Commercial Applications

Aged Care

Commercial Kitchens

Hospital and Health Care

Supplied with both cold and hot indicators

Features and Benefits

Infection control features

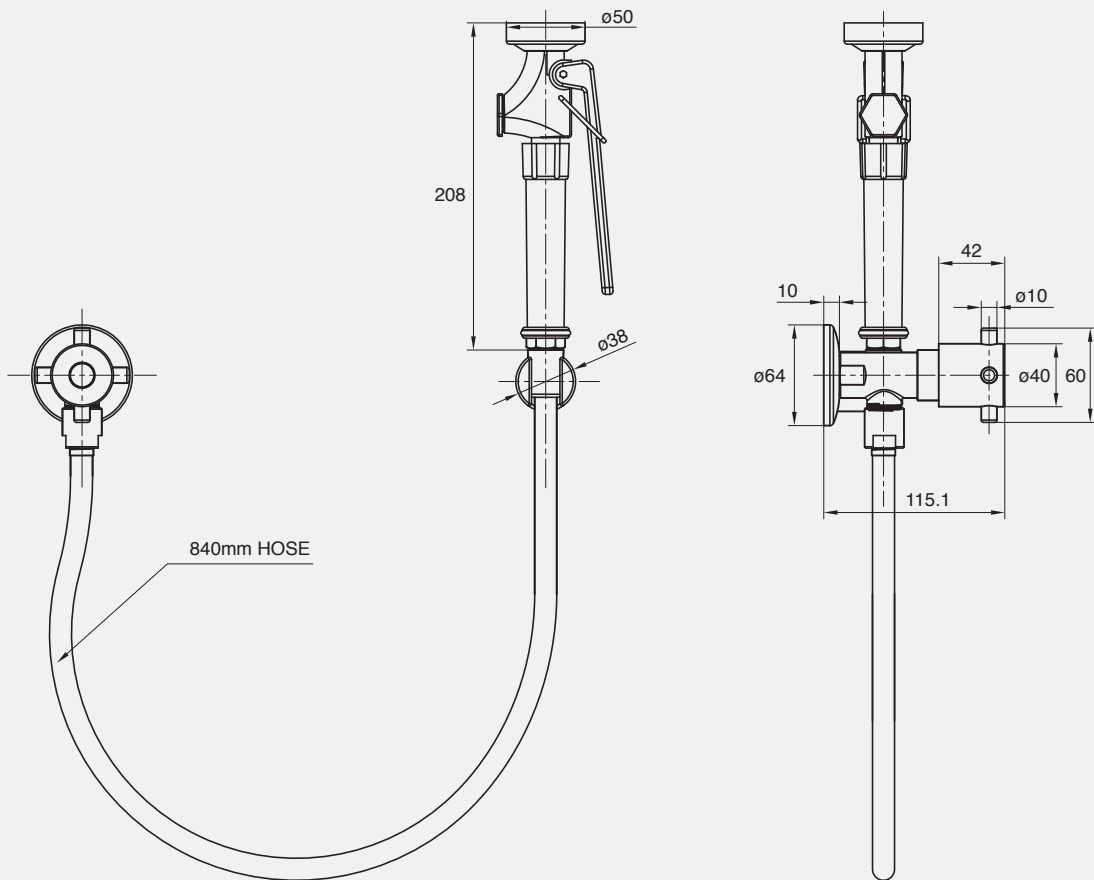

- Clean line food grade hose
- Minimum crevices for bacteria build up

Commercial durability

- Stainless steel spray nozzle
- Stainless steel braided hose with external lining and PEX inner lining

Usage features

- Trigger spray clip enables effortless continual use
- Water efficient spray nozzle
- Trigger handle piece has a built in protective thermal barrier

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Ceramic Disc Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	80 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Slophopper Assembly with Wall Bracket

Product Code: 252444
Slophopper Assembly with Wall Bracket

Commercial Applications

Aged Care

Commercial Kitchens

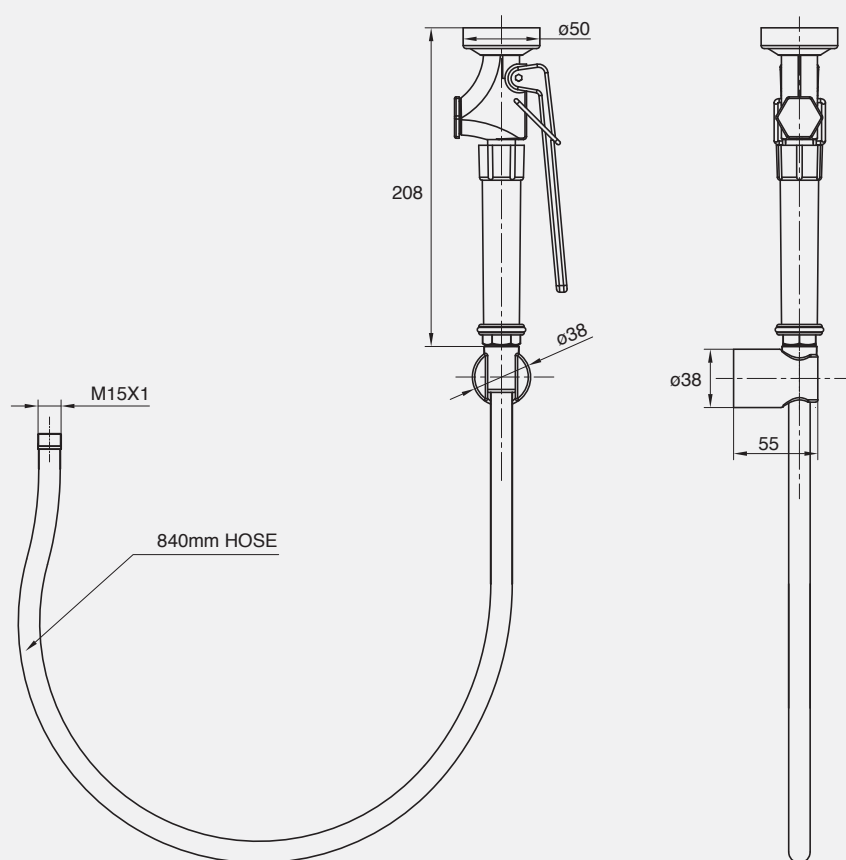

Hospital and Health Care

Trigger Spray: 252431

Features and Benefits

Infection control features
Clean line food grade hose
Minimum crevices for bacteria build up
Commercial durability
Stainless steel spray nozzle
Stainless steel braided hose with external lining and PEX inner lining

Usage features
Trigger spray clip enables effortless continual use
Water efficient spray nozzle
Trigger handle piece has a built in protective thermal barrier

Technical Information

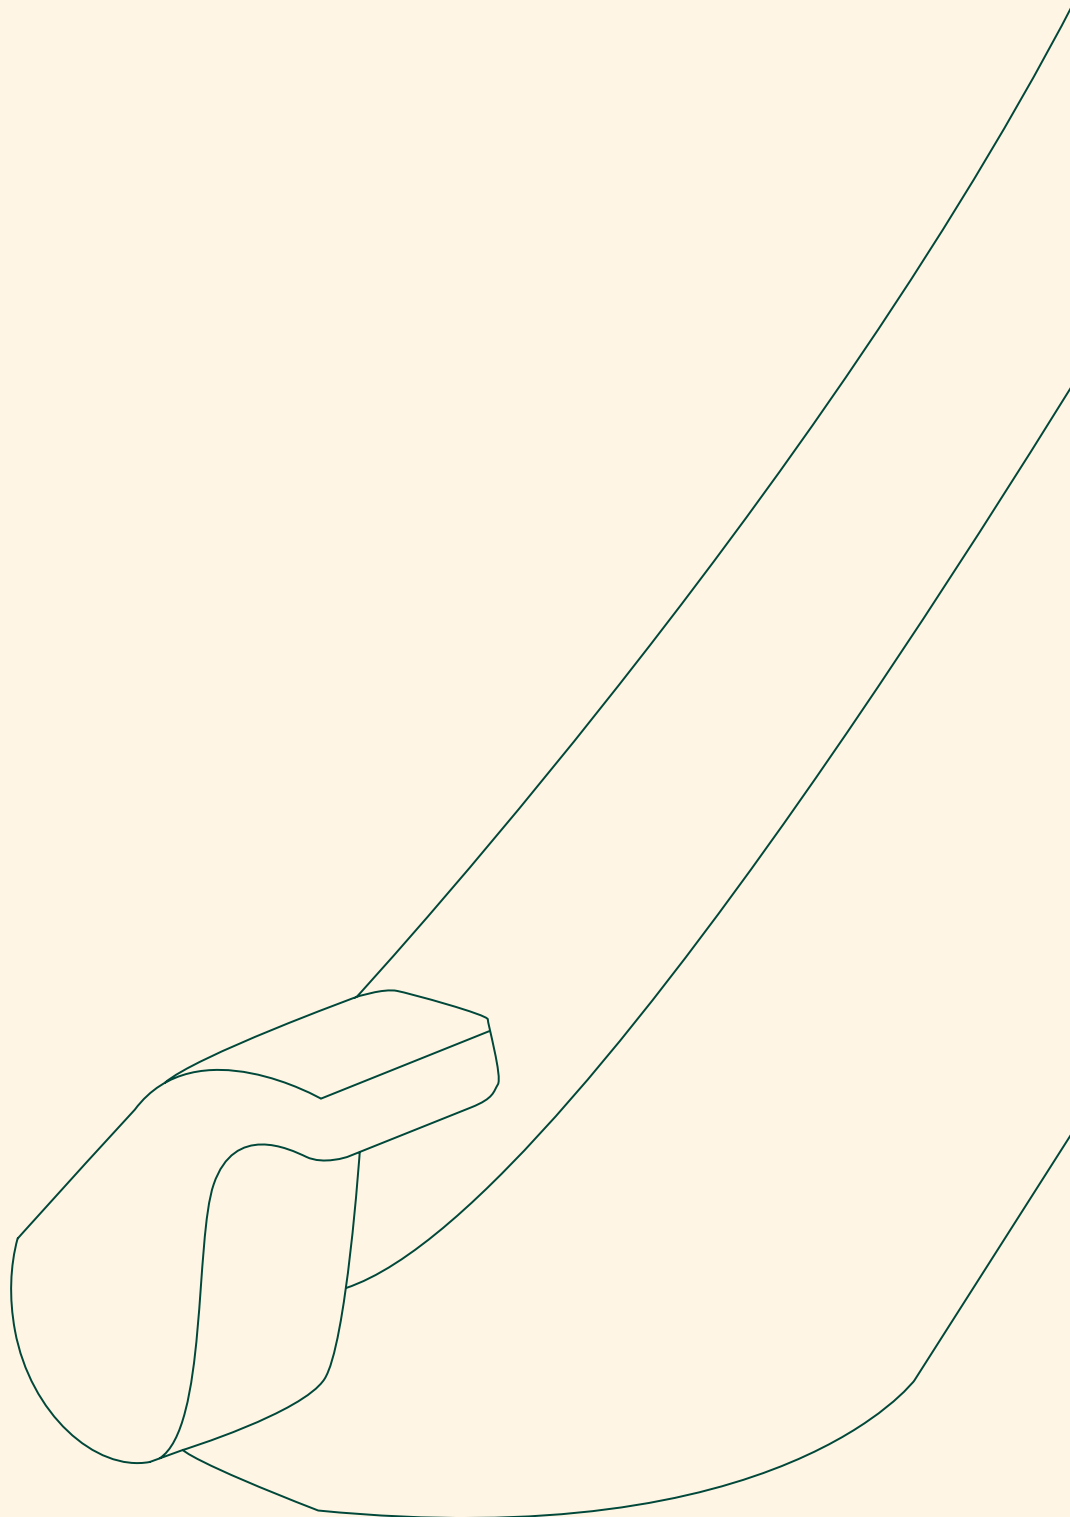

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Ceramic Disc Cartridge
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	5 °C
Max Continuous Working Temperature	80 °C
Max Static Pressure	500 kPa
Product Warranty	5 Years

