

REFSCALE

Item Number 4688292

The electronic charging scale REFSCALE can easily be connected to the REFMATE and/or REFMESH. It consists of two solid aluminum plates on which large refrigerant cylinders can be safely placed thanks to the octagonal shape. The highly sensitive measuring cell indicates the exact weight even with asymmetrically positioned cylinders. Set the required function via the REFMESH™ App. In addition, an adapter (10612-REF) for small refrigerant cans can be mounted on the thread, which makes handling easier.

- Weight/capacity up to 110 kg
- Connects wireless with REFMATE™ and/or REFMESH™
- High accuracy and automatic resolution
- Programmable alarm
- Can be calibrated in the field with reference weights
- Indicates refrigerant tank capacity
- Measures weight in kg, lb and oz
- Flexible power supply with battery or via USB

Technical Data

Material	Aluminium
Colour	yellow green
Standards	EN 61326 EN 62479 EN 301 489-1 FCC CE
RoHS Conformity	Yes
Temperature Range	-10 - 40 °C
Measuring Range	0 - 110 kg
Ingression Protection	IP42

Units	kg, lbs & oz
Resolution	2 g, 0.005 lbs, 0.1 oz
Battery	4 x AAA
Operating Hours	30 h
Functions	Connection to REF MESH, Connection to REF MATE, Hold mode (for bottle change), Programmable alarm, Tank capacity mode, Calibration, Battery level, Over-range indication, Thread to mount 10612-REF
Cable Length	150 cm
Scope of Supply	Control box Batteries Pouch Instruction manual
Packaging	Cardboard box
Accuracy	+/- 0.05%

Accessories

4681823	REF-METER- OCTA-PLUS	Solenoid valve for OCTA scales
4677027	10612-REF	Charging adapter for REF CO scales for refrigerant cans
4682773	10612-REF- 1/4"SAE	Support device for liquid filling and charging of refrigeration cans
