Covers**

# Henden Solar Pool Covers help you get the most out of your swimming pool

Henden Solar Pool Covers not only look great in our signature blue, but are also made to provide long-lasting durability against the fluctuating Aussie climate.

Retains Heat

---

Protects

---

Reduces Maintenance

## How does it work?

The Henden Solar Pool Cover is made from a film that contains thousands of tiny insulating air pockets, which work together to collect and retain heat in your pool. The cover floats on top of the water, with the air pockets facing down and allows sunlight to pass through. The pool water heats up by absorbing the sunlight that heats the pool cover. The water then cools the cover. Like a heat exchange, the heat of the cover is exchanged with the water, increasing the temperature of the pool and minimising the loss of heat into the air. **The more sunlight your pool gets, the faster it will heat up.**

# Henden 550 Solar Pool Cover

## What are the benefits?

### Longer lasting protection

At 0.55mm thick, the 550 micron pool cover lasts much longer than thinner pool covers. This doesn't include the height of the air pocket.

### Longer swimming season

Trap and retain the sun's heat and increase the temperature of your pool by around 6-8°C while reducing heat loss by up to 75%. This allows you to enjoy a warmer pool when it matters, like in Autumn and Spring.

### Save water

By covering your pool, you can reduce up to 95% of water evaporation. This can potentially save thousands of litres of water a month during Summer.

### Save chemicals

Maintain a balanced pool and reduce both your chemical consumption and the degrading impact of the sun's UV rays.

### Keep your pool clean

Simply and effectively reduce maintenance and keep your pool free of debris, from garden dirt to leaves and insects.

## Australian made

Henden Solar Pool Covers are 100% Australian-made, so you can be sure you're using a local, quality product.

## Environmentally friendly

**Our environmentally friendly solar pool covers are:**

- Compliant with ISO14001 environmental standards
- Contain up to 15% post-industrial recycled content
- A 100% recyclable product

## Committed to sustainability

We minimise our impact on the environment through continuous improvement, adopting strategies such as source reduction, use of recyclable and recycled materials and encouraging re-use where possible, without compromising our commitment to quality.

**Our covers are approved by:**

## Customised to suit your pool

The Henden Solar Pool Cover comes in a variety of pre-cut standard sizes to accommodate most pools.

Henden also have a custom size option. Simply measure the length and width of your pool to attain the correct size to suit your pool. Add 50mm to each measurement to accommodate for small amounts of settlement.

If your pool has particular shapes and edges, we recommend having it cut on site by a pool or landscape professional. Henden also provides a precise cutting service that can be done for most fibreglass pools.

Size	Product Code
Custom	1537840
6 x 3m	1537841
7.5 x 3.5m	1537842
8 x 4m	1537843
9 x 4.5m	1537844

## Market leading warranty

The Henden 550 Solar Pool Cover is covered by a 10 Year Pro Rata warranty. This means your pool cover is covered against manufacturer defects for a total of 10 years from the original date of purchase, with certain discounts applied every year the pool cover ages.

Years	Discount off replacement
1 to 4	100%
5 to 7	50%
8 to 10	25%

# Once I have a cover, how do I store it?

We can assist you in choosing the right option for your swimming pool area.

## Henden Mobile Pool Roller

The Henden Mobile Pool Roller is a convenient, cost effective solution in keeping your swimming pool entertaining area tidy. Plus, it's lightweight and functionally designed for one person to operate. It also comes with a protective over cover, which prevents the cover from being exposed to direct sunlight when not in use – a handy way to keep it lasting for longer.

### Features

- > Unrolls in less than a minute
- > Available in classic colours: metallic silver and black
- > Made of rust-resistant materials, including cast aluminium
- > Functional handle rolls your cover on and off the pool easily
- > Full locking system to prevent unrolling when not in use
- > Lockable caster wheels make it convenient and safe to move the cover around the pool area
- > Includes a smart clamp system and straps to adjust and fasten your cover to the pool roller
- > Comes in a variety of sizes to accommodate most pools

Size	Product Code	
	Silver	Black
3.9m	1537851	1537852
4.9m	1537853	1537854

## It's worthwhile knowing...

Pool covers are not safety covers. They are not designed to support the weight of a person or pet.

Remove the pool cover completely before using the pool and never swim whilst the pool cover is even partially on the pool. Always remove the pool cover when super chlorinating. Pool covers need to be removed every 10 days for 24 hours to avoid over chlorination. For more details, please contact your pool builder or pool manufacturer.

## Henden In-Ground Cover Box

The Henden In-Ground Cover Box is an innovative solution that neatly stores your pool cover beneath the ground. Made with strong, quality components, the Henden In-Ground Cover Box provides safe, compact storage for your pool cover, protecting it from UV rays and harsh weather. Plus, it's functionally designed for one person operation.

### Features

- > **Anodised aluminium lid that sits flush to decking or paving**
- > **Built in winder handle that is safely stored inside the box for easy access**
- > **Durable internal mechanisms prevent rust or corrosion**
- > **Sealed bearings prevent sand, water or debris from entering the unit**
- > **Comes in a variety of sizes to accommodate any shaped pool**

Size	Product Code
3m	1537845
3.5m	1537846
4m	1537847
4.5m	1537848
5m	1537849
5.5m	1537850

The Henden In-Ground Cover Box is made to order and delivered directly to site only. We recommend that this product be installed by a pool or landscape professional.