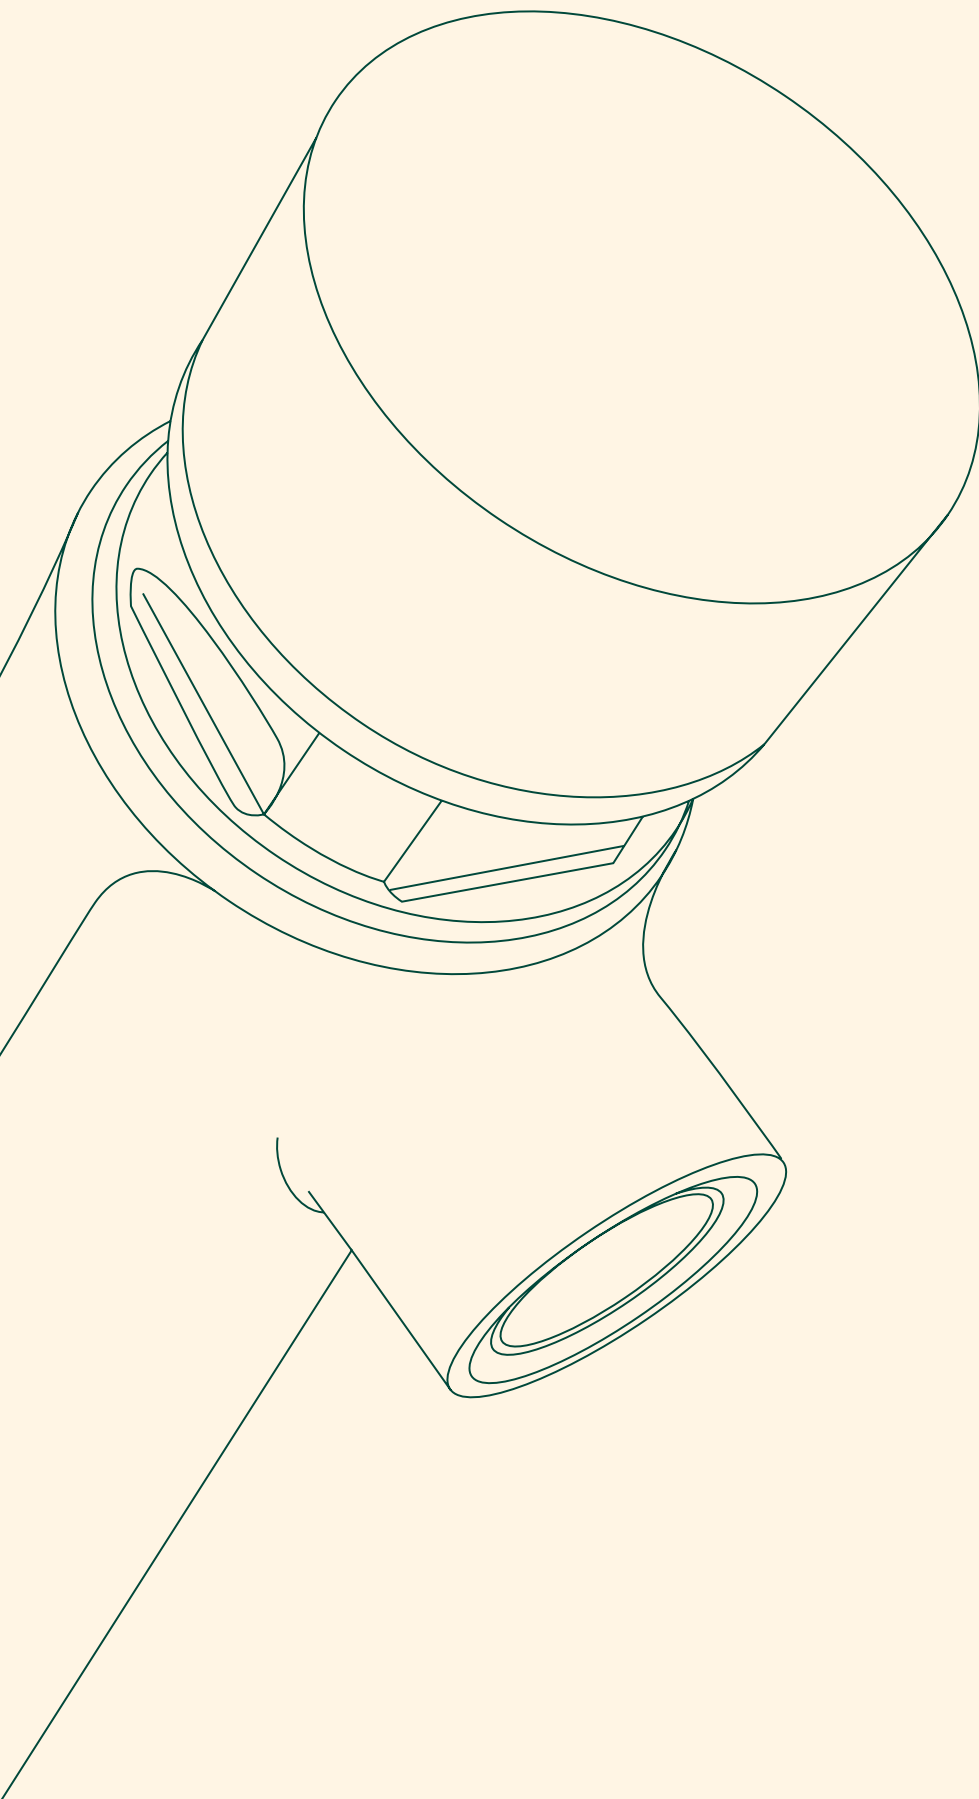

Suitable for high pressure applications (minimum 150 kPa)

Timed Flow Tapware

Designed using the world's leading technology, Wolfen offers a range of innovative solutions for industries requiring resilient design and consistent quality in timed flow tapware.

Timed Flow Bib Tap 65mm

Product Code: 9508243
Timed Flow Bib Tap 65 (Cold)

Product Code: 9508244
Timed Flow Bib Tap 65 (Warm)

Commercial Applications

- 

Aged Care
- 

Education
- 

Hospital and Health Care
- 

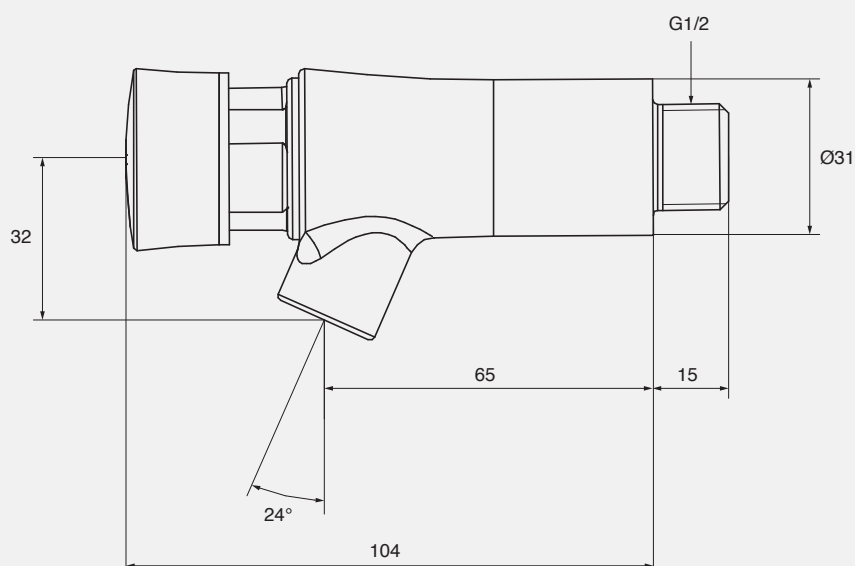

Public Places
- 

Sports and Leisure

Features and Benefits

Commercial durability features
Solid brass body
In-built water-hammer prevention
Installation and servicing
Interchangeable head for easy maintenance

Usage features
Patented cartridge technology for reliable timed-flow
7 second flow
Soft button press
Anti-vandal features
Anti-vandal, non-turnable button
Anti-vandal aerator

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Timed Flow Bib Tap 95mm

Product Code: 9508245
Timed Flow Bib Tap 95 (Cold)

Product Code: 9508246
Timed Flow Bib Tap 95 (Warm)

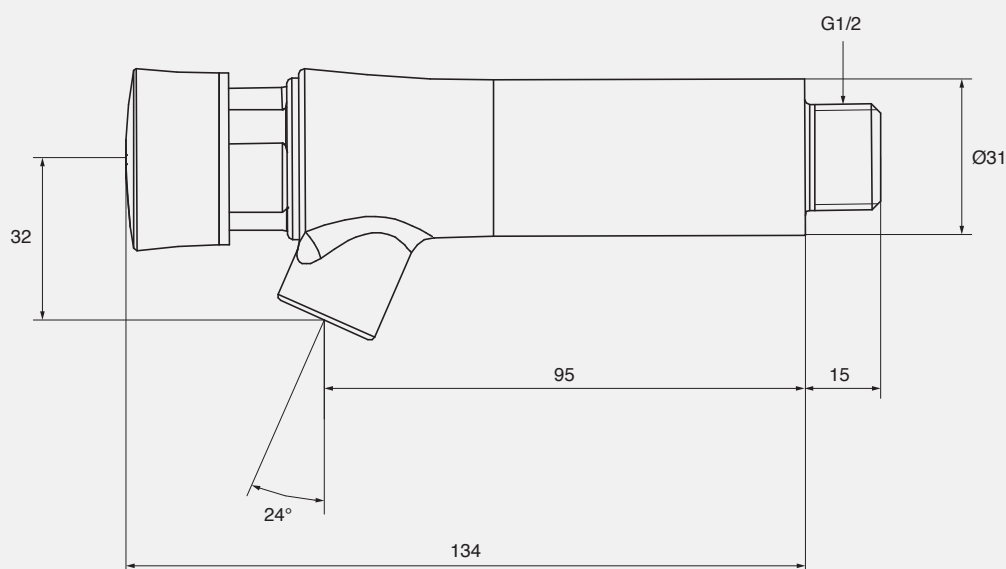

Commercial Applications

- 
Aged Care
- 
Education
- 
Hospital and Health Care
- 
Public Places
- 
Sports and Leisure

