MODEL #19575005

Pure Freude
an Wasser

Product Specifications

Product Description:

Concetto
Two-Hole Bath Mixer Trimset

S-Size
Wall Mounted
Concealed Inwall Body for final installation 32 635 000
Without Concealed Body
Metal Escutcheon
Metal Lever

GROHE StarLight® chrome finish
GROHE AquaGuide Adjustable Mousseur (Aerator)

Center distance 110 mm
Projection 147 mm

Installation instructions

Installation Instructions

Flush piping system prior and after installation of fitting thoroughly!

This product must be installed in conformance with local codes e.g. AS/NZS 3500 series of standard!

Installation and connection, see Figs [1] to [9]. Refer to the dimensional drawing above. For installation with 32 635 000 concealed in-wall body. **PLEASE NOTE** – Face of noggins need to be positioned a minimum of 43mm & a maximum of 73mm from where the finished wall surface will end up.

Shut off hot and cold water supply.

- I. Install escutcheon and lever, see Figs. [3], [4] and [5].
 1. Attach cap (A), see Fig. [3].
 2. Grease seal (B1) and push on escutcheon (B), see Fig. [4].
 3. Attach insulating insert (C) and secure with screw (D), see Fig. [5].
 4. Attach lever (E), screw in set screw (F) using an 3mm allen key and insert plug (G), see Fig. [5].
 If the escutcheon will not slide far enough onto the cap, you must additionally install an extension (see replacement parts fold-out page I, Prod. no.: 46 627 = 25mm).
- II. Install spout, see Figs. [6] and [7].

1. Determine dimension "Y" from the leading edge of built-in fitting housing to face of tiles, see Fig. [6].
 2. Cut connection nipple (H) so that the installation dimension is "Y" + 22mm.
 3. Using an 12mm allen key, screw connection nipple (H) into the built-in fitting housing until the installation dimension is 10mm. Tighten spout (I) from below using an 2,5mm allen key, see Fig. [7].
- Open hot and cold water supply and check connections for watertightness!
Check fitting for correct operation, see Fig. [8].

Note:

When installing concealed mixer body, please note it must be mounted onto timber or solid walls using appropriate reinforcement to ensure sufficient strength.

Open cold and hot water supply and check connections for leakage!

Care

For directions on the care of this fitting, please refer to the accompanying care instructions.
