Caroma® Dolphin

Steel Shower Base

Nominal Sizes:
914mm x 914mm x 96mm

A quality designed, robust, porcelain enamel on steel shower base, with long lasting and environmentally friendly physical attributes. The three sided integrally moulded raised tiling flange offers easy installation to meet wet area requirements.

The Dolphin Shower Base is available in one size:

914mm long x 914mm wide x 96mm deep - Standard Code No.857570.

Durability: The shell is a seamless rigid steel pressing, a strong durable material that won't flex or bend so the shape is permanent with a non-porous, glass hard porcelain enamel finish which provides a hygienic, scratch and stain resistant surface.

Waste Outlet: Waste outlet is suitable for 80mm x 50mm long shower waste assembly.

Installation: The Shower Base is suitable for built-in installations. The Shower Base is self supported around its rim with a timber frame support system. *Refer to Sheet 9.14.1 for further installation information.*

Colour: White only.

Dimensions: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