Features and Benefits

Commercial durability features
Solid brass body
In-built water-hammer prevention
Installation and servicing
Interchangeable head for easy maintenance

Usage features
Patented cartridge technology for reliable timed-flow
7 second flow
Soft button press
Anti-vandal features
Anti-vandal, non-turnable button
Anti-vandal aerator

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Timed Flow Basin Tap

Product Code: 9508241
Timed Flow Basin Tap (Cold)

Product Code: 9508242
Timed Flow Basin Tap (Warm)

Commercial Applications

Aged Care

Education

Hospital and Health Care

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

- Solid brass body
- In-built water-hammer prevention

Installation and servicing

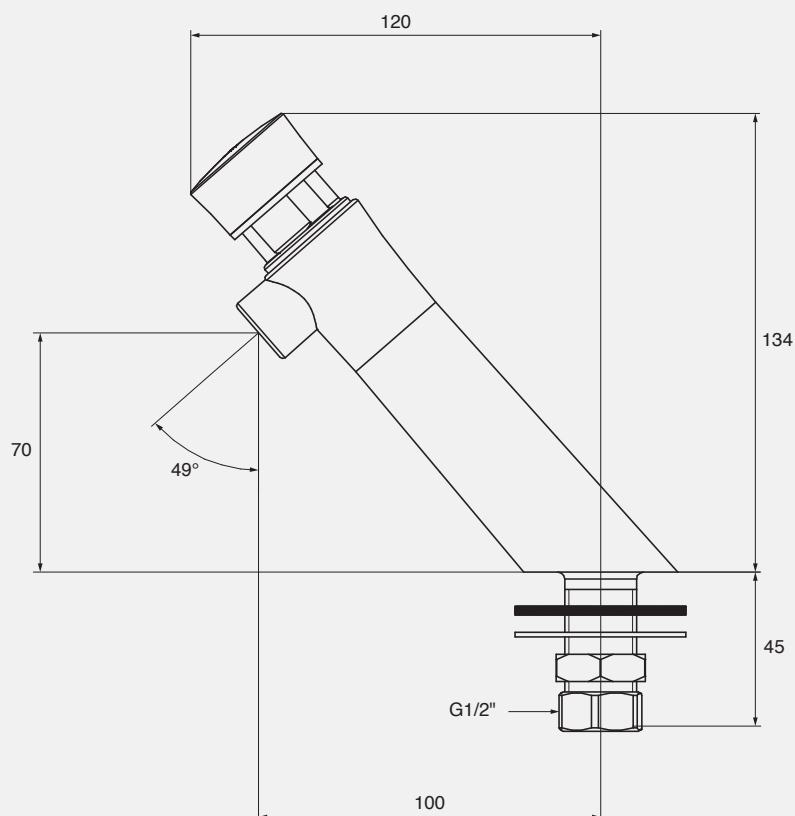

- Interchangeable head for easy maintenance

Usage features

- Patented cartridge technology for reliable timed-flow
- 7 second flow
- Soft button press

Anti-vandal features

- Anti-vandal, non-turnable button
- Anti-vandal aerator

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Timed Flow Mixer Tap

Product Code: 9508240
Timed Flow Mixer Tap

Commercial Applications

Aged Care

Education

Hospital and Health Care

Public Places

Sports and Leisure

Features and Benefits

Commercial durability features

- Solid brass body
- In-built water-hammer prevention

Installation and servicing

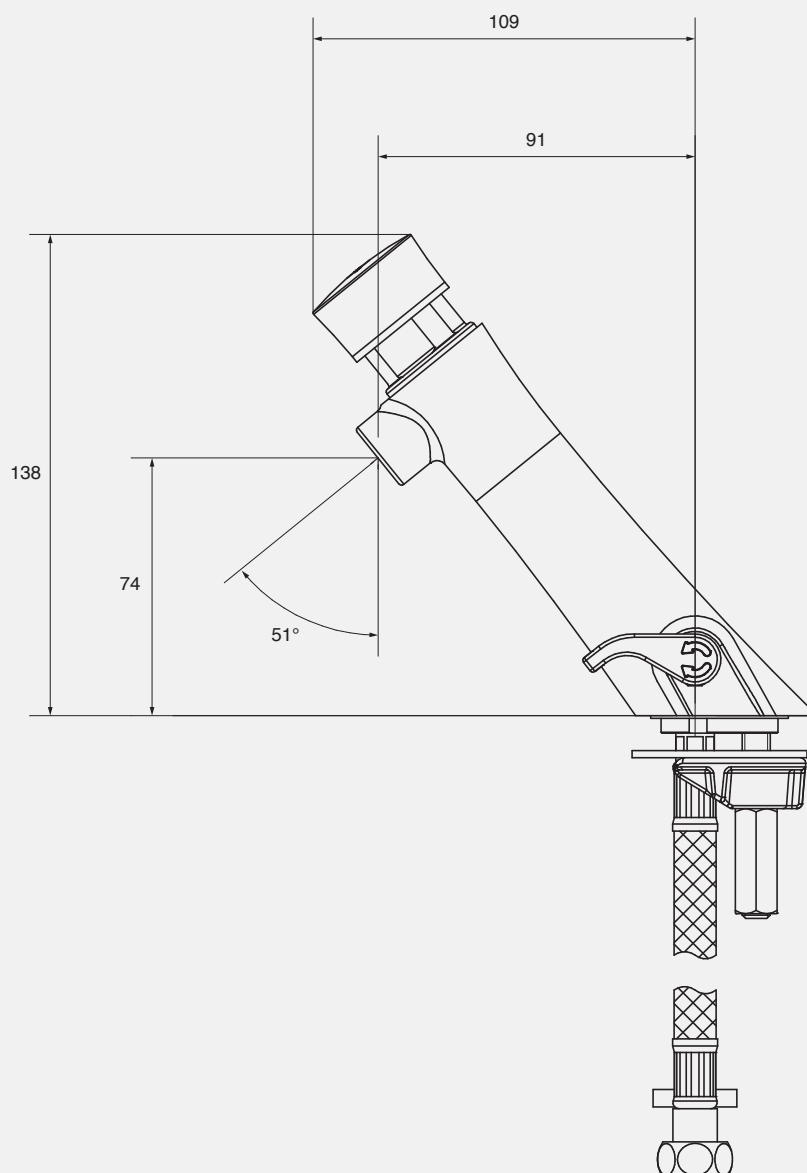

- Interchangeable head for easy maintenance

Usage features

- Patented cartridge technology for reliable timed-flow
- 7 second flow
- Soft button press for warm water
- Lever handle for cold water

