#### **Important Note**

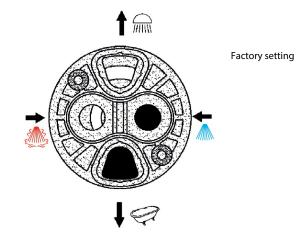

Mixer must be installed to the requirements of AS/NZS 3500 by a qualified plumber. Your mixer comes to you already factory assembled and tested. We do not recommend the dismantling of any internal part of the mixer. The mixers are factory tested and sealed so as to give the best performance.

### **INSTALLATION INSTRUCTIONS**

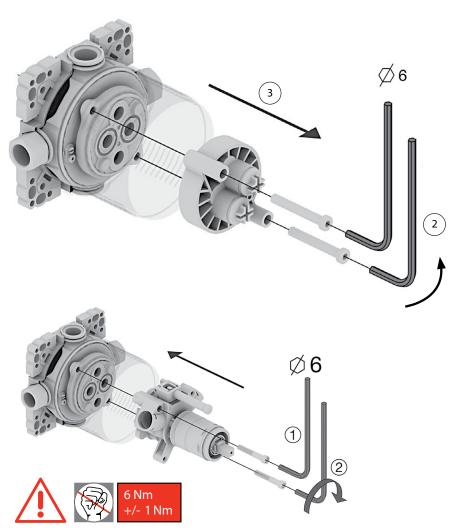

Input/Output inverters

Tighten the 2 screws parallel (1 turn each side) Check before installation that all seals are available and at the right place

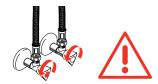

Examples of how to fit the decorative elements

Before installing the decor, open the valves and check for water tightness

Only for Simibox Light without stop valves
