- 50mm waste & wall brackets supplied
- Left or right hand waste position
- Radius internal corners - easy cleaning
- Radius external corners - added safety
- Ideal for schools, kindergartens, factories and public amenities

about

The *BRITEX Stainless Steel PWD Wall Mounted Trough* can be used as either a drinking or wash trough. Fully welded, rounded corners both internally and externally ensure easy cleaning and provide added safety in high traffic areas. A 50mm hob in the splashback eliminates the need for rear wall penetrations and conceals all tapware connections. The PWD trough is supplied with heavy duty wall brackets and/or legs and can be supplied with tapware if required (see reverse page for tapware options).

For 'Pre-Plumbed' PWD Troughs please refer to pg 4.01: Drinking and pg 4.02: Hand Washing.

sample spec. text