Anti-vandal features

- Anti-vandal, non-turnable button
- Anti-vandal aerator

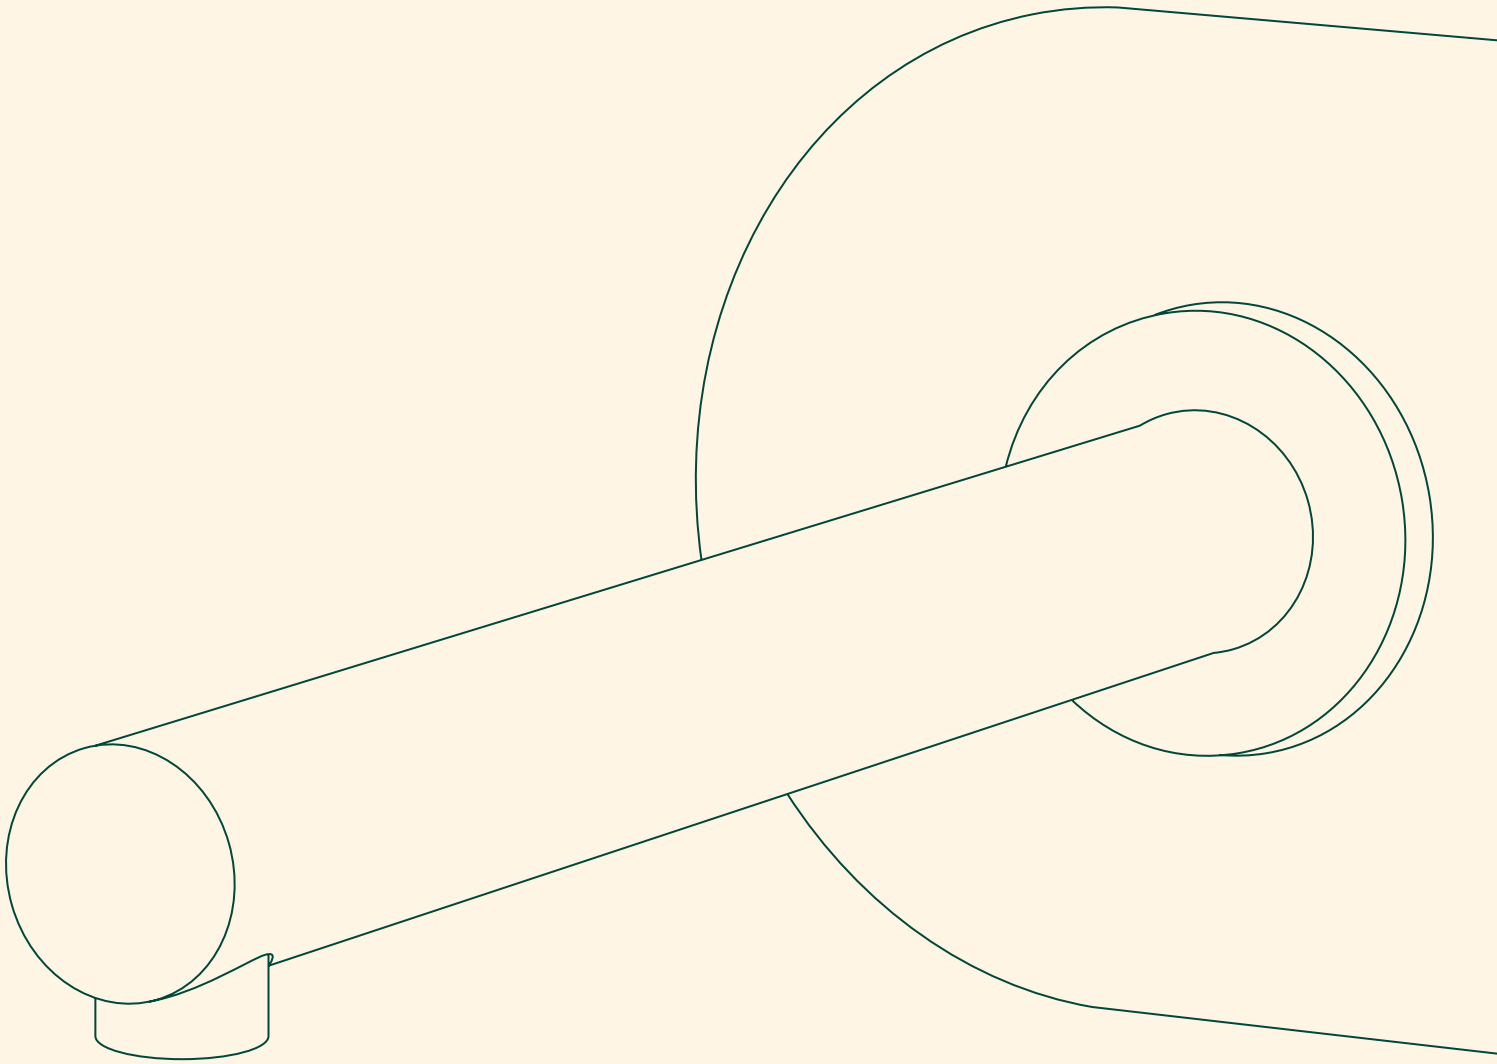

Technical Information

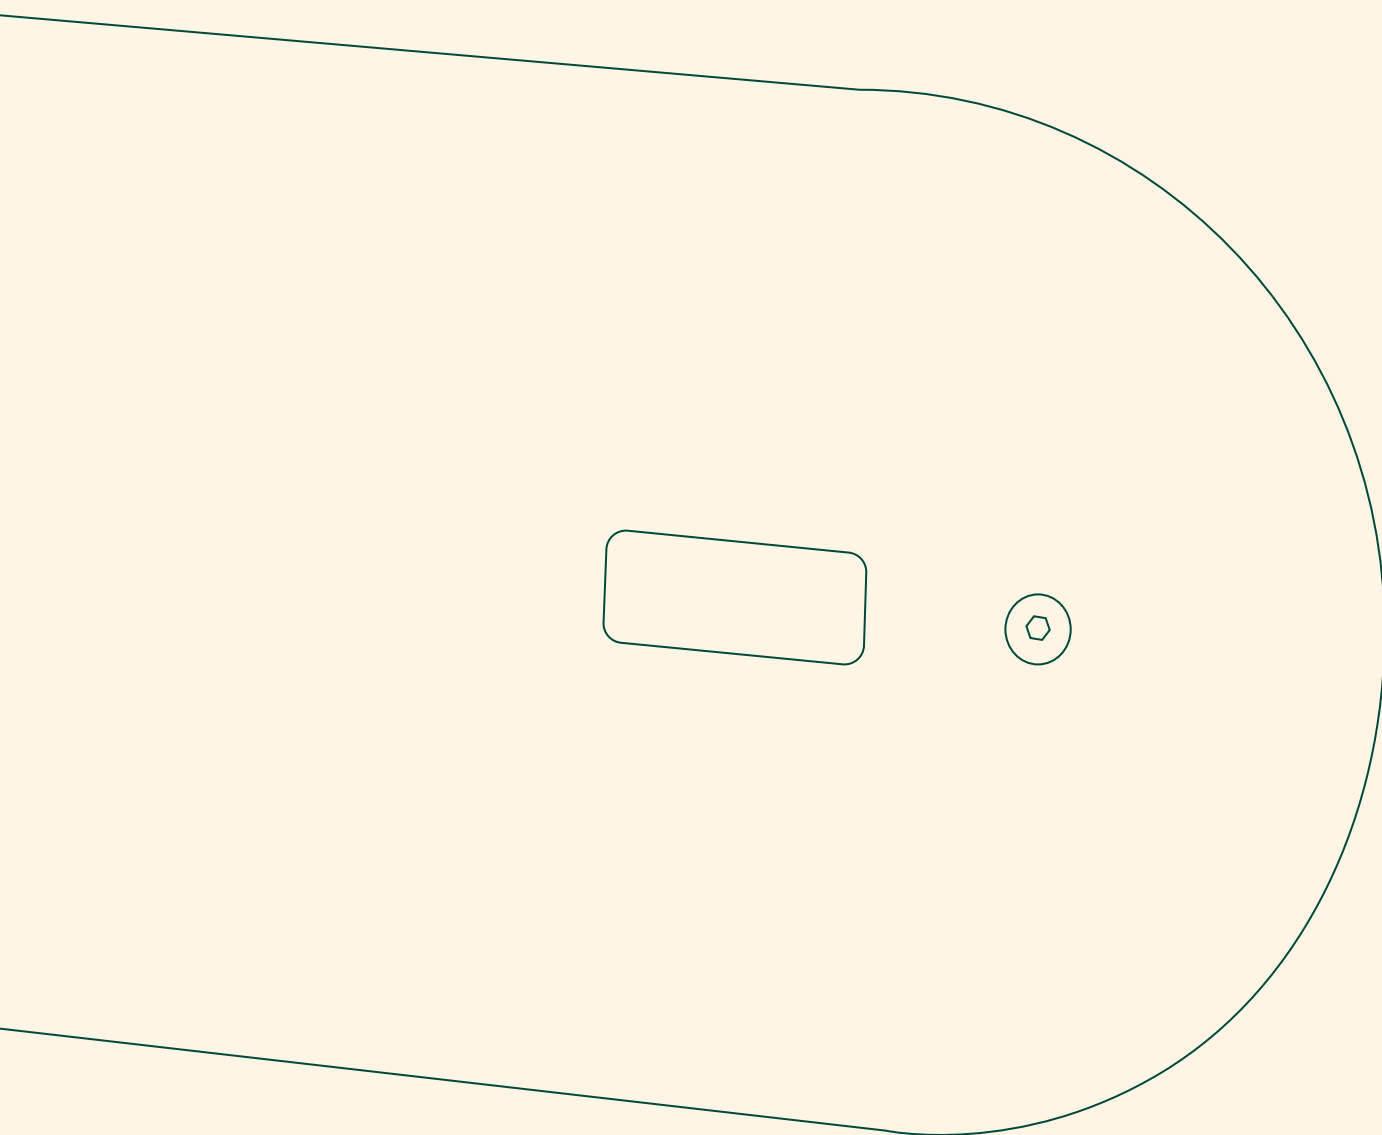

Colour	Chrome
Finish	Polished
Material	Brass
Cartridge Type	Timed Flow
Min Continuous Working Pressure	100 kPa
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Electronic and Sensor Operated Tapware

Intelligently designed, relentlessly tested and robustly engineered, Wolfen's electronic and sensor operated tapware is the ultimate solution for ease of use and functionality.

Sensor Operated Gooseneck Tap

Product Code: 9505568
Sensor Gooseneck Tap

Commercial Applications

Aged Care

Commercial Kitchens

Hospital and Health Care

Features and Benefits

Infection control features

Touch-free operation

Commercial durability

Waterproof electronics

Protective shield to prevent cable damage

Installation and servicing

Fixed 1/2" BSP thread provides a fast and stable installation point

Integrated dress ring creates a larger mounting platform

Easy side access sensor range adjustment

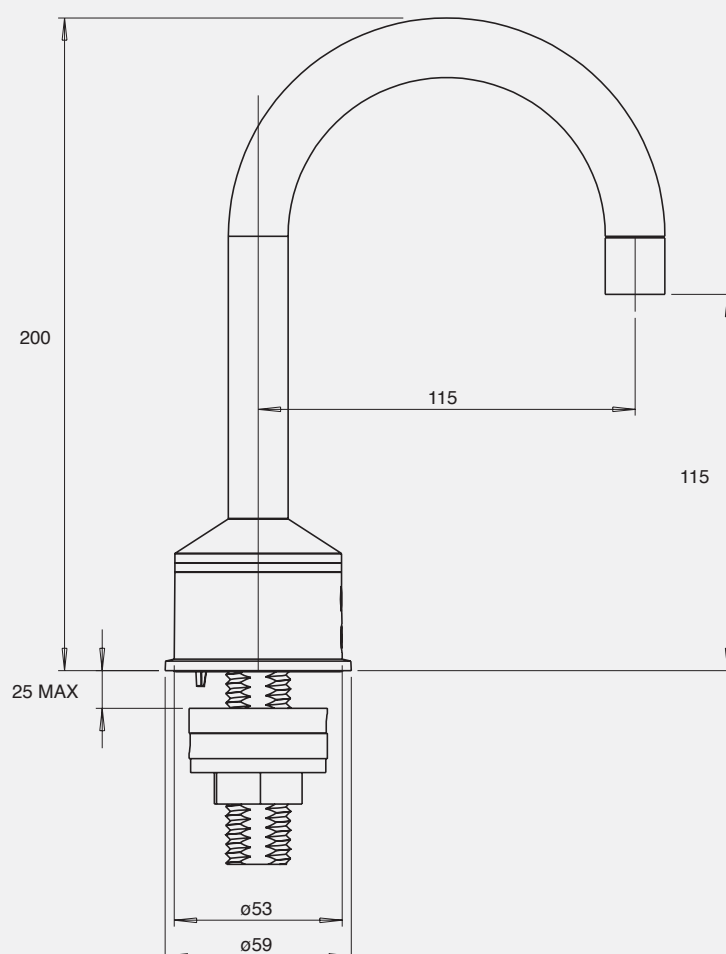

Light indicator on power pack self diagnoses effective power supply to unit

Usage features

Reflection proof sensor prevents false triggering

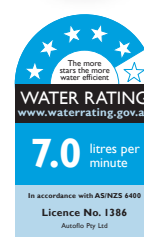

Anti-vandal features

Aerator cannot be easily unscrewed

Technical Information

Colour	Chrome
Finish	Polished
Material	Brass
Power Supply	240 V AC
Max Continuous Working Pressure	500 kPa
Min Continuous Working Temperature	2 °C
Max Continuous Working Temperature	50 °C
Product Warranty	5 Years

Suitable for high pressure
applications (minimum 150 kPa)

Wall Mounted Outlet with Plate and Wave-On Sensor

Product Code: 9506034
Wall Mounted Sensor Tap with Wall Plate and Outlet

Commercial Applications

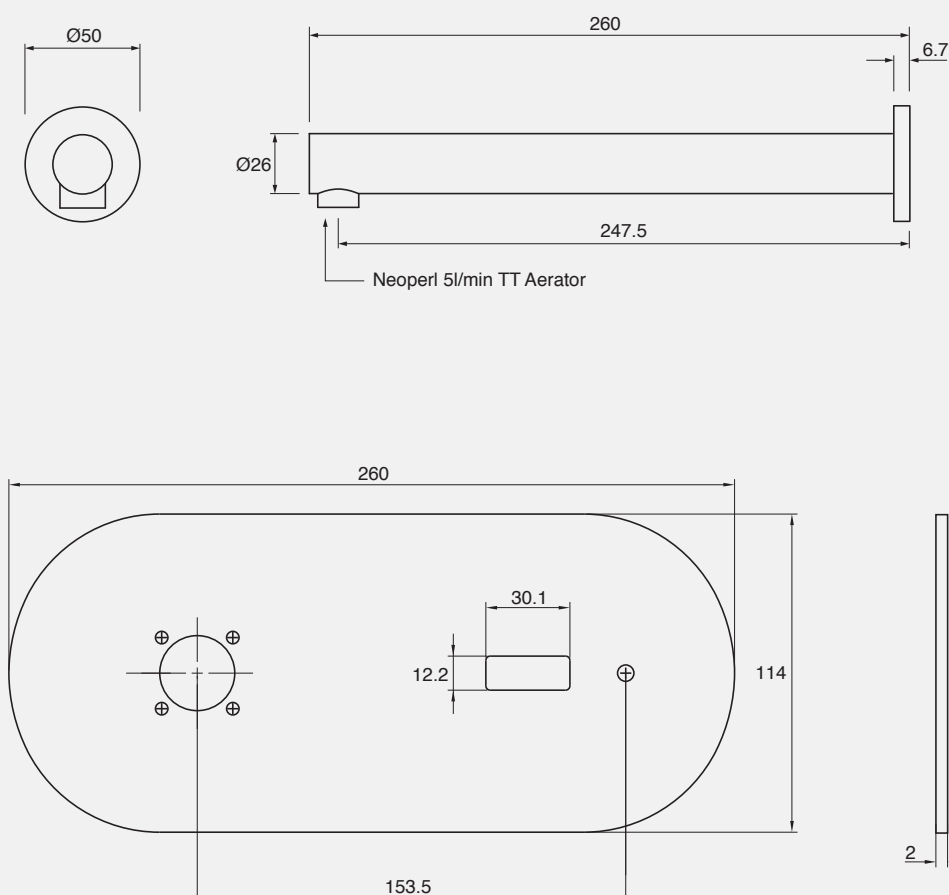

Public Places

Features and Benefits

Commercial durability
12V mains power via plug-pack power supply
Low consumption in standby
Solenoid cartridge has integrated stainless steel strainer
Water resistant gold-plated cable pluggable connectors
Brushed 260 mm stainless steel spout and cover plate
Program adjustability via optional remote control
Auto line flush when unit has not been used for 24hrs
Installation and servicing
Plug pack transformer with 4.8m cable
Modular components allow easy maintenance and changeover
Quick connect moulded electrical plugs
Plate can be removed without disassembling spout

