

KADO

Kado Aspect Rectangle Veil LED Mirror 800mm x 600mm

**Turning the mirror On and Off**

1st tap – Turns **on** both the **front light** and the **ambient back light**.

2nd tap – Turns **off** the **front light** but keeps the **ambient back light** on.

3rd tap – Turns **off** all lighting.

Changing Light Colour

Double tap the touch sensor to cycle through the available **light colours** (e.g. warm, neutral, cool).

Adjusting Brightness

Press and hold your finger on the touch sensor while the lights are on to **dim or brighten** the light.

Defogger Feature

The **defogger automatically turns on** when the mirror lights are switched on.

No extra steps needed.

Memory Function

The mirror **remembers your last settings** (brightness and light colour) and **restores them** the next time it's turned on - even if you use a wall switch.

Dimensions are nominal measurements only.

Disclaimer: Products in this specification manual must by regulation be installed by licensed and registered trade people. The manufacturer/distributor reserves the right to vary specifications or delete models from their range without prior notification. Dimensions are nominal measurements only. Dimensions and set-outs listed are correct at time of publication however the manufacturer/distributor takes no responsibility for printing errors.
