

GROHE PVD

UNRIVALLED, HARD AND SCRATCH RESISTANT

GROHE uses state-of-the-art technology to deliver exceptional quality finishes. The physical vapour deposition (PVD) process ensures that the surface composition is three-times harder, delivering glistening gold or sophisticated stainless-steel finishes. As well as being harder, the surface is also ten times more scratch resistant, so it can be cherished for a lifetime.

GROHE

FREEDOM OF CHOICE

FREEDOM OF CHOICE
EXPERIENCE YOUR PERSONAL BATHROOM COLLECTION BY GROHE

GROHE Colour collection has been carefully curated to ensure our customers have a rich toolbox and most importantly the freedom to create their desired vision. When it comes to a good design strategy, the choice of colours plays a vital part. It's not only the colour, but the quality of the finish that is equally important. Especially in the bathroom and kitchen solutions, and where surfaces need to last for a long time. GROHE's aspiration to always produce only the best drove us to choose PVD technology that assures, not simply the best, most brilliant colours, but a durable finish of the highest quality of the highest quality.

HARD GRAPHITE
AN URBAN DYNAMIC STYLE

Contrast or camouflage: A perfect partner for elegant pairings with pure white or blending with tone-on-tone environments. It works well with mid-tone environments such as concrete or light wood.

BRUSHED COOL SUNRISE
AN EXQUISITE STATEMENT

Make a statement with Brushed Cool Sunrise. It evokes sophistication and classic luxury, bringing a modern yet vintage charm to life. Coordinate with dark, light or white interiors.

BRUSHED NICKEL
THE NATURAL HARMONIC STYLE

The natural feel. Use our Brushed Nickel finishes where high quality combines with organic elements to deliver clear-headed purity and natural warmth. Harmonises with stone, light concrete or marble.