Everything except transformer is contained within a pre-assembled in-wall installation box
Only 70 mm wall cavity required
Integrated maintenance shut-off valve
Adjustable mounting brackets included
Usage features
Quick and easy program adjustment via optional remote control
Features an automated water shut-off function
Tap can be set up to fill a bath tub
Anti-vandal features
Vandal resistant wall mounted components

Technical Information

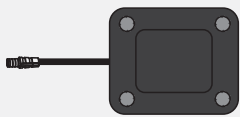

Colour	Stainless Steel
Finish	Brushed
Material	Stainless Steel
Max Continuous Working Pressure	150 kPa
Min Continuous Working Temperature	500 kPa
Max Continuous Working Temperature	70° C
Max Static Pressure	800 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Hob Mounted Sensor Tap with Internal Solenoid

Product Code: 9506036
Hob Mounted Sensor Tap with Self-Calibrating
Infrared Sensor and Internal Solenoid

Battery case

Spare Part:
9506038
AC Conversion Unit to 6V

Commercial Applications

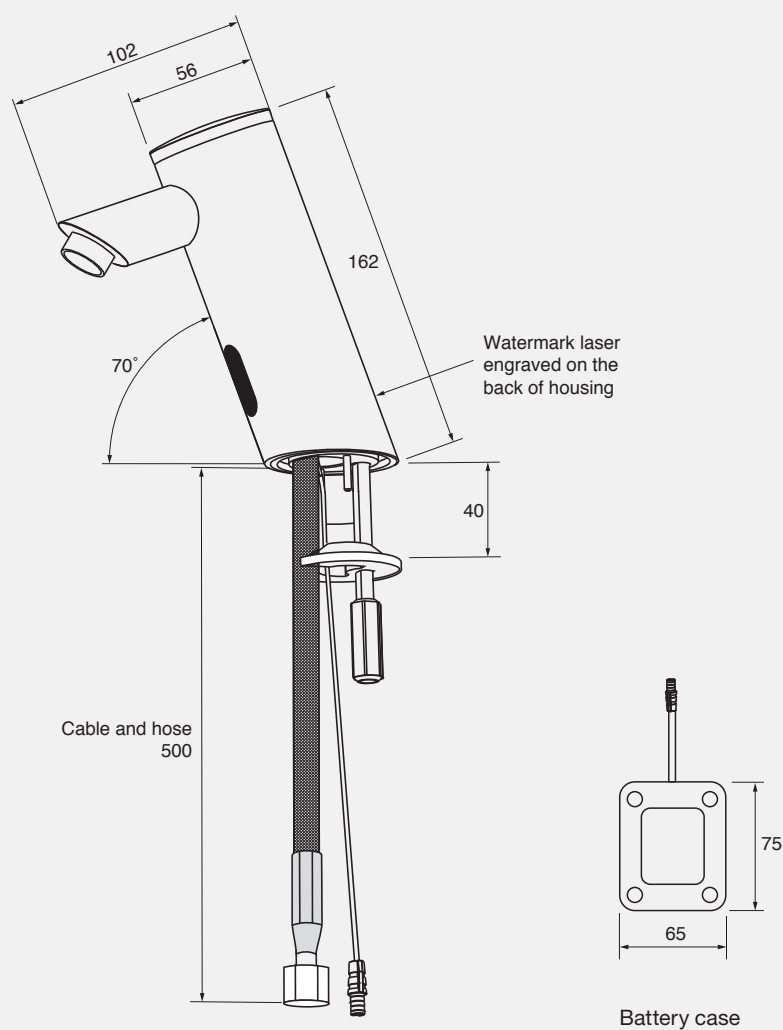

Public Places

Features and Benefits

Commercial durability
Low power consumption ensuring a long battery life
Solenoid cartridge has integrated stainless steel strainer
Water resistant gold-plated cable pluggable connectors
Installation and servicing
Battery or optional mains powered
Operates on 4 X AA batteries
External battery pack for ease of changeover
Modular components allow easy maintenance and changeover
Quick connect moulded plugs

Usage features
Self calibrating infrared electronic sensor
Tap operates when hand is in sensor range and stops when out of range
Self adjusting when powered up
Anti-vandal features
Vandal resistant wall mounted components
Tap will switch off automatically when used for more than 60 seconds

