ENHANCED LIVING

**As Italy's leading tapware company,
Nobili is recognised for its bold
designs and uncompromising quality.**

Embracing the innovative attitude the country is famous for, we bring together new ideas and advanced robotic manufacturing to create bathroom solutions that combine aesthetic beauty, material excellence and eco-friendly design. Each Nobili piece is crafted as an expression of pure symmetry brought to life through advanced engineering.

Nobili is intelligent Italian design.

SUSTAINABILITY AT EVERY LEVEL

An environmentally conscious design philosophy drives Nobili's production processes. Our state-of-the-art, solar powered manufacturing site in Suno, Italy, focuses on ecologically sustainable production, reducing environmental impacts while manufacturing products capable of optimising the planet's resources. We champion green technologies, creating opportunities for consumers to save water and energy in the home.

MANUFACTURING

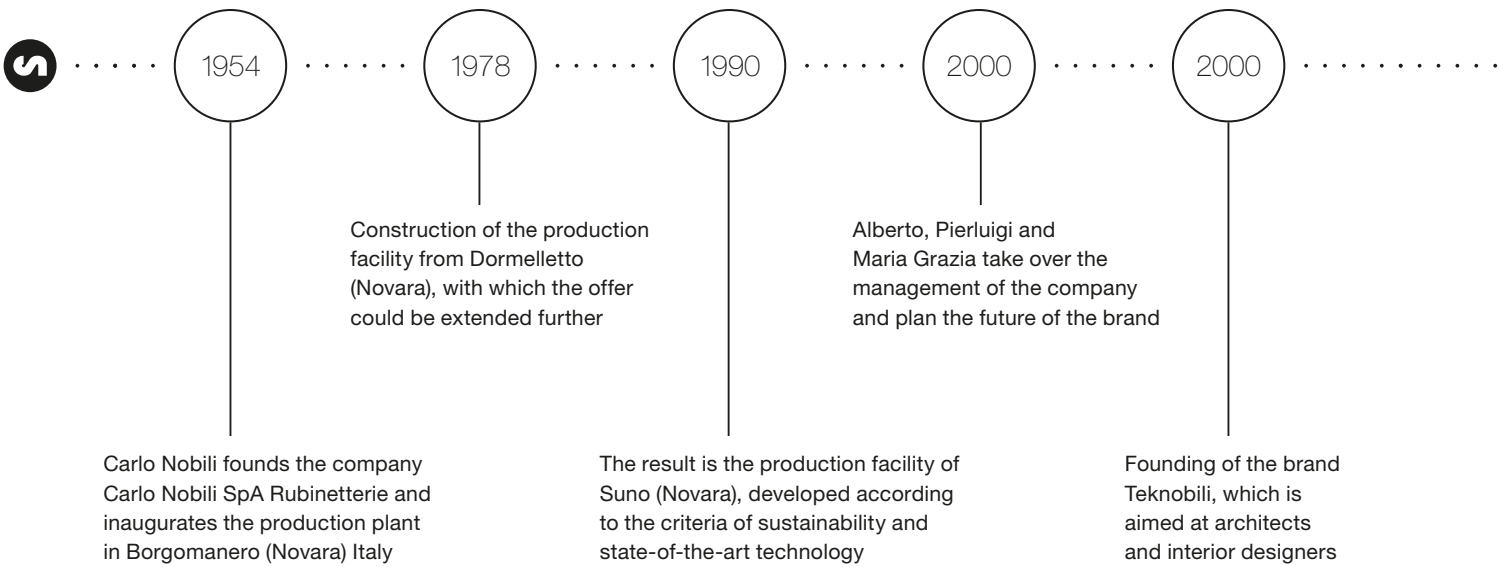

A fusion of technologies.

As one of Europe's most advanced production facilities, Nobili's Fusion Centre brings together leading technologies to produce tapware of uncompromising quality. This next generation site features one hundred thousand square metres of production area. Driven by advanced automation, it's capable of manufacturing more than two million products per year using its own clean energy source – nine thousand solar panels located on the roof.

ITALIAN HERITAGE

2005

Acquisition of the Cgs brand, which specializes in bathtub columns and shower components

2006

Acquisition of the Aquademy brand for the design of wellness areas

2009

Acquisition of the Rubinetterie Stella brand in 1882, synonymous with luxury and Italian craftsmanship

2015

The only company in Europe that with the commissioning of the Fusion Division has a full cycle in a single location

2015

Certification of the environmental management system according to UNI EN ISO 14001

THE TEAM

Piet Billekens

The designer of Plus, Piet Billekens has worked with many of Italy's most famous studios and won numerous awards in the bathroom sector. He is the founder of Foresee Design and teaches at "La Sapienza" University in Rome.

Nilo Gioacchini

The creator of OZ, Nilo Gioacchini is one of Italy's most famous designers. Over a 35 year career, he has collaborated with many of the world's biggest bathroom brands and has many international awards to his name.

Marco Venzano

The designer of Move, Marco Venzano graduated from Genoa University with a degree in Design in 2003. His creative insight produced extraordinary results with the unique Move range and has gone on to develop a number of successful ranges for Nobili.

 Clearance: 245mm
 Reach: 180mm

FLAG

The clean, sophisticated lines of Flag exude confidence and draw the eye to create visual impact in the kitchen space.

Biomaster Antibacterial Coating Technology

Biomaster is a silver ion antimicrobial powder for the control of microbial growth. The inorganic nature, small particle size and resistance to high temperatures of silver makes it ideal for the Biomaster protective surface. Biomaster is proven to inhibit the growth of bacteria by up to 99.99% and lasts the lifetime of the Sink Mixer.

Flag

Gooseneck Sink Mixer
