

Cabinet Coolers

Arlan Cabinet Coolers Features

- Suitable for all the common HFC and HCFC refrigerants including R404A, R134a & R448A/R452A
- Corrosion protected blue fin coil coating
- Extended copper tails with clear labeling
- Simple switch electronic configuration
- Cleanable hygienic white ABS cover
- Pre-wired, balanced fan / fan motor.

AR Series – Medium Temperature

R404A and R134a ratings based on -4°C SST for medium temperature models.
R448A and R452A data based on mid point calculations.