Technical Information

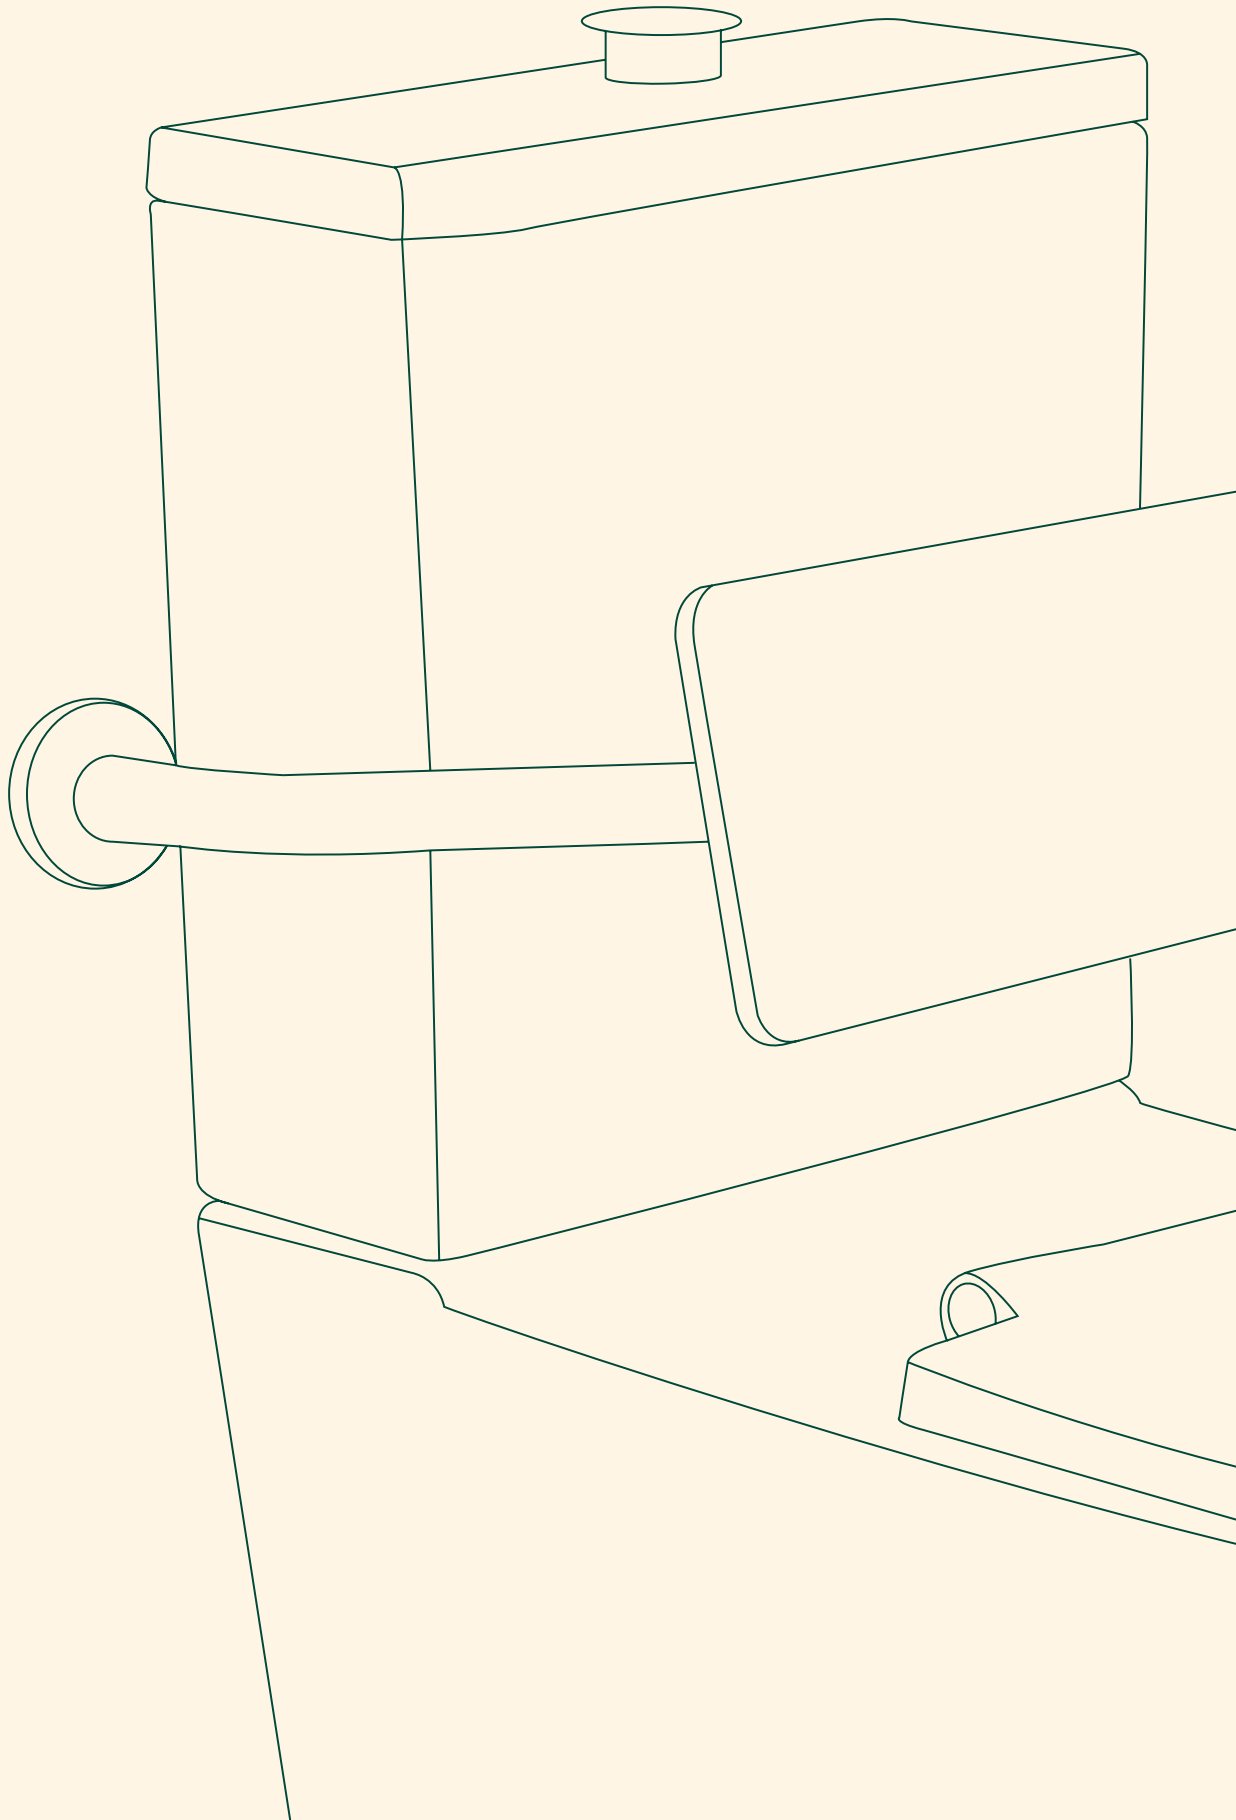

Colour	Chrome
Finish	Polished
Material	Brass
Min Continuous Working Pressure	150 kPa
Max Continuous Working Pressure	500 kPa
Maximum Temperature	70 °C
Max Static Pressure	800 kPa
Product Warranty	5 Years

Suitable for high pressure applications (minimum 150 kPa)

Toilet Suites

Combining innovative technology with world leading manufacturing techniques, Wolfen Suites are designed to positively impact people's lives. Each suite meets stringent Australian quality standards for disability access.

Close Coupled Back to Wall 800 Toilet Suite

Product Code: 9508010 (White), 9508011 (Blue), 9508012 (Grey)
Close Coupled Back to Wall 800 Toilet Suite with
Single Flap Seat and Raised Buttons

Product Code: 1806668 (White), 1806669 (Blue), 1806670 (Grey)
Close Coupled Back to Wall 800 Toilet Suite with
Double Flap Seat and Raised Buttons

Commercial Applications

Aged Care

Education

Hospital and Health Care

Public Places

Sports and Leisure

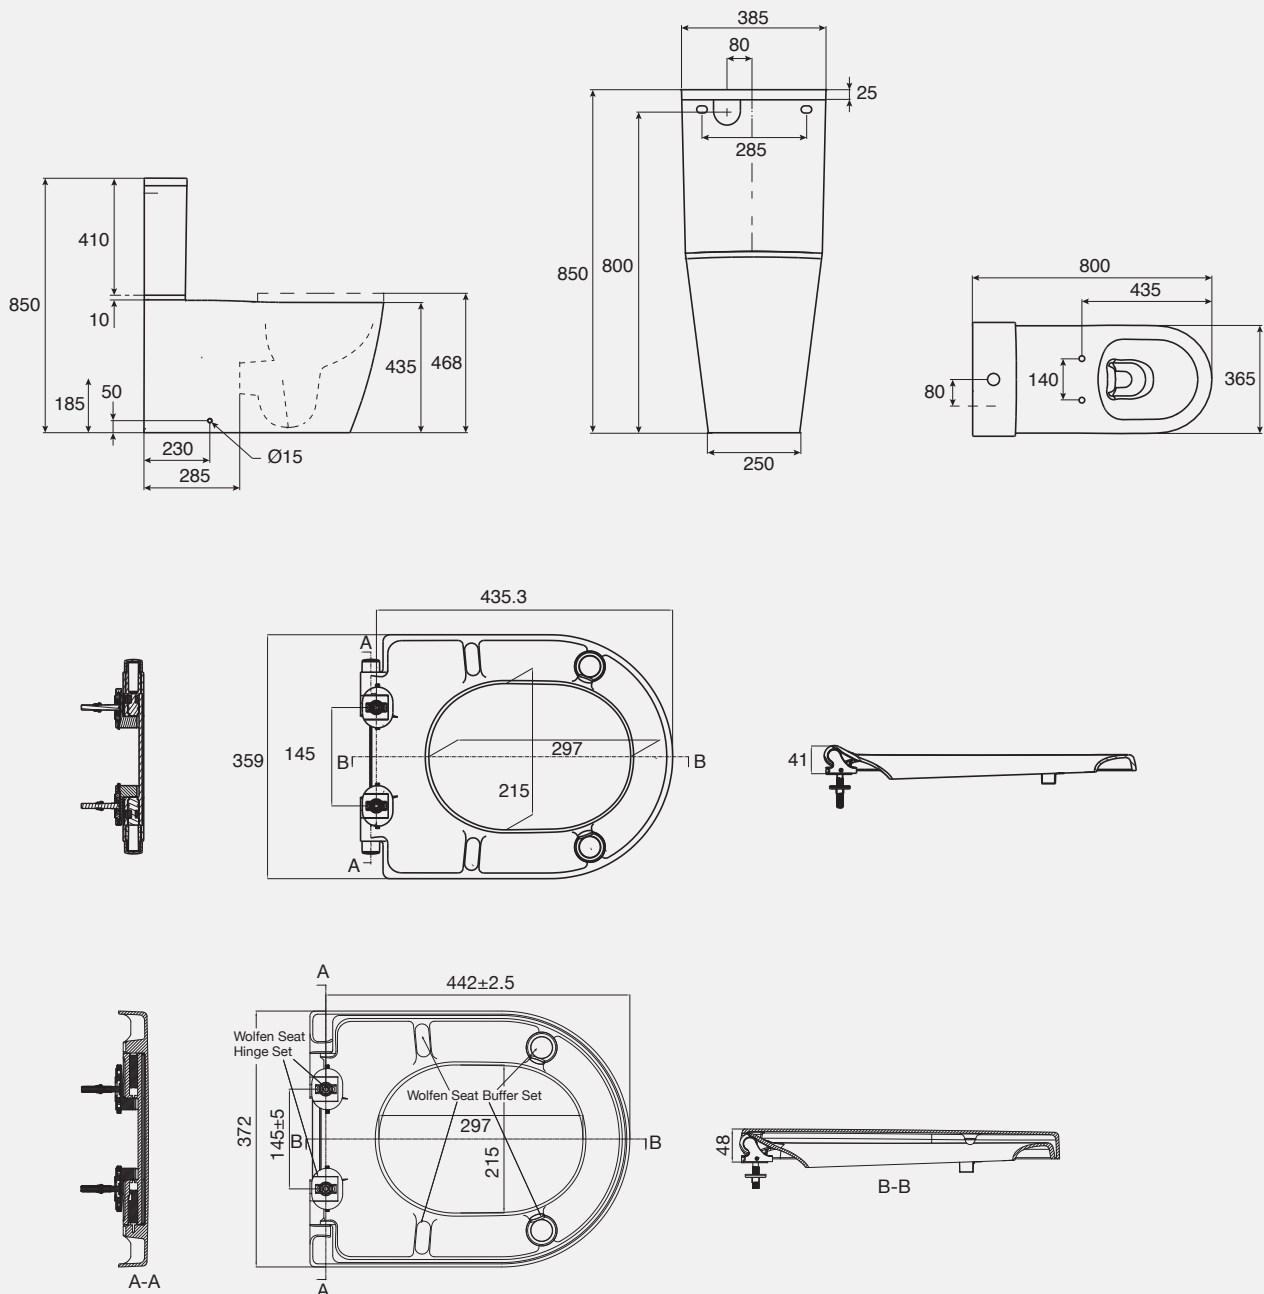

Features and Benefits

Comfort and hygiene

Raised pan height
Raised buttons
Rimless design
Seat includes buffers to minimise movement on pan

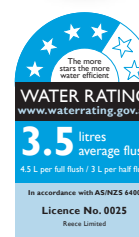

Technical Information

Pan Colour	White
Cistern Colour	White
Seat Colour	White (Single: 9508007, Double: 1804815) Blue (Single: 9508008, Double: 1804816) Grey (Single: 9508009, Double: 1804817)
Button Colour	White, Blue or Grey
Pan Material	Vitreous China
Cistern Material	Vitreous China
Seat Material	Urea with Stainless Steel Hinges
Pan Weight	50 kg

Technical Information

Cistern Weight	19 kg
Seat Weight	1.1 kg
Water Inlet Position	Back Inlet
Set Out (mm)	185 mm - 285 mm (S Trap), 185 mm (P Trap)
Rim Configuration	Rimless
Inlet Valve Pressure	500 kPa
Product Warranty	5 Years Domestic Use
Product Warranty	5 Years Commercial Use

Close Coupled Back to Wall 800 Toilet Suite with Backrest

Product Code: 9508924 (White), 9508925 (Blue), 9508926 (Grey)
Close Coupled Back to Wall 800 Toilet Suit with Backrest,
Single Flap Seat, and Raised Buttons

Commercial Applications

Aged Care

Education

Hospital and Health Care

Public Places

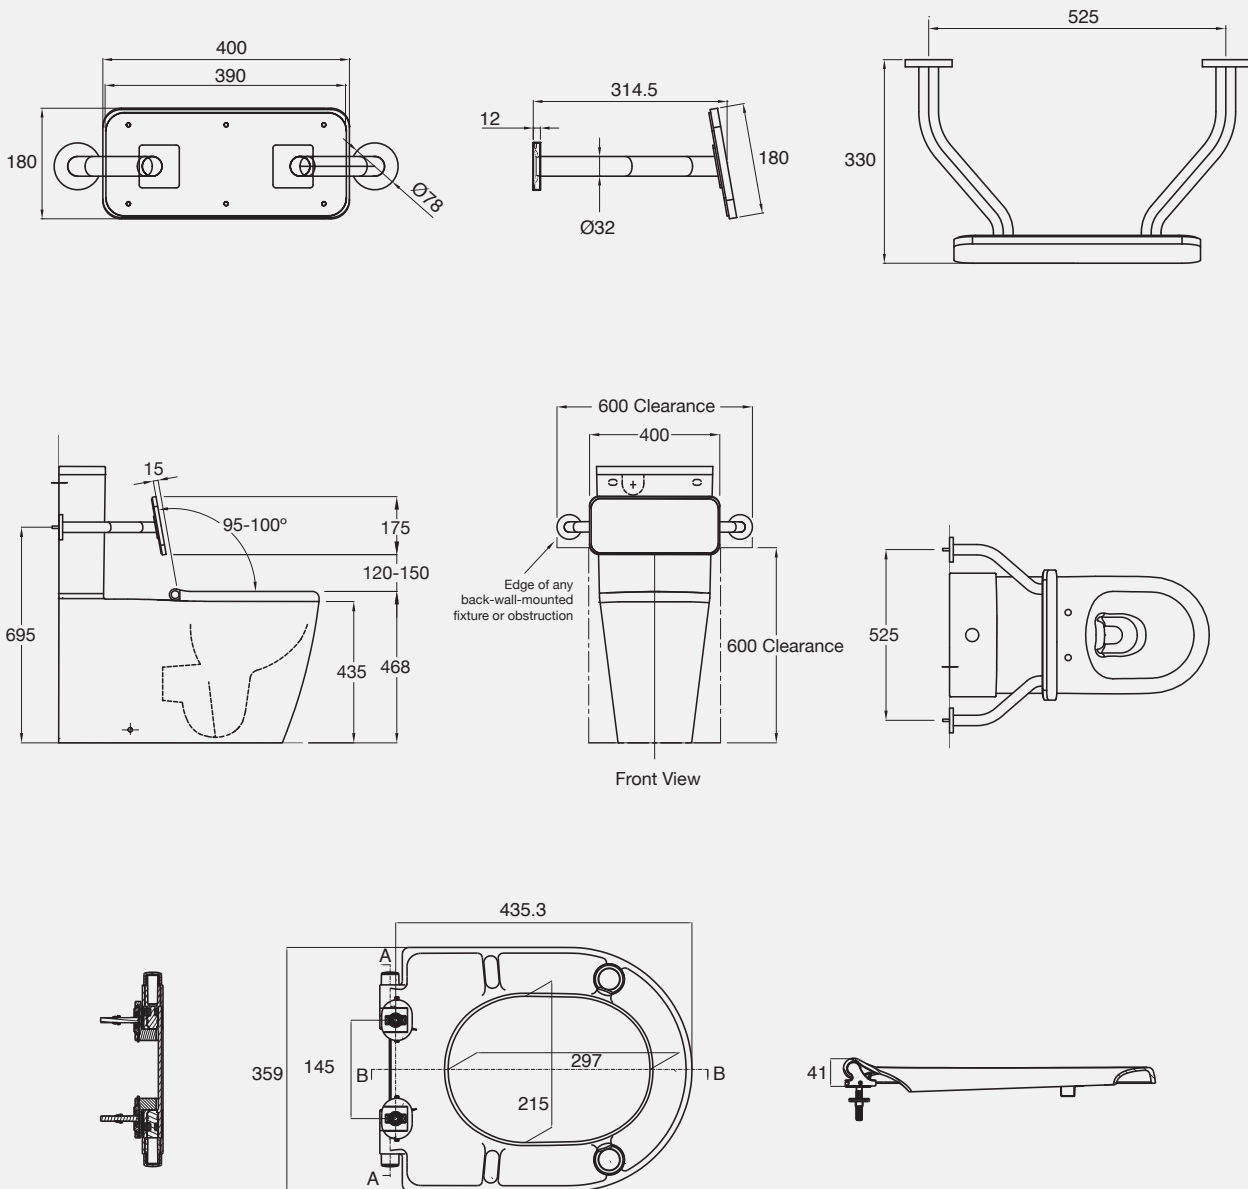

Sports and Leisure

Features and Benefits

Comfort and hygiene
Raised pan height
Raised buttons
Rimless design
Seat includes buffers to minimise movement on pan
Compliant back rest (9507171)

Technical Information

Pan Colour	White
Cistern Colour	White
Seat Colour	White (9508007) Blue (9508008) Grey (9508009)
Backrest	UV Stabilised HDPE
Back Rest Arms	316 Grade Stainless, Steel Coach Screws
Button Colour	White, Blue or Grey
Pan Material	Vitreous China
Cistern Material	Vitreous China
Seat Material	Urea with Stainless Steel Hinges
Pan Weight	50 Kg

Technical Information

Cistern Weight	19 kg
Seat Weight	1.1 kg
Water Inlet Position	Back Inlet
Set Out (mm)	185 mm - 285 mm (S Trap), 185 mm (P Trap)
Rim Configuration	Rimless
Inlet Valve Pressure	500 kPa
Product Warranty	5 Years Domestic Use
Product Warranty	5 Years Commercial Use

Back to Wall Inwall 800 Toilet Suite

Product Code: 9509708 (White), 9509706 (Blue), 9509707 (Grey)
Back to Wall Inwall 800 Toilet Suite with Single Flap Seat, Button, and Cistern

Product Code: 1806677 (White), 1806678 (Blue), 1806679 (Grey)
Back to Wall Inwall 800 Toilet Suite with Double Flap Seat, Button, and Cistern

Commercial Applications

Aged Care

Education

Hospital and Health Care

Public Places

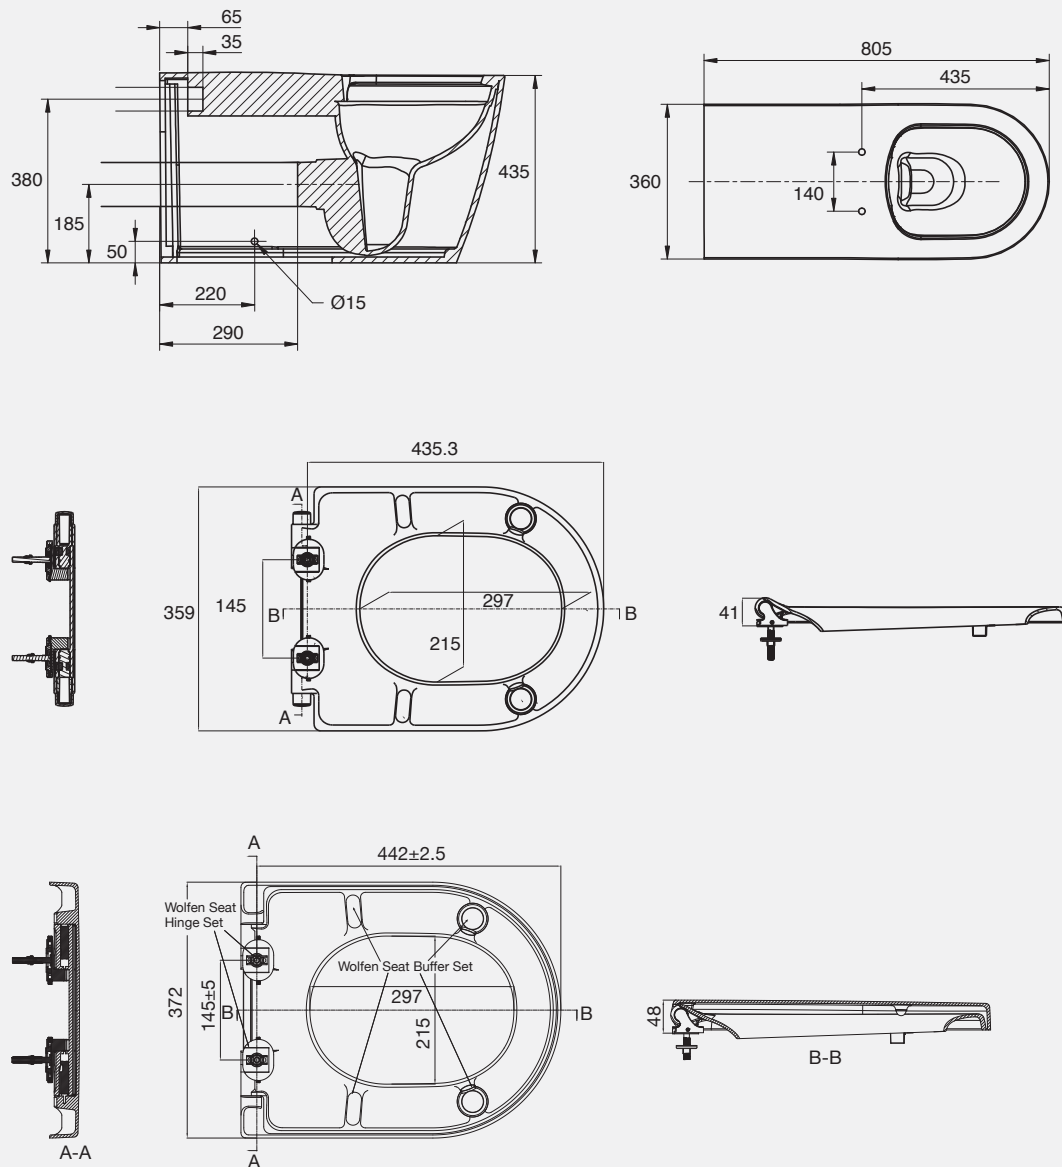

Sports and Leisure

Features and Benefits

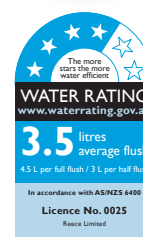

Comfort and hygiene

- Raised pan height
- Raised buttons
- Rimless design
- Seat includes buffers to minimise movement on pan

Basins

Manufactured using the highest grade ceramics and precision molding, Wolfen has absolute commitment to the quality and strength of it's basin range. These basins will bring style and functionality to any assisted living space.

Wall Mounted Basins

Product Code: 1851594 (400x365x175), 1851595 (500x420x190),
1851596 (600x480x205), 9509647 (600x555x176)
Wall Basin 1 Taphole and fixing kit

Commercial Applications

Aged Care

Education

Hospital and Health Care

Public Places

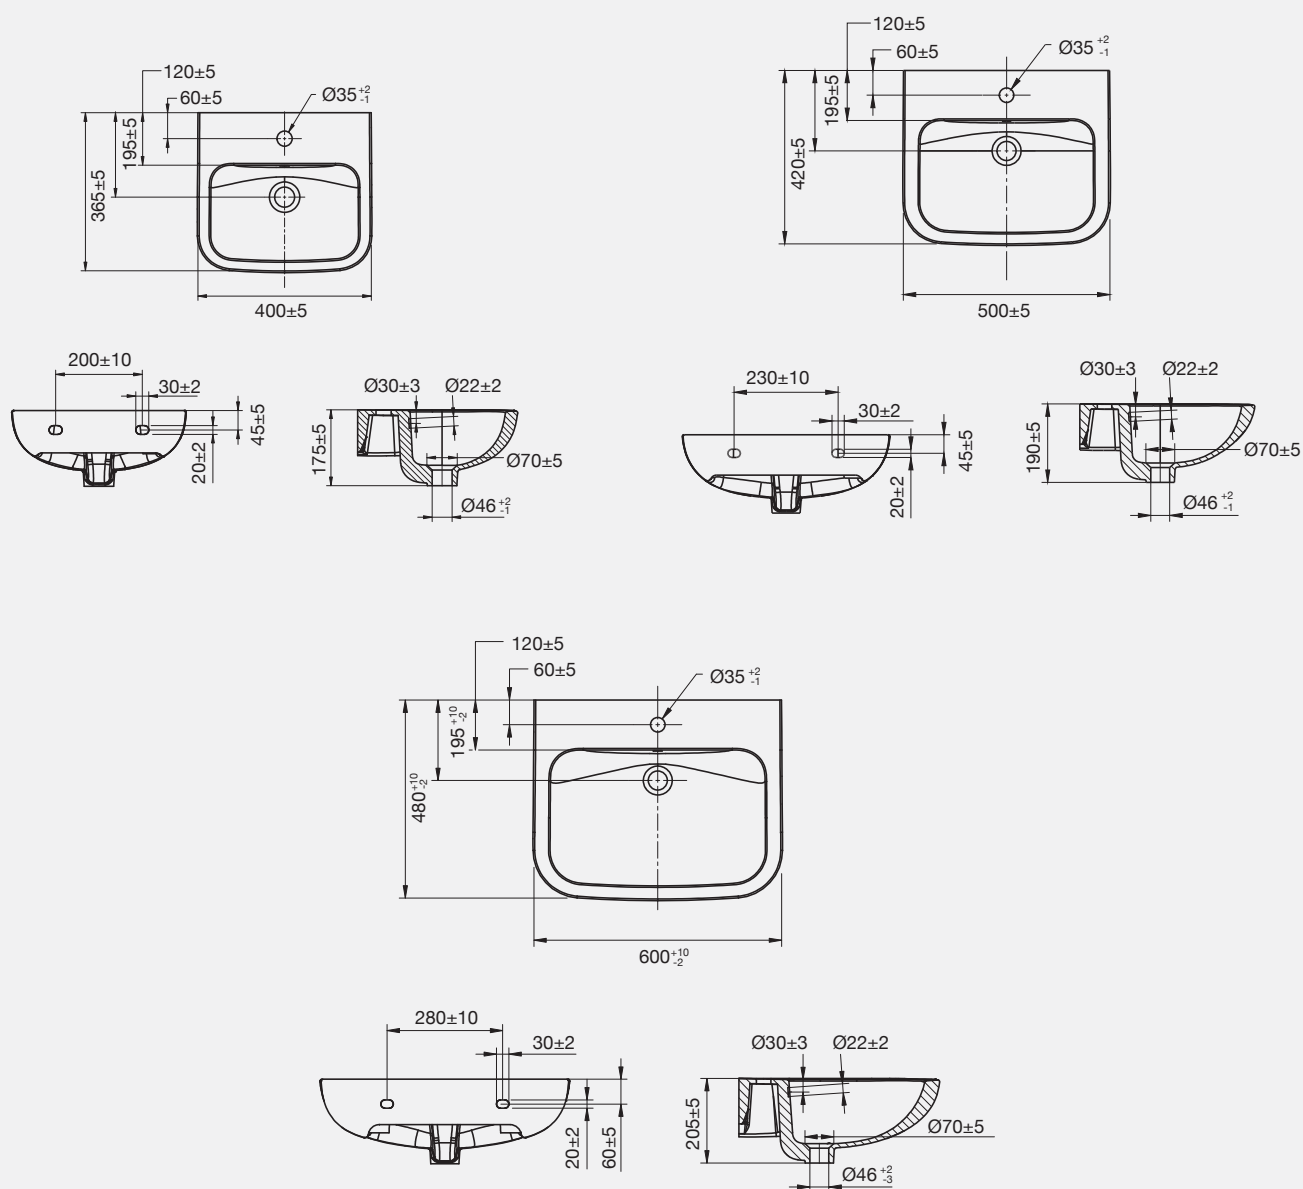

Sports and Leisure

Features and Benefits

Comfortable and practical
Large basin area
Smooth edge design
Compliance
400x365x175 size can be installed to meet NZS 4121

Technical Information

Bowl Type	Single
Bowl Configuration	Centre
Mounting	Wall Hung
Overflow Configuration	Integrated Overflow
Number of tapholes	1 (centre)
Finish	Gloss

Technical Information

Material	Vitreous China
Capacity and weight	1851594 – 4L, 10kg 1851595 – 6.5L, 14kg 1851596 – 12L, 19.5kg
Plug and Waste Size	32mm x 40mm
Warranty	5 years

Wall Basin with Right Hand Shelf

Product Code: 1851593
Wall Basin with Right Hand Shelf 560 x 395mm

Commercial Applications

Aged Care

Education

Hospital and Health Care

Industrial Facilities

Public Places

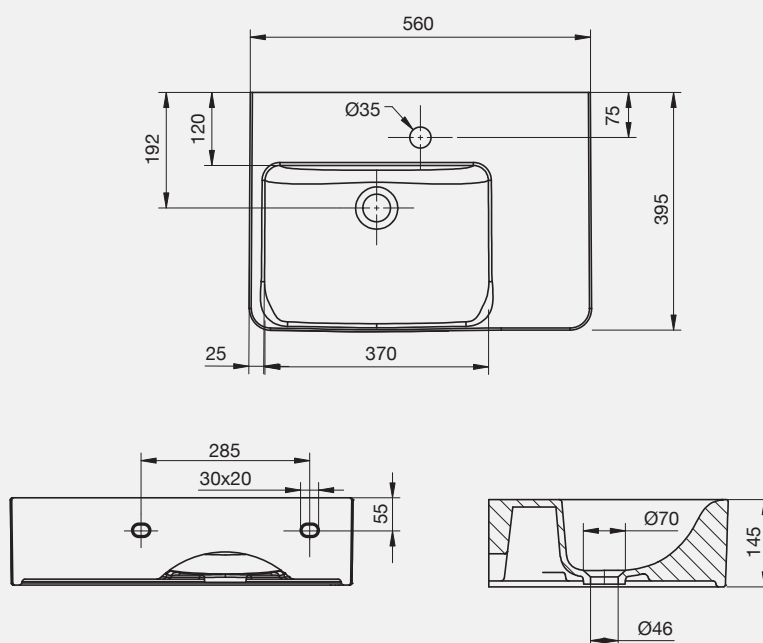

Sports and Leisure

Features and Benefits

Curved bowl design to reduce splashing
Integrated right hand shelf
Can be installed to meet requirements of AS1428.1
Offset taphole and waste with no overflow, perfect for hospital applications
Fixing kit included

Technical Information

Bowl Type	Single
Bowl Configuration	Left Hand Offset
Mounting	Wall Hung
Overflow Configuration	No Overflow
Number of tapholes	1 (Right Hand)
Finish	Gloss

Technical Information

Material	Vitreous China
Capacity and weight	8L, 17.3kg
Plug and Waste	32 x 40mm (not included)
Product Warranty	5 years commercial use

Can be installed to
meet requirement

Wall Basin with Integrated Grab Handle

Product Code: 1851597
Wall Basin with Integrated Grab Handle 600 x 555mm

Commercial Applications

Aged Care

Education

Hospital and Health Care

Industrial Facilities

Public Places

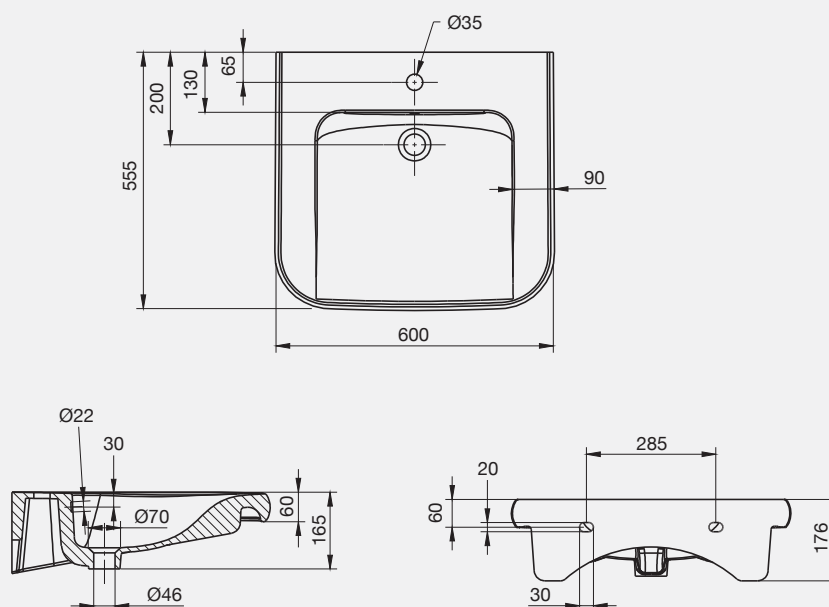

Sports and Leisure

Features and Benefits

- Smooth edge design to reduce splashing
- Innovative grab handle incorporated into the under-basin design allows users to easily and efficiently pull themselves comfortably up to the basin
- Ideal for domestic and aged care applications
- Flat front design helps to provide a seal between the patient and the basin - thus avoiding embarrassing splashes
- Ergonomically designed for comfortable arm rest and tap use
- Shallow basin depth and fully glazed underside provides comfort for seated users legs
- Fixing kit included

Technical Information

Bowl Type	Single
Bowl Configuration	Centre
Mounting	Wall Hung
Overflow Configuration	Integrated Overflow
Number of tapholes	1 (Centre)
Finish	Gloss

Technical Information

Material	Vitreous China
Capacity and weight	6L, 17kg
Plug and Waste	32 x 40mm (not included)
Product Warranty	5 years commercial use

Hand Basins

Reece Product Quality Guarantee

You have purchased a quality product from Reece Australia Pty Ltd ABN 84 004 097 090 ("Reece"). This product is covered by a 5 year replacement product warranty and a 12 month warranty over spare parts and labour.

5 Year Warranty

This warranty covers faults in the product construction, material and assembly. Products which are within 5 years from the date of purchase, found upon inspection by an authorised Reece representative, to be defective in construction, material or assembly, will be repaired or exchanged with an equivalent product free of charge. Replaced items become Reece's property.

All replacement products will be available for collection without charge to the customer at the nearest Reece branch to the customer's location, or elsewhere as agreed between the customer and Reece.

Labour and Spare Parts

The labour for the replacement of products and spare parts to which this warranty applies will be supplied by Reece or relevant supplier using licensed plumbers engaged by Reece or relevant supplier within 1 year from the date of purchase. Spare parts other than those listed in the Manufacturer's Provisions above, which are within 1 year from the date of purchase found upon inspection by an authorised Reece representative to be defective in construction, material or assembly, will be replaced free of charge.

Warranty Conditions

This warranty will apply only under all of the following conditions:

- The item has been installed by a licensed plumber
- Failure is due to a fault in the manufacture of the product
- Proof of purchase (including the date of purchase) is provided
- The installation of the product is in accordance with the instructions provided

This warranty does not cover products purchased as an ex-display without being fully checked and tested for sale by the manufacturer.

This warranty does not include faults caused by:

- Unsuitable or improper use
- Incorrect installation or installation not in accordance with the instructions provided
- Installation or part installation by the purchaser or any person other than a LICENSED PLUMBER
- Normal wear and tear
- Inadequate or complete lack of maintenance
- Chemical, electrochemical or electrical influences
- Harsh detergents or abrasive cleaners used on product finishes

Exclusions

To the fullest extent permitted by law, Reece excludes all liability for damage or injury to any person, damage to any property, and any indirect consequential or other loss or damage.

Claim Procedure

For all warranty queries customers are to contact the branch where the product was purchased. These details can be found on your purchase invoice.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Reece. Works for you.™
